Institutional SAT

Students may wish to take the SAT at Gordon State College. The test is offered all year and may be used for traditional freshman, Accel or Move On When Ready admission. Test scores are only good for Gordon State College and will not be sent to other colleges. Students will only take the Critical Reading and Math portions of the SAT. Testing dates and information may be found online at http://www2.gordonstate.edu/testingcenter.

COMPASS – Placement Testing

The college placement exam, COMPASS, is a computerized placement exam that tests Reading, Writing, and Math skills. The verbal section of COMPASS tests reading and writing skills and is required for students with a Required High School Curriculum deficiency in English and for students scoring below 430 on the verbal section of the SAT or below 17 on the English section of the ACT.

The mathematics section of COMPASS tests algebra skills and is required for students with a college preparatory, tech/prep or Required High School Curriculum deficiency in mathematics and for students scoring below 430 on the mathematics section of the SAT or below 18 on the mathematics section of the ACT. Calculators, provided by the college, may be used on the mathematics section of COMPASS.

Performance on the COMPASS determines placement into Learning Support and college-credit classes. See page 53 for more information.

The COMPASS exam is not timed. It is offered throughout the week in the Gordon State Testing Center (Student Center 234) at no cost to Gordon State applicants. For more information, including the COMPASS testing schedule, please call the Testing Center Coordinator at (678) 359-5139 or check the Testing Center website at http://www2.gordonstate.edu/testingcenter. A re-testing fee of $20 does apply.

Students who do not test out of at least one area of learning support will not be eligible for admission to Gordon State College.
In addition to testing out of one area of Learning Support, students required to take the COMPASS test must make the following minimums in each area:

- **Reading** – 62
- **English** – 32
- **Math** – 20

**Applicant Types**

Candidates seeking admission to the College are required to submit certain documents and/or information to the Office of Admissions before a final admissions decision can be made. The specific documents and/or information required by the College depend on the category of application being submitted. Presently, the College accepts applications for admission in the following categories: (1) beginning freshmen, (2) GED students, (3) home school students, (4) transfer students, (5) transient students, (6) auditors, (7) post-baccalaureate students, (8) non-degree students, (9) Accel students, (10) Move On When Ready students, (11) non-traditional students, (12) international students and (13) former students seeking re-admission.

The documents and/or information required for each of these application categories are specified below.

Students who graduate from high school before May 2012 are evaluated on the basis of high school grade point average and evaluation of college preparatory curriculum (CPC) or Technical/Career Preparatory Program (TC or Tech/Prep) completion. Students who graduate from high school May 2012 and after will use the Required High School Curriculum (RHSC). For specific test score standards, or other requirements, call the Office of Admissions or refer to the Gordon State College website [www.gordonstate.edu](http://www.gordonstate.edu).

**(1) Beginning Freshmen**

Applicants are considered the *beginning (traditional) freshmen category* if they (1) have graduated from high school within five years of the beginning of the semester for which admission is sought and (2) have never enrolled in college (Gordon or any other college).
Beginning freshmen are required to submit the following documents/information to the Office of Admissions before a final admissions decision can be made:

1. Application for admission,
2. $30 application fee,
3. Official final high school transcript showing the date of graduation and type of diploma received,
4. Immunization record(s),
5. SAT or ACT scores are required,
6. COMPASS Placement Exam may be required.

Acceptance Consideration

It is a common practice for high school seniors to apply to Gordon State College seeking acceptance prior to high school graduation. This acceptance is contingent upon receipt of satisfactory final high school transcript. This usually occurs the second semester (January – March) of the senior year. An official current high school transcript along with the other required documents listed above are submitted for review. Once received, an admissions officer will conduct a preliminary evaluation of the current high school transcript, and initial acceptance to the College may be granted. However, final acceptance to the college will only be granted after a review of the official final high school transcript including graduation requirement completion.

Upon final acceptance to Gordon State College, all students are required to attend a New Student Orientation prior to registration for classes. Refer to the Gordon State College website, www.gordonstate.edu for more information about the New Student Orientation (NSO) schedule.

Addressing University System of Georgia College-Preparatory Curriculum (CPC) and Technology/Career Preparatory Program (Tech/Prep) policies as they pertain to Beginning Freshmen at Gordon State College for students who graduate from high school prior to May 2012:

In 2012, the University System of Georgia changed the format for college preparatory requirements for high schools. For students graduating from high school prior to May 2012 the College-Preparatory Curriculum (CPC) and Technology/Career Preparatory Program (Tech/Prep) policies are used
to determine curriculum completion and deficiency. For students graduating from high school May 2012 or later, the Required High School Curriculum (RHSC) policies are used to determine curriculum completion and deficiency.

**Addressing University System of Georgia Required High School Curriculum (RHSC) policies as they pertain to Beginning Freshmen at Gordon State College who graduate from high school May 2012 or later:**

Academic grade point average is based on grades received only for the five (5) academic or core areas of Language Arts, Foreign Language, Mathematics, Science and Social Science. Completion of the 17-unit required high school curriculum will be required for students in programs leading to a baccalaureate degree.

The University System of Georgia’s RHSC requirements apply to all students described in the categories listed below who enroll in any Associate Degree transfer program that leads to the baccalaureate degree:

1. Students graduating from Georgia or out-of-state public or private high schools within five (5) years of the beginning of the semester for which admission is sought. RHSC requirements do not apply to students who graduated from a high school located outside of the jurisdiction of the United States educational system.

2. Students who passed the GED exam in lieu of high school graduation if their graduating class at the high school would have graduated within five (5) years of the beginning of the semester for which admission is sought. The GED exam does not indicate fulfillment of Required High School Curriculum requirements.

3. Students enrolled in career associate degree programs are exempted from RHSC requirements. However, students in these programs who transfer into programs leading to the baccalaureate degree will be required to meet RHSC requirements if they have not earned a career associate degree before enrolling in the baccalaureate program.
See the separate listings below for required units/courses to be taken in high school to complete the Required High School Curriculum (RHSC):

Frequently Asked Questions

Can ESOL (English as a Second Language) classes be counted towards fulfilling the required RHSC English requirement?

If the high school identifies the ESOL course(s) as College Prep English, the course(s) can be used to satisfy part or the entire English RHSC requirement. Verification will be made by Gordon State College with the high school before a final decision is made.

Why are RHSC requirements so important, and how can any RHSC deficiencies be made up at Gordon State College?

The 17 minimum RHSC requirements compose the traditional freshman student’s GPA. The University System policy is very specific as to how RHSC deficiencies are decided. Applicants who have not completed the Required High School Curriculum will be required to take college-level course work to satisfy deficiencies in their high school work. Although courses used to satisfy these RHSC deficiencies do not apply toward graduation, the grades earned in these courses are computed in the semester and cumulative grade point average. A grade of C or higher must be earned in courses used to satisfy deficiencies. Specifically, as it pertains to the 17 RHSC requirements, deficiencies are addressed as follows:

English

Student must take the verbal section of the COMPASS placement exam, which is free and untimed. The verbal section includes English and Reading. A student scoring below 78 on the Reading segment must enroll in and successfully exit Learning Support Reading, while a student scoring below 65 on the English segment must enroll in and successfully exit Learning Support English (writing) in order to make up any RHSC English deficiency, regardless of SAT or ACT scores.

Effective fall 2014, Learning Support reading and English requirements will be satisfied through enrollment in Learning Support English program courses.

Foreign Language

Student must complete one (1) foreign language course with a grade of C or higher to make up an RHSC deficiency.
Mathematics

Student must take the mathematics section of the COMPASS placement exam, which is free and untimed. The mathematics section includes basic algebraic problems. A student who scores below 42 on the mathematics exam must enroll in and successfully exit Learning Support Mathematics in order to make up any RHSC mathematics deficiency, regardless of SAT or ACT scores.

Science

Student must complete one (1) laboratory science course listed in Area D of the Gordon State College Academic Catalog with a grade of C or higher.

Social Science

Student must complete one (1) course listed in Area E of the Gordon State College Academic Catalog with a grade of C or higher.

How does having an RHSC deficiency impact a student’s class registration?

Any Gordon State College student who has a confirmed RHSC deficiency upon final acceptance to the college must register for courses that satisfy RHSC deficiencies during the first and each subsequent semester of enrollment until all deficiencies are satisfied. Students who earn 20 hours of college-level credit and have not satisfied all RHSC deficiencies may not register for other courses (except required Learning Support courses) unless they also register for the appropriate deficiency course(s) as applicable. Every Gordon State College student is assigned an academic advisor who assists the student in setting up a class schedule that fulfills completion of RHSC deficiencies. The advisor will be assigned at the beginning of the school term.

For more information about the COMPASS exam, please call the Testing Center at 678-359-5138.

(2) GED Students

Applicants are considered GED students if they have passed the GED exam in lieu of high school graduation and if their high school class would have graduated within five years of the beginning of the semester for which admission is sought. A minimum score of 2250 is required for admittance. A student receiving a GED cannot be admitted to the College to any term
before his or her high school class’s date of graduation. GED applicants are required to submit the following documents and/or information to the Office of Admissions before a final admissions decision can be made:

1. Application for admission - $30 fee
2. Official GED Scores,
3. Immunization Record(s),
4. COMPASS Scores, and
5. Official Transcripts showing all work completed in High School.

**I have a GED. Do I need to submit an official high school transcript?**

Submission of an official, high school transcript will permit the Admissions Office to provide the student with credit for any coursework completed in high school.

(3) **Home-Schooled Applicants**

As of 2001, the Board of Regent’s policy regarding home-schooled applicants is as follows:

“To enhance access into the University System, home-schooled students or students graduating from non-accredited high schools now will be able to submit their SAT I test total score (math and verbal) and a portfolio of work demonstrating coverage of the CPC or RHSC subjects. To determine eligibility for admission, admission representatives will assess whether the student’s SAT score is at or above the previous year’s fall semester SAT average score of the first-time freshmen admitted to that institution. The student’s portfolio will be assessed to determine whether or not the applicant has completed the equivalent of each area of the CPC (College Preparatory Curriculum) or RHSC (Required High School Curriculum). The University System of Georgia added an option for home-schooled students by providing University System institutions with additional flexibility in assessing the academic qualifications and potential of prospective students. These steps will help us expand access and move forward in creating a more educated Georgia.”

**Fall Semester 2010 SAT I average CR + M for traditional beginning freshman: 1017**

In addition, the Board of Regents has established five paths to admission for a home-schooled student. They are:

1. Diploma from a regionally accredited home study program or Center of theAccrediting Commission for Independent Study (ACIS),
2. SAT scores in top 5% of national college-bound seniors,

3. GED test,

4. SAT II Subject Tests, and

5. Portfolio Assessment.

University System of Georgia currently recognizes the following agencies of accreditation:

- Regionally Accrediting Agencies
- Georgia Accrediting Commission
- Georgia Private School Accrediting Council
- Accrediting Commission for Independent Study
- Public school regulated by a school system and State Department of Education

The University System of Georgia is dedicated to providing access to college to the students of Georgia and offers its support to the students of school systems in jeopardy of losing SACS accreditation. Admission to any University System of Georgia college or university will not be negatively impacted should SACS determine that the accreditation of a school system must be revoked.

Students graduating from a high school regulated by a school system and state department of education, meeting all other Board of Regents and institutional admission requirements, including the 16 units required of the College Preparatory Curriculum (for those graduating prior to 2012) or the 17 units required for the Required High School Curriculum (for those graduating 2012 or later), will continue to be considered for admission in the same manner as students from SACS accredited schools in the state.

**SAT II Subject Tests as equivalent validation of College Preparatory Curriculum or Required High School Curriculum Completion:**

Mathematics: 500 SAT II IC or 570 SAT II Math IIC

English: 520 SAT II English Writing test and 530 on SAT II Literature test

Science: 520 on SAT II Biology test and 540 on SAT Chemistry test or 590 on SAT II Physics test

Social Science: 560 on SAT II American History and Social Studies test and 540 on SAT II World History.
To show equivalence with two years of high school study of a single foreign language, students will be required to demonstrate proficiency in both oral and written components.

**The GED Track for Home-Schooled Applicants:**

Applicants who graduated from a non-accredited home-school within the past five years fall into the traditional beginning freshman category and may also present the GED exam score sheet as an alternate means of entrance into a two-year unit of the University System. The minimum passing score for the GED, under current University System of Georgia policy, is a 2250. Home-school applicants who present GED scores will be required to take the COMPASS placement exam. The GED applicant who enters the college under the traditional freshman category must complete the 16 CPC or 17 RHSC requirements that all traditional beginning freshman applicants are required to provide. In many cases, the applicant successfully exits out of Learning Support English (writing), Reading, and Math, thereby making up 8 CPC deficiencies automatically. However, those applicants who do not test out of learning support classes must take extra courses that make-up/validate the 16 CPC or 17 RHSC requirements, and those make-up courses do not count toward degree requirements, thereby extending the time frame for completion of the two-year degree.

**Portfolio Assessment for Home-Schooled Students**

Student portfolios may be submitted to demonstrate completion of each area of the CPC (College Preparatory Curriculum) or RHSC (Required High School Curriculum). Portfolios may not be required for home-school students graduating from a nationally accredited agency. These portfolios should include the following information for each course taken.

- Course descriptions (usually provided by the publisher)
- List of assignments
- Work samples and grades
- List of educational resources (textbooks and other materials)

**Transfer Students**

Applicants are considered transfer students if they have enrolled in at least one other college or university prior to applying to Gordon State College irrespective of the college credit received. Transfer students must submit the following documents/information before a final admissions decision can be made:

1. Application for Admission - $30 fee,
2. Final, Official Transcripts from all Colleges and Technical Schools/Colleges Attended,
3. Immunization Record(s), and
4. High School Transcript.

Although item (4) is required only for applicants with fewer than 30 transferable credit hours, all applicants are strongly encouraged to submit a high school transcript with their initial application. Submitting these documents with the initial application will reduce the potential for a delay in the acceptance/registration process.

Failure to list and submit an official transcript from any institution previously attended subjects the applicant to strict disciplinary action, including expulsion.

To qualify for admission to Gordon State College, a transfer student with 30 or more transferable credit hours must be eligible to return to the most recent college or university attended or have approval from the Gordon State College Admissions Committee. Applicants with fewer than 30 transferable credit hours from other institutions are required to meet the admissions requirements of beginning freshmen.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

Limitations on Transfer Credit

Students seeking to transfer course work to Gordon State College must be aware that the transfer of credit is subject to the limitations listed below:

1. Gordon State College awards transfer credit for all degree level course work earned through any college or university accredited by a regional accrediting association. In addition Gordon State College reserves the right to accept or refuse on a case by case basis transfer credit for any degree level course work earned through a non-regionally accredited institution.
2. Courses transferred from technical colleges in Georgia, accredited by the Commission on Colleges of the Southern Association of College and Schools (COC) may be viewed at: http://www.gordonstate.edu/admissions/typesofstudents/transfer.asp.
3. Courses in which a grade of D was earned will be transferred only if non-transfer Gordon State College students are allowed to use a grade of D toward degree credit for that course.
4. No more than 42 semester hours of combined transfer credit from all sources will be accepted toward an Associate Degree.
5. Credit is not awarded for passing the General Education Development Test (GED).
6. If approved by the Admissions Committee, students transferring to Gordon State College after having been suspended, dismissed, expelled, excluded or placed on probation by their former institution shall enter on academic probation and shall be subject to Gordon State College's academic standards.
7. Students transferring to Gordon State College from other University System schools will be required to complete all Learning Support areas that they have not exited. Transferring to Gordon will not relieve students from Learning Support requirements placed on them by another University System institution.
8. Transfer students completing high school within five years of the beginning of the semester for which admission is sought will be required to complete College Preparatory Curriculum (CPC) or Required High School Curriculum (RHSC) requirements not satisfied in high school or at the previous institution. Transferring to Gordon State will not relieve students from CPC or RHSC requirements. (See page 17 for additional information regarding College Preparatory Curriculum and Required High School Curriculum.)

(5) Transient Students

Applicants are considered transient students if they are currently enrolled in another college or university and wish to take courses temporarily at Gordon State College. Transient students typically attend Gordon State for one semester, take courses prescribed by their home institution, and then return to their home institution. Transient students must submit the following documents before a final admissions decision can be made:

1. Application for Admission - $30 fee,
2. Letter of Transient Permission, and
3. Immunization Record(s).

Item (2) must clearly indicate the applicant’s current academic status, the matriculation term of their home institution, and the course(s) the applicant is approved to take at Gordon State College. The Dean or Registrar of the applicant’s home institution typically furnishes the Letter of Transient Permission.

The student, in accordance with established College policies, may request transcripts of course work attempted at Gordon State College. Transcripts will not be automatically forwarded to the student’s home institution.
For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

(6) Auditors

Auditors are in an applicant category specifically designed for students who wish to enroll in a course or courses at Gordon State College but not receive any college credit toward degree requirements for the work attempted. An applicant wishing to apply as an auditor must submit the following required documents/information before a final admissions decision can be made:

1. Application for Admission - $30 fee,
2. Official High School transcript and/or official college transcript or
3. Official GED score sheet, and
4. Immunization Record(s).

Students enrolled as auditors must pay all regular fees for enrollment. Students may not transfer from audit to credit-seeking status without satisfying the admissions requirements for credit status as either a beginning freshman or transfer student. Students who receive an audit grade may not convert it to a credit grade, and vice versa.

(7) Post-Baccalaureate Students

Applicants are considered post-baccalaureate students if they have received a baccalaureate degree from a regionally accredited institution and wish to enroll in undergraduate courses and receive college credit. There is no limit on the amount of undergraduate credit post-baccalaureate students can earn. Post-baccalaureate students must submit the following documents/information before a final admissions decision can be made:

1. Application for Admission - $30 fee,
2. Official Transcript from the Institution which Awarded the Highest Degree, and
3. Immunization Record(s).

Post-baccalaureate students will be admitted as non-degree students without a limitation on the number of credit hours they can earn. Post-baccalaureate students who decide to pursue a degree at Gordon State College must satisfy the admissions requirements for transfer students. For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.
(8) Non-Degree Students

Applicants without a baccalaureate degree may enroll as non-degree students for a maximum of ten (10) semester credit hours (including institutional credit).

Non-degree students may not enroll in any course for which there is a Learning Support prerequisite unless they have been screened for and exempted the relevant Learning Support course. Applicants seeking admission as non-degree students must submit the following documents before a final admissions decision can be made:

1. Application for Admission - $30 fee,
2. Immunization Record(s), and
3. Official High School and/or College Transcripts.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

(9) Gordon State College Accel Program for High School Students

In accordance with the Board of Regents Academic Affairs handbook, section 3.01 (c)(6), the University System of Georgia recognizes the need to provide academically talented high school students with opportunities for acceleration of their formal academic programs. This recognition has led to the development of two organized programs: (1) a joint enrollment program in which the student, while continuing his/her enrollment in high school as a junior or senior, enrolls in courses for college credit; and (2) an early admission program in which the student enrolls as a full-time college student following completion of the junior year in high school. The minimum admission standards for both the joint enrollment and early admission programs have been developed to allow certain advanced students to receive both high school and college credit for some courses.

All mandatory fees, with the exception of the technology fee ($52), are waived for Accel students. Additionally, if an Accel student is taking a science course with a laboratory component, the student will be responsible for a $30 lab fee.

Admission Standards

1. Minimum SAT I score of 970, combined Verbal and Mathematics sections, or ACT Composite of 20. In order to earn dual credit for
Senior English, Math, and/or final high school unit of Social Studies, the minimum SAT score is a 430 Verbal; 430 Math or the ACT test score equivalent.
2. Minimum cumulative high school grade point average of 3.00 or higher in courses taken from the required 17 RHSC (Required High School Curriculum) units.
3. Exemption of all LS (Learning Support) requirements for early admission.
4. Written consent of parent or guardian (if the student is a minor).
5. Completion of the University System of Georgia RHSC requirements with the following exceptions:

Students with SAT I Verbal scores of at least 430 Verbal or ACT English scores of 17 who have not completed the final unit of high school English and/or social studies may be permitted to fulfill these high school requirements with the appropriate college courses taken through the joint enrollment or early admissions program.

Students with SAT I Mathematics scores of at least 430 or ACT Mathematics scores of at least 18 who have not completed the final unit of mathematics may be permitted to fulfill those high school requirements with the appropriate college courses taken through the joint enrollment or early admissions program.

Students should be aware that, while College Algebra or Statistics may be taken through Accel, these courses will not apply toward a college degree in science, engineering, computer science, and many other fields. Advanced algebra/trig taken in high school should provide better preparation for majors requiring calculus and should be taken no later than the 11th grade.

With the exception of the final units of high school English, social studies, science and/or mathematics taken by students with qualifying SAT or ACT scores, a college course may not be used to fulfill the University System of Georgia’s RHSC requirements. Students who have not completed the 14 RHSC requirements beyond these three exceptions may be admitted through the joint enrollment program if they are enrolled in the necessary high school courses and are scheduled to complete the requirements by the end of the senior year.

Documentation required for the Accel Program includes:
1. Application to Gordon State College ($30 application fee),
2. Official high school transcript with a College Preparatory GPA of 3.00 or higher,
3. SAT or ACT scores as specified above,
4. Completed online Accel application at www.gacollege411.org,
5. Completed Certificate of Immunization.

Confidentiality of Records and Rights of Individual Privacy

Notification of Student Rights Under FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access.

   A student should submit to the Registrar, Department Head or School Dean, a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. FERPA authorizes disclosure without the student’s consent in the following cases:

- Directory Information which includes a student’s name, address, telephone number, e-mail address, date and place of birth, photograph, dates of attendance, full/part-time enrollment status, major field of study, degrees, awards and honors received, previous institutions attended, participation in athletic and student activities, and height and weight of members of athletic teams. Students have the right to prohibit the release of their own directory information by advising the Registrar’s Office in writing.

- To school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Gordon State College Foundation; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.

- Upon request, to officials of another school in which a student seeks or intends to enroll.
• To comply with a judicial order or lawfully issued subpoena.

• To provide results of disciplinary proceedings to an alleged victim of a crime of violence.

• To provide information from Gordon State College Department of Public Safety records.

• In the case of a health or safety emergency.

• To parents of dependent students as defined in Section 152 of the Internal Revenue Code of 1986. For purposes of compliance with FERPA, Gordon State College considers all students to be independent students unless otherwise indicated with appropriate documentation.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Gordon State College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC  20202-5901

**Exception for Disclosures:** The school at its discretion may notify parents of a student under 21 if the institution has determined that the student violated its alcohol or drug policies.

**DSST (Dantes Testing Program)**

Gordon State College participates in the University System of Georgia Soldiers to Scholars Program (S2S). As part of our efforts to be military friendly, we give credit for testing that occurs under the DSST program (also known as DANTES tests) using the scores recommended by the American Council of Education.

Information concerning the DSST tests and the corresponding Gordon State College credit can be found at [http://www.gordonstate.edu/departments/registrar/dantes.asp](http://www.gordonstate.edu/departments/registrar/dantes.asp).
International Baccalaureate Diplomas and Certificates

Students who have participated in International Baccalaureate Programs in their high schools are welcomed at Gordon State College. In many circumstances, the college is able to award college credit for exemplary performance in IB courses.

If the student did not earn an International Baccalaureate Diploma but did earn a certificate in one or more higher level International Baccalaureate (IB) courses with a score of 4 or better, course credit is awarded by the academic divisions when it is judged that the IB course is equivalent to a course at Gordon State.

If the student completed the International Baccalaureate Diploma, the college will examine test results from both standard IB courses and higher level IB courses in all disciplines and award credit according to the following schedule.

<table>
<thead>
<tr>
<th>Score</th>

Students who have completed International Baccalaureate diplomas and/or certificates should provide evidence to the Admissions Office of their success in their courses. The Admissions Office will then consult with academic officers and award credit as described above. **There will be a maximum of 24 semester hours credit given on the basis of work completed in International Baccalaureate Programs.** Students cannot earn credit for the same course on the basis of AP testing and IB course credit.

**Readmission of Former Students**

Students who have not attended Gordon State College for one or more semesters (exclusive of Summer Semester) must file an application for readmission with the Registrar’s Office at least fifteen (15) business days prior to the beginning of the semester for which readmission is sought. Students applying for readmission who have attended other colleges and/or universities since their most recent enrollment at Gordon State must submit an official transcript from each college or university attended to the Registrar’s Office before a readmission decision can be made. Applications for readmission are available in the Registrar’s Office, and at [http://www.gordonstate.edu/forms/registrar/app_readmission.pdf](http://www.gordonstate.edu/forms/registrar/app_readmission.pdf).

To qualify for readmission to Gordon State College, a former student must be eligible to return to the most recent college or university attended, or
have approval from the Gordon State College Admissions Committee. If approved by the Admissions Committee, students readmitted to Gordon State College after having been placed on academic suspension, or probation by their former institution shall enter on academic probation and shall be subject to Gordon State College’s academic standards.

A former student with one or more Learning Support requirements must make the following minimum scores on the COMPASS tests to qualify for readmission:

- **English**: 32
- **Reading**: 62
- **Math**: 20

In addition, a student must test out of at least one area. Exit scores are as follows:

- **English**: 65
- **Reading**: 78
- **Math**: 42

A student who does not make minimum scores in all 3 areas and who does not exit from at least one area will not be readmitted.

Each University System institution shall verify the lawful presence in the United States of every successfully readmitted person applying for resident tuition status. Students who submit FAFSA’s will be verified electronically. Students who do not submit FAFSA’s will be required to submit additional documentation (driver’s license, birth certificate, passport, etc.) to the Registrar’s Office.

If a student is accepted for readmission and does not enroll the semester for which he or she applied and was readmitted, the student must update his or her readmission file by completing a new Application for Readmission and submitting the necessary documents. Additional information may also be required. Readmission for one term does not guarantee readmission for any subsequent term.

For more information or to request an application for readmission, contact the Registrar’s Office.
Request for Transient Study

Gordon State College students who wish to attend another college on a temporary basis must request a Letter of Transient Permission by submitting a request form to the Gordon State College Registrar’s Office (available in the Registrar’s Office or at http://www.gordonstate.edu/forms/registrar/TransientPermission.pdf). Students who are eligible for the HOPE Scholarship must also complete the Request to Use Federal and/or HOPE Scholarship Funds as a Transient Student form, available at http://www.gordonstate.edu/FinancialAid/index.asp. Students are responsible for applying for admission to the school they wish to attend on a transient basis.

Students must be currently enrolled at Gordon State College or be readmitted to Gordon State for the term of transient study to receive transient permission. Students who are on Academic Suspension or Learning Support Suspension are not eligible for transient study. Students approved for Academic Renewal are not eligible for transient study. Currently enrolled students who receive transient permission before the end of the term will be reviewed after the term has ended for appropriate academic standing. Transient permission will be revoked for students placed on Academic Suspension or Learning Support Suspension at the end of the term.

Students who receive transient permission are allowed only one semester of transient study before returning to Gordon State College. It is the student’s responsibility to have an official transcript of transient courses and grades sent to the Gordon State College Registrar’s Office after the courses are completed. Students who receive transient permission but do not enroll at the requested transient college must provide a written, signed statement that they did not attend the transient college to the Gordon State College Registrar’s Office.

Transcripts

Gordon State College will release an official College transcript to a specified third party upon written request from the student to the Registrar’s Office. All transcript requests must include the student’s signature and should contain the student’s Gordon State College identification number, most recent semester of attendance, other names used while in attendance at Gordon State, and the name and address of the party to receive the transcript. There is no charge for transcripts. Transcripts will not be released for students who have any outstanding obligation to the College.
Verification of Enrollment

To obtain a written verification of enrollment at Gordon State College, a student must submit a request for the verification to the Registrar’s Office. A student is defined as anyone who has officially been accepted to Gordon State College, registered properly for at least one credit course, and paid all fees required for the semester.

Veterans’ Benefits

The Registrar’s Office will assist veterans who are eligible for federal educational benefits by facilitating the process of applying for the federal educational benefits and by maintaining proper liaison with the Veterans Administration (VA).

Students who are eligible for Veteran Benefits are responsible for paying fees directly to the College and meeting payment deadlines applicable to all students. Payment of Veteran Benefits normally begins 30 to 45 days after the College certifies the student’s enrollment for the semester. Attendance is strictly enforced for students receiving Veterans Benefits. Upon being absent from a class three consecutive weeks in a full fall or spring term, two consecutive weeks in a full session summer term, or one week in a summer alternate or half term, the College is responsible for reporting the student to the VA. Failure to attend classes on a regular basis will result in reduction or loss of benefits for the semester.

Students receiving Veteran Benefits who withdraw from the College or reduce academic course loads are required by the Veterans Administration to report such action promptly to the Certifying Official in the Registrar’s Office.

All questions and concerns involving Veteran Benefits should be directed to the VA Certifying Official in the Registrar’s Office.

Military Service Members

Residency Requirements

A SOC (Service Members Opportunity) Consortium institution limits academic residency requirements for active duty service members to no more than 25 percent of the undergraduate degree program; recognizes all credit course work offered by the institution as applicable in satisfying academic residency requirements; and allows service members to satisfy
academic residency requirements with courses taken from the institution at any time during their program of study, specially avoiding any ‘final year’ or ‘final semester’ residency requirement, subject to stated requirements in specific courses such as majors.

Gordon State College limits academic residency to no more than twenty-five percent of the degree requirements for all undergraduate degrees for active-duty service members. Academic residency can be completed at any time while active duty service members are enrolled. Reservists and National Guardsmen on active-duty are covered in the same manner.

To qualify for a **Baccalaureate degree** at Gordon State College, the student must earn at least 30 semester hours of credit applicable for the degree at Gordon State College. In addition, half of the upper level hours required for the degree must be completed at Gordon State.

To qualify for an **Associates of Arts or Science degree**, the student must earn at least 16 hours of degree requirements at Gordon State College.

See “Graduation Requirements” for additional details.

**Credit Learning From Military Experience**

A SOC institution provides processes to determine credit awards and learning acquired for specialized military training and occupational experience when applicable to a service member’s degree program.

Students will be allowed to connect workplace learning with academics by gaining academic credit for formal courses and examinations taken outside of traditional degree programs. During this audit process, a team of academic faculty evaluators from relevant disciplines will review courses or exams and, if appropriate, make college credit recommendations.

A SOC institution recognizes and uses the ACE Guide to the Evaluation of Educational Experiences in the Armed Services in determining the value of learning acquired in military service, and in awarding credit for appropriate learning acquired in military service. Students must contact the Adult Learning Coordinator to initiate the process of seeking this credit.
The Adult Learning Consortium defines an adult learner as possessing any one of the following three characteristics at the time of his or her enrollment/reenrollment:

- 25+ years old
- 20-24 years old with fewer than 30 credit hours completed
- 5 Years since high school completion

Some adult learners will have acquired college-level knowledge and insight through work experiences or through educational experiences and courses that did not carry college credit. The process of validating these experiences and assigning college credit to them is called Prior Learning Assessment (PLA). At Gordon State College, a student can seek Prior Learning Assessment by using national examinations, by examination connected to specific Gordon courses, by assigning of credit for formal courses and tests connected to the workplace and validated by the American Council on Education (ACE), and by portfolio evaluation. If a student seeks Prior Learning Assessment, he or she should contact the Adult Learning Coordinator, Professor Tonya Moore. Ms. Moore will guide the student through the process.

Prior Learning Assessment

*National Examinations:* By far the most frequently used mechanisms for PLA at Gordon are national examinations such as CLEP tests (College Level Examination Program), AP Tests (Advanced Placement Tests) and DANTES tests (Defense Activity for Non-Traditional Educational Support). Through these testing services, there are tests that provide credit for most courses in Areas A-E of the Core Curriculum; for many courses, in various Area F’s of the Core Curriculum, and some upper-level courses. For information on these tests, refer to the *Credit by Examination* section of the Gordon Catalog.

*Departmental Examinations:* As mentioned above, there are national examinations that can yield credit for most 1000 and 2000 level courses. However, if there is a course at any level for which there is no such test, sometimes credit can be given on the basis of examination developed on the Gordon campus. A currently enrolled student who can present satisfactory evidence that he or she is qualified in a particular subject may petition to take a departmental examination in that subject. Satisfactory evidence may be, but is not limited to, work experience, non-credit courses, course work at non-accredited institutions, or military courses.
However, campus-based exams will not be permitted for courses for which the student has previously taken an examination for credit or was previously enrolled at Gordon State College.

*Courses, Examinations, and Experiences Validated by ACE:* In some cases, formal courses and examinations that take place outside of traditional degree programs have been evaluated by the American Council on Education and recommended for credit. If a student can provide evidence of such experiences to the Adult Learning Coordinator, she will assemble a team of faculty evaluators to look at the course or examination and make recommendations relative to college credit.

*Portfolio Evaluation:* If a student has had college-level learning experiences that cannot be evaluated using the aforementioned mechanisms, he or she may wish to consider portfolio evaluation. Under the guidance of the Adult Learning Coordinator, the student would sign up as a transient in a section of PLA 2000 at a sister institution. In that course the student would be guided as she or he prepares appropriate documentation to substantiate a request for credit. These materials would then be reviewed by a disciplinary expert.

**Ten Standards for the Assessment of Learning**

**Academic:**

I. Credit or its equivalent should be awarded only for learning, and not for experience.

II. Assessment should be based on agreed upon and public standards and criteria for the level of acceptable learning.

III. Assessment should be treated as an integral part of learning, not apart from it, and be based on an understanding of learning processes.

IV. The determination of credit awards and competence levels must be made by appropriate subject matter and academic or credentialing experts.

V. Credit or other credentialing should be appropriate to the context in which it is awarded and accepted.
Administrative:

VI. If awards are for credit, transcript entries should clearly describe what learning is being recognized and be monitored to avoid giving credit twice for the same learning.

VII. Policies, procedures, and criteria applied to assessment, including provision for appeal, should be fully disclosed and prominently available for all parties involved in the assessment process.

VIII. Fees charged for assessment should be based on the services performed in the process and not determined by the amount of credit awarded.

IX. All personnel involved in the assessment of learning should pursue and receive adequate training and continuing professional development for the functions they perform.

X. Assessment programs should be regularly monitored, reviewed, evaluated, and revised as needed to reflect changes in the needs being served, the purposes being met, and in the state of the assessment arts.
Mission Statement

The mission of the Learning Support program is to provide special assistance to students who have deficiencies in the areas of reading, mathematics, and/or English (writing). The goal of Learning Support is to assist students in achieving entry-level college proficiencies.

A student’s Learning Support requirements are determined on the basis of SAT/ACT scores, Required High School Curriculum deficiencies, and/or college placement exam scores.

The college placement exam, COMPASS, is a computerized placement exam that tests reading, English (writing), and math skills.

Placement Exams

The verbal section of the COMPASS tests reading and English (writing) skills and is required for students with a Required High School Curriculum deficiency in English and for students who do not have a SAT verbal score of 430 or higher or an English ACT score of 17 or higher, depending on the test the student has chosen to determine COMPASS placement exam requirements.

The mathematics section of the COMPASS tests algebra skills and is required for students with a Required High School Curriculum deficiency in mathematics and for students who do not have a SAT math score of 430 or higher or a Math ACT score of 18 or higher depending on the test the student has chosen to determine COMPASS placement exam requirements.

The minimum COMPASS scores for admission and readmission are English (writing) - 32, reading - 62, and math (algebra) - 20.

Students who test into all three areas of Learning Support (English, reading, and math) are not eligible for admission.

Students who score below the minimum COMPASS scores in any area are not eligible for admission.

Students scoring below 78 on the reading portion of the COMPASS must enroll in and successfully exit Learning Support Reading by passing required coursework as follows: Students scoring from 62-67 must first
enroll in and pass ENGL 0099, then, in the following semester, enroll in ENGL 0098 course with ENGL 1101 co-requisite pair. Students scoring from 68-77 may begin in the ENGL 0098 / ENGL 1101 co-requisite. Successful completion of ENGL 0098 and/or ENGL 1101 will fulfill Learning Support Reading requirement.

Students scoring below 65 on the English (writing) portion of the COMPASS must enroll in and successfully exit Learning Support English (writing) by passing required coursework as follows: Students scoring from 32-43 must first enroll in and pass ENGL 0099, then, in the following semester, enroll in ENGL 0099 course with ENGL 1101 co-requisite. Students scoring from 44-64 may begin in the ENGL 0098 / ENGL 1101 co-requisite pair. Successful completion of ENGL 0098 and/or ENGL 1101 will fulfill Learning Support English requirement.

Students whose COMPASS scores place them as requiring both Reading and English assistance will be required to begin their coursework with ENGL 0099.

Students scoring below 42 on the math portion of the COMPASS must enroll in and successfully exit Learning Support Math by passing required coursework as follows: Students scoring from 20-30 must first enroll in and pass a stand-alone 3-credit Learning Support class (MATH 0097 or MATH 0099), then, in the following semester enroll in a co-requisite college-level math course with a learning support lab (MATH 0998 / MATH 1001 or MATH 0999 / MATH 1111). Students scoring from 31-41 may begin in the college-level math with support lab co-requisite pair. Successful completion of the learning support lab and/or the college-level math course will fulfill Learning Support Math requirement.

Note on math selection: Students intending to major in science, technology, medicine, business or other fields requiring advanced or theoretical mathematical skills should take the College Algebra co-requisite support pair (MATH 0999/1111); students majoring in fields where practical mathematical skills are sufficient should take the Quantitative Skills co-requisite pair (MATH 0998/1001).

**Credit**

Credit earned in Learning Support courses is strictly institutional. While it is counted toward the number of credit hours for which a student is enrolled in any semester, it does not count in a student’s grade point average and does not count toward graduation.
Note: A complete list of “COURSES APPROVED FOR STUDENTS IN LEARNING SUPPORT” may be found immediately after the “COURSE DESCRIPTIONS” section of this catalog.

Policies

The Learning Support program is governed by the policies listed below.

- During each semester of enrollment, a student must first register for all required Learning Support courses before registering for other courses. This policy also applies to part-time students.
- A student who is required to take Learning Support courses may not register as a non-degree student in an effort to defer taking required Learning Support courses.
- Students with Learning Support requirements must enroll in the Gordon State College First Year Experience course.
- Since Learning Support math courses are offered Fall and Spring semesters on the Barnesville campus in the daytime and evening, students who take off-campus courses only are not exempt from taking required Learning Support courses, even if these courses are not available at an off-campus location. Evening students needing English or reading may defer one semester if the course is not offered.
- Each Learning Support course is taught on-campus in the evening at least once each academic year.
- A student who is required to take Learning Support courses in an area (English, reading or mathematics) may not register as an auditor in any such course in that area.
- **30-Hour Rule:** Students who accumulate 30 semester hours or more of college credit and have not successfully completed required Learning Support courses may enroll only in Learning Support courses until all requirements have been successfully completed. Students with transfer credit or credit earned in a certificate or prior degree program who are required to take Learning Support courses for their current degree objectives may earn up to 30 additional hours of college level credit.
- **Withdrawal:** Students enrolled in both Learning Support and credit courses may not withdraw from Learning Support courses, including GFYE 0097 and STAR 0098, unless they also withdraw from college-credit courses. There is an exception. The student who remains in at least one Learning Support course may also remain in a one-credit-hour physical education activity course and/or a one-credit-hour music performance course.
- **Overloads:** Learning Support students may not register for more than 18 semester hours in any given semester. Overloads will not be approved.
Standards of Progress

- Learning Support attempts are cumulative within the University System of Georgia.
- Students required to take ENGL 0099 and/or MATH 0097 or MATH 0099 will be given two attempts to pass each course before being placed on Learning Support suspension for a period of one year without the right of appeal.
- Students required to take ENGL 0099 and/or MATH 0097 or MATH 0099 who pass that course but who fail to complete their Learning Support requirements after three cumulative attempts will be placed on Learning Support suspension for one year without the right of appeal.

Students who have accumulated 30 semester hours or more of college level credit will be allowed to take only the required Learning Support classes. No other classes may be taken.

If you have questions concerning these policies, see your Academic Advisor.
ACADEMIC INFORMATION

College Year

The college year is comprised of three standard terms of instruction, Fall Semester, Spring Semester, and Summer Semester. Fall and Spring Semesters are approximately fifteen weeks in length. Summer Semester consists of periods of instruction which begin after the completion of the Spring Semester and end prior to the start of the Fall Semester. Students may enter at the beginning of any semester.

Unit of Credit

The unit of credit associated with all course work is the semester hour, representing the equivalent of 50 minutes of class time. Each credit course offered by Gordon State College is designated in this catalog by a three digit code to indicate the number of semester hours associated with the course. For example, ENGL 1101 is designated with the code (3-0-3). The first digit (3-0-3) indicates the number of semester hours per week the course meets in a lecture; the second digit (3-0-3) indicates the number of semester hours per week the course meets in a laboratory or practicum setting; and the third digit (3-0-3) indicates the total number of semester hours the course receives. Laboratory science courses, except biology, are designated in this catalog with the letter K (e.g., Principles of Chemistry I is designated CHEM 1211K). Laboratory sections for biology courses are designated in course schedules with the letter L (e.g., Principles of Biology I Lab is designated as BIOL 1107L in course schedules).

Class Load

A student scheduling 12 or more semester hours of credit is classified by the College as a full-time student. This classification given by the College does not necessarily coincide with Selective Service, Veterans Administration, Financial Aid, or Gordon State College Foundation Scholarship classifications.

The standard class load for full-time students is 16 hours per semester, which includes one course in physical education. Most transfer programs of study require students to complete 64 semester hours of course work. Therefore, students must complete an average of 16 semester hours of course work per semester to complete degree requirements in two years. Students may not register for more than 18 semester hours in any given Fall or Spring semester without written approval from their advisor and the Department Head or School Dean. The maximum number of hours a
student may take for the summer is 11 hours. Students who need to take more than 11 hours must have written approval from the academic advisor and the advisor’s Department Head or Dean.

In general, a student must have been at Gordon State for at least two semesters and have achieved a cumulative grade point average of 3.0 before requesting an overload of 19 or more semester hours for Fall or Spring semester or 12 or more hours during the summer semester. To request an overload, students must complete a Student Petition. Learning Support students may not register for more than 18 semester hours in Fall and Spring semesters. Overloads will not be approved.

**Academic Advisement**

Upon entering the College, each student is assigned a faculty advisor who will assist the student in selecting classes appropriate to that student’s program of study. **Students are responsible, however, for knowing and fulfilling the graduation requirements of the College and the requirements within their programs of study.**

**Class Schedule**

Gordon State offers both daytime and evening classes. Daytime classes typically meet two days a week (Tuesday and Thursday), three days a week (Monday, Wednesday, and Friday) or four days a week (Monday, Tuesday, Wednesday, and Thursday). Evening classes meet twice a week (Monday and Wednesday or Tuesday and Thursday) or once a week (Monday, Tuesday, Wednesday or Thursday). Prior to the beginning of each semester, Class Schedules and Registration Information showing course offerings for that semester will be made available to students on the Gordon State College website at [www.gordonstate.edu](http://www.gordonstate.edu).

**Registration**

Registration procedures are posted on the Gordon State College website at [www.gordonstate.edu](http://www.gordonstate.edu) each semester under Class Schedules and Registration Information. Students have the responsibility to see that they do not have conflicting classes and to report to the courses and sections indicated on their schedule forms.

**Late Registration**

Late registration procedures are posted on the Gordon State College website at [www.gordonstate.edu](http://www.gordonstate.edu) each semester under Class Schedules and
Registration Information. If a student cannot register during the official registration period, late registration will be permitted during the official late registration period posted under Class Schedules and Registration Information. Although students may be allowed to register for classes during late registration after classes have already begun, they should be aware that missing classes may negatively impact their ability to complete all course requirements successfully.

Change of Schedule—Drop-Add

After classes begin each semester, students may alter their schedules during the official drop-add period by dropping and adding courses. The procedures for drop-add and the dates for the official drop-add period are posted on the Gordon State College website at www.gordonstate.edu each semester under Class Schedules and Registration Information.

Dropping Courses

The student’s class schedule which is in effect following the drop-add period in any semester becomes the student’s official class schedule. Any courses dropped prior to the end of the official drop-add period are removed from the student’s academic record and are not shown in the official student record.

Following the drop-add period, a student may drop a course or withdraw from all courses by the mid-term date posted on the Gordon State College website at www.gordonstate.edu each semester under Class Schedules and Registration Information and receive a grade of W for the course(s). To drop courses, a student must submit an appropriately completed Schedule Change Form to the Registrar’s Office. To withdraw from all classes, submit an appropriately completed Student Withdrawal Form. The W is not computed in the student’s grade point average, but it will appear on the official student record. A student may not exercise this right to drop a course or withdraw from all courses to avoid sanction for academic dishonesty (also see Academic Dishonesty Policy, pages 68 and 323).

Students who withdraw from part of their schedule after midterm will automatically receive a WF in each class. If the student has experienced a personal hardship or crisis that occurred after midterm and the student had a reasonable chance of passing the course at the time of the hardship, the student may file a Student Petition Form and supply documentation that confirms the hardship or crisis. If the petition is successful, the student will be assigned a grade of W rather than the WF. Such petitions for a hardship/crisis withdrawal should be processed before the end of the
semester and in no circumstance will be considered when filed after midterm of the following semester. Petitions for spring semester hardship/crisis withdrawals must be filed by midterm of the following full summer session. Petitions for a hardship/crisis withdrawal cannot be filed for a course if the student has taken the final examination in the course. Student Petition Forms are available on-line at the web page of the Office of the Registrar and are available in that office and academic offices.

Any student who stops attending a course without appropriately processing a Schedule Change Form will receive a grade of WF in the course. Schedule Change Forms will not be processed after the last day of class for the semester.

Student Withdrawal

Should it become necessary to withdraw from all classes for the semester, a student must complete and submit a Student Withdrawal Form from the Registrar’s Office.

Students must withdraw by the close of the official drop-add period to remove courses from the academic record and to receive a full refund of tuition and fees. Dates for the official drop-add period are posted on the Gordon State College website at www.gordonstate.edu each semester under Class Schedules and Registration Information. Following the drop-add period, a student may withdraw from all courses by the mid-term date posted under Class Schedules and Registration Information and receive a grade of W for the courses. W’s are not computed in the student’s grade point average, but will appear on the official student record. A student may not exercise this right to withdraw from all courses to avoid sanction for academic dishonesty (also see Academic Dishonesty Policy, pages 68 and 323).

Students who withdraw from their entire schedule after midterm will automatically receive a WF in each class. If the student has experienced a personal hardship or crisis that occurred after midterm, and the student had a reasonable chance of passing the course at the time of the hardship, the student may file a Student Petition Form and supply documentation that confirms the hardship or crisis. If the petition is successful, the student will be assigned a grade of W rather than the WF. Such petitions for a hardship/crisis withdrawal should be processed before the end of the semester. Petitions will be considered when filed before midterm of the following semester. Petitions for spring semester hardship/crisis withdrawals must be filed by midterm of the following full summer session. Petitions for a hardship/crisis withdrawal cannot be filed for a course if the student has taken the final examination in the course. Student
Petition Forms are available on-line at the web page of the Office of the Registrar and are available in that office and academic offices.

A student who stops attending all courses for the semester without appropriately processing a Student Withdrawal Form will receive grades of WF in all courses. Student Withdrawal Forms will not be processed after the last day of class for the semester.

Class Attendance

Class attendance is expected of all students enrolled at Gordon State College. Being prepared for class in advance and participating on a regular basis is a vitally important ingredient for academic success. Research continually shows that poor attendance and/or limited participation usually results in low grades. However, because the delivery mode, content, assignments, and other particulars for each class section vary so widely, Gordon State College does not specify an official campus-wide attendance standard. At the beginning of each semester, every instructor will distribute a course syllabus and clearly state his or her attendance policy. It is the student’s responsibility to inquire of the instructor if there are questions.

SEE ENROLLMENT VERIFICATION SECTION BELOW FOR ADDITIONAL INFORMATION.

A WF will be assigned as the final grade if the student stops attending class after mid-term.

The instructor will notify the Registrar’s Office in writing if a student receiving veteran’s benefits is absent from a class three consecutive weeks in a fall or spring semester, two consecutive weeks in a full session summer semester, or one week in a half session summer semester.

Field trips and extracurricular activities which require a student’s absence from class must be approved by the Provost; however, final approval for class absences remains with the individual instructor.

Enrollment Verification

Every semester, faculty will provide electronic verification of class attendance for each student on each official class roll following procedures outlined by the Registrar. Class rolls become official at the close of the drop-add period each semester. Faculty enrollment verification is due on the tenth calendar day of fall and spring semesters and as announced for
summer semester. *Students reported as never attending a class by this date will be removed from the official class roll.*

- For students who do not receive financial aid, loans or scholarships, tuition and fees will be recalculated after the class is removed from the schedule. If appropriate, a refund will be issued to the student.
- For students receiving financial aid, loans or scholarships, tuition and fees will be recalculated after the class is removed and financial aid, loans or scholarships will be adjusted accordingly. This adjustment could result in a reduction of aid awarded or loss of loan or scholarship funds.
- No student will be enrolled in a class after the close of the drop/add period.

**Final Examinations**

All instructors are expected to give a final exam in each of their courses. The final examination schedule must be followed as published. Any change from the schedule must be approved by the Provost. All students are expected to take the final examination.

**Grading System and Grade Point Average**

Every course listed on a student’s official semester schedule will be listed on the student's permanent record and will include an appropriate grade or symbol designation (even if the student has not completed the semester's work). The following grades are used in the determination of the grade point average:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Numerical Grade Equivalent</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>Good</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
<td>Passing</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
<td>Failing</td>
</tr>
<tr>

<td>Withdrawn Failing</td>
</tr>
</tbody>
</table>

A student’s semester grade point average is computed by dividing the number of credit hours in the courses attempted for the semester in which a grade of  *A, B, C, D, F,* or *WF* was received into the number of quality points earned on those hours. The number of quality points associated with each grade is determined by multiplying the numerical grade equivalent by the number of credit hour for the course. That is,

\[
\text{Quality Points} = (\text{Numerical Grade Equivalent}) \times (\text{Credit Hours}).
\]
For example, consider a student receiving an A in a three semester hour class, a B in a three semester hour class, and a C in a four semester hour class. The student's grade point average is calculated as follows:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Numerical Equivalent</th>
<th>Credit Hours</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>3</td>
<td>(4.0) x (3) = 12</td>
</tr>

**Grade Point Average = 29 ÷ 10 = 2.9**

The cumulative grade point average is computed by dividing the total number of credit hours in all courses attempted in which a grade of A, B, C, D, F, or WF has been received into the number of quality points earned on those hours. Grades earned in courses numbered below 1000 or in courses transferred to Gordon State are not included in the computation of a student’s grade point average. Effective Fall 2010, a student who repeats a course will have the cumulative Grade Point Average calculated using the grade from the last attempt. The grade of the first and subsequent attempts that are excluded from the GPA will remain on the student’s official permanent record.

The symbols listed below are used in the cases indicated and are not included in the determination of the grade point average.

- **I** In courses numbered 1000 and above and only with the approval of the Associate Vice President for Academic Affairs, this symbol indicates that a student was making satisfactory progress but, for non-academic reasons beyond the control of the student, was unable to meet the full requirements of the course. An I must be satisfactorily removed within 12 calendar months; however, at the instructor’s discretion, the time may be reduced as specified in the chart below. If an I is not satisfactorily removed within the time allowed, the I will be changed to a grade of F.

In courses numbered below 1000, the symbol \( IP \) may be used to indicate progress, but not completion. In such a case, the student must register for and pay fees for the course until it has been completed with a grade of a \( C \) (or better).

\( W \) This symbol indicates that a student was permitted to withdraw without penalty. Withdrawals without penalty will not be permitted after the official mid-term date posted on the Gordon State College website at www.gordonstate.edu each semester under Class Schedules and Registration Information except in approved cases of extenuating personal hardship (See Grade Appeal Process on page 68).

\( V \) This symbol indicates that a student registered to audit the course.

\( K \) This symbol indicates credit earned through an appropriate examination program.

\( NR \) This symbol indicates that a grade was not reported by the instructor at the time grades were processed.

\( WM \) This symbol indicates that a student was permitted to withdraw without penalty under the Board of Regents policy for military service refunds. The use of this symbol indicates that the student was permitted to withdraw without penalty at any time during the term.

**Repeating Courses**

Effective Fall 2010, a student who repeats a course will have the cumulative Grade Point Average calculated using the grade from the last attempt. The grade of the first and subsequent attempts that are excluded from the GPA will remain on the student’s official permanent record.

**Maintaining the Standard of Academic Performance**

Students are responsible for maintaining the standard of academic performance established by the faculty for each course in which they are enrolled. Professors have a responsibility to (1) advise students of course expectations, (2) state criteria for grades clearly, and (3) make themselves available for conferences with individual students who seek counsel and advice regarding their progress in the course.
Double Credit

No course a student takes will provide credit for more than one academic requirement or elective. **Courses may not be used to satisfy requirements in more than one Area in the Core Curriculum.** “Double credit” is not allowable (see page 103 for an exception to this policy related to the U.S. Perspectives Learning Goal and the Global Perspectives Learning Goal).

Academic Renewal

The Academic Renewal Policy of the University System of Georgia allows degree-seeking students who have experienced academic difficulty to make a fresh start on the academic grade point average (GPA) after an absence from Gordon State College of at least five calendar years. Students who wish to seek Academic Renewal must submit an application for Academic Renewal to the Registrar’s Office within three semesters of re-enrollment or within one calendar year, whichever comes first. Applications for Academic Renewal are available in the Registrar’s Office. Students who have been suspended from Gordon State College and who have attended another University System of Georgia institution during the suspension period are not eligible for Academic Renewal.

For students approved for Academic Renewal, an Academic Renewal GPA is calculated using only coursework taken since re-enrollment after a five year or longer absence from Gordon State College. After Academic Renewal is granted, the Academic Renewal GPA is used for determining academic standing and eligibility for graduation from the term of re-enrollment forward. To graduate from Gordon State, a student must meet Gordon State’s residency requirement for graduation after acquiring Academic Renewal. To be eligible for honors at graduation, at least 50% of coursework toward the degree must be completed at Gordon State after acquiring Academic Renewal.

All previous courses, including transfer coursework earned before the five year absence from Gordon State, remain on the student’s record with Academic Renewal indicated by the # symbol posted with each affected grade. Credit for previously completed coursework is retained for courses with a grade of A#, B#, or C#. Courses with D#, F#, or WF# grades must be repeated at Gordon State if required for the degree. Further, all remaining courses for the current degree objective must be completed at Gordon State. Students who receive Academic Renewal are not eligible for transient study.
Students who have attended another school during the five year absence from Gordon State have two options regarding Academic Renewal and transfer credit:

1. Receive transfer credit for all applicable courses taken during the absence from Gordon State and forfeit Academic Renewal.

   OR

2. Forfeit transfer credit and apply for Academic Renewal. If Academic Renewal is approved, no transfer credit will be granted for coursework completed during the five year absence from Gordon State.

Receiving Academic Renewal has no effect on eligibility for the HOPE Scholarship program or on financial aid requirements regarding Satisfactory Academic Progress.

Receiving Academic Renewal does not supersede the admissions requirements of any program which requires a specific minimum GPA based upon all coursework. Re-entry into any program after receiving Academic Renewal is not automatic.

All academic standings which occurred in the past remain recorded on the student’s permanent record. Students who encounter subsequent academic difficulty and are suspended after receiving Academic Renewal may be subject to permanent dismissal from Gordon State College.

A student can be granted Academic Renewal only one time.

**Student Bill of Rights**

Students have the following rights:

1. to attend classes during their regularly scheduled time without deviation from such time and without penalty if the student cannot attend an instructional hour not institutionally scheduled;

2. to consult with an assigned advisor for a reasonable amount of time each semester;

3. to reasonable transfer of the core curriculum within the University System;
4. to consult with faculty outside of classroom time during regularly scheduled office hours or by appointment;

5. to reasonable access to campus facilities which are required to complete course assignments and objectives;

6. to receive at the beginning of each semester a syllabus for each course which outlines course objectives and requirements and to be informed of any changes in these syllabi;

7. to receive access to any of their records kept by the institution (may be waived by students in certain cases like placement office records); and

8. to be informed of the grade appeal process.

**Intellectual Diversity and Student Rights**

As stated in the Gordon State College Creed, the Gordon State College community desires that its students develop the capacity for open-minded inquiry and intellectual and academic honesty. To that end, the College protects these prerogatives for its students and student organizations:

1. Students have the right to learn and to inquire. They have the right to examine and discuss questions of interest by orderly means that do not impede the collegial process of learning.

2. Students have the right to take stands on issues and the right to support causes by orderly means that do not disrupt the regular and essential campus operation.

3. Students have the right to expect that their academic work will be evaluated on the basis of academic performance and not on the basis of irrelevant matters such as personality, personal characteristics, degree of political activism, or personal beliefs. At the same time, students are responsible for maintaining the standards of academic performance established by the faculty for each course in which they are enrolled.

4. Recognized student organizations are allowed to invite any person to address a meeting that the organization is sponsoring for the purpose of hearing that person’s ideas. However, the President of the College has final responsibility for campus events and activities and can either affirm or cancel a speaker’s invitation.

5. Individual students and recognized campus organizations have the right to publish and distribute written materials provided that the material is identified by the name of the student or organization and done in accordance with College regulations.
Students with concerns related to protection of these rights in a specific class should initiate conversation with the instructor of the class and, if the concern is not addressed, contact the appropriate Department Head followed by the Dean of the School. If the student is uncomfortable going directly to these persons or if the concern is broader than classroom interactions, the student may contact the Alternative Dispute Resolution Committee or the Vice President for Student Affairs.

Grade Appeal Process

A student who believes that his or her grade was incorrectly assigned should schedule a conference with the instructor who assigned the grade. If satisfactory results cannot be obtained from such a conference, the student may file a written appeal of the grade using a Student Petition Form and submitting it to the administrative assistant of the department or school in which the grade was earned.

An electronic version will then be circulated to the appropriate faculty member and the department head, where appropriate, for recommendations. The final decision will be issued by the dean of the school.

All grade appeals must be initiated by midterm of the semester following the posting of the grade. For grades posted in the spring semester, appeals must be submitted by midterm of the following full summer session.

Special Note: An appeal requesting a grade of W can only be initiated in relation to an assignment of a grade of WF.

Academic Dishonesty Policy

When a faculty member becomes aware of an act of academic dishonesty, the faculty member may penalize the act in one or any combination of four ways depending on the faculty member’s assessment of the severity of the infraction.

1. Assign a grade of F for the assignment and/or require remedial action by the student.
2. Assign a grade of 0 for the assignment and/or require remedial action by the student.
3. Assign a failing grade in the course.
4. Refer the matter to the Provost.
In addition, after having dealt with the act of academic dishonesty, the faculty member should send a brief memorandum to the Dean of the School identifying the student, the infraction, and the resolution. Academic deans will report egregious cases to the Vice President of Student Affairs for placement in student record and potential additional action.

If the student wishes to contest the faculty member’s decision, the student may appeal the decision to the Department Head and then the Dean of the School using the petition process. When the matter reaches the School Dean by faculty member referral or student appeal, the Dean may ask the Academic Judicial Committee to consider the matter and make a recommendation. As stipulated in the Student Code of Conduct found later in this catalog, the student may appeal the Committee’s recommendation to the Associate Vice President of Academic Affairs. When the deliberations are concluded, the Associate Vice President of Academic Affairs Faculty will communicate the decision to both the student and the faculty member.

If the Vice President for Student Affairs receives memoranda reporting two different incidents of academic dishonesty by the same student and neither case is overturned by appeal in the Office of Academic Affairs, the student will be summoned to the Student Affairs Office for appropriate disciplinary proceedings.
ACADEMIC STANDARDS

Dean’s List

A student in good standing with a semester grade point average of 3.50 (or higher) for 12 or more semester hours of course work will be placed on the Dean’s List for that semester. Students enrolled for credit in courses numbered below 1000 are not eligible for the Dean’s List.

Dean’s Merit List

A student in good standing with a semester grade point average of 3.50 (or higher) for 10 or 11 semester hours of course work will be placed on the Dean’s Merit List for that semester. Students enrolled for credit in courses numbered below 1000 are not eligible for the Dean’s Merit List.

Graduation With Honors

To graduate with honors, students must meet all of the following requirements:

1. earn a minimum cumulative grade point average of 3.50 on all course work attempted at Gordon State;

2. earn a minimum cumulative grade point average of 3.50 when all course work attempted at previous colleges attended and at Gordon State is considered; and

3. earn a minimum of 18 semester hours of degree credit at Gordon for an associate degree or a minimum of 30 hours of degree credit at Gordon State for a baccalaureate degree.

If eligible for graduation with honors, a student’s particular honors category will be based on a grade point average calculated using credit hours earned at Gordon State only. The honors categories are summarized as follows:

<table>

Academic Standards of Progress

To remain in good academic standing, all students are required to maintain an acceptable cumulative grade point average. The minimum acceptable cumulative grade point average (GPA) is based on the number of college level semester hours attempted. Hours taken at Gordon State College in courses numbered below 1000 (Institutional credits earned in Learning Support courses) are not included in the Total GPA Hours Attempted column of the table below, nor are grades in these courses included in the Minimum Cumulative GPA column. The table below summarizes the relevant information.

All students who do not earn an acceptable GPA will be placed on Academic Probation at the end of the first semester an unacceptable GPA is earned and on Academic Suspension at the end of the subsequent semester if an unacceptable GPA is earned. A student placed on Academic Probation who does not meet the minimum cumulative GPA requirement at the end of the subsequent term may continue on Academic Probation if his semester GPA for the subsequent term is 2.00 or higher.

However, a full-time student making all F’s or WF’s in any given semester will automatically be placed on Academic Suspension. All students, including students classified as Learning Support, who transfer to Gordon State College will be governed by these same standards. For transfer students, the Total GPA Hours Attempted column of the table refers to the sum of GPA hours attempted at Gordon State College plus GPA hours attempted at transfer institutions.

The Provost has the discretionary power to suspend any student who is not making satisfactory progress toward graduation, regardless of the categories aforementioned.

The duration of an academic suspension is as follows:

- First suspension. ..........One semester
- Second suspension ..........Two semesters
- Third suspension ...........Three semesters
- Fourth suspension ..........Permanent exclusion from the College
Students who wish to return to Gordon State College after being placed on academic suspension must apply for readmission to the College. If granted, readmission will be on a probationary basis. As part of the readmission process, readmitted students will be required to have a conference with personnel in the Student Success Center and take the one semester hour course, STAR 0098, in their first semester of attendance after an academic suspension.

Learning Support Standards of Progress

In addition to the Academic Standards of Progress and in accordance with policies of the University System of Georgia, students enrolled in one or more Learning Support courses (see Learning Support Program in this catalog for more information) must comply with progression requirements of the Learning Support program.

- Learning Support attempts are cumulative within the University System of Georgia.
- Students required to take ENGL 0099 and/or MATH 0097 or MATH 0099 will be given two attempts to pass each course before being placed on Learning Support suspension for a period of one year without the right of appeal.
- Students required to take ENGL 0099 and/or MATH 0097 or MATH 0099 who pass that course but who fail to complete their Learning Support requirements after three cumulative attempts will be placed on Learning Support suspension for one year without the right of appeal.
- Students who have accumulated 30 semester hours or more of college level credit will be allowed to take only the required Learning Support classes. No other classes may be taken.

Students who have been suspended from the University System and who wish to re-enter Learning Support programs to complete requirements may be retested with the COMPASS (in any unsatisfied area) after a period of one year, if they have not taken any college courses in the University System during that time. The student will be bound by the most current set of COMPASS scores. Students who do not exempt on the retest may be considered for readmission. If an individual evaluation indicates that the student has a reasonable chance of success, the student may be readmitted for up to two additional attempts for Learning Support English (writing) or Learning Support reading and three additional attempts for Learning Support math. Students readmitted under this provision are subject to the 30 hour limit on college-level coursework and may not take credit work if they had earned 30 credit hours during their previous period(s) of enrollment.
Students who have not been suspended and who wish to re-enter the Learning Support program to complete requirements may be retested with the COMPASS (in any unsatisfied area), if they have not taken any college courses in the University System for a period of one year. The student will be bound by the most current set of COMPASS scores. Students readmitted under this provision will be allowed two additional attempts in Learning Support English (writing) or Learning Support reading and three additional attempts in Learning Support math.

**Changing Majors**

A student who wishes to change his or her program of study or major must complete the Major Change Form available online through the student’s Banner Web account. The form is accessed via the Student menu in Banner Web. Students who make such changes may have to complete additional hours of course work beyond that required by their previous program of study. Failure to provide such notification may result in delayed graduation.
FEES AND EXPENSES

The financial and physical functions of the College are administered by the office of the Vice President for Business Affairs. Failure to fulfill financial obligations will result in denial of registration privileges, transcripts, readmission privileges, and certification of degrees. Delinquent student accounts may be forwarded to a collection agency in compliance with Board of Regents policies and procedures. Students whose accounts are forwarded to a collection agency will be responsible for paying any collection fees incurred which may be based on a percentage at a maximum of 33% of the debt, and all costs and expenses including reasonable attorneys’ fees the College incurs in such collection efforts.

Tuition and Fees

Tuition and fees are established by the Board of Regents of the University System of Georgia. Current fee schedules will be available on the web at www.gordonstate.edu under Campus Departments, Business Office.

Refund Schedule

A student who officially withdraws from the College after registration is entitled to a refund of matriculation and tuition fees as follows:

1. Tuition and Mandatory Fees

   FORMAL WITHDRAWAL

   The refund amount for students withdrawing from the institution shall be based on a pro rata percentage determined by dividing the number of calendar days in the semester that the student completed by the total calendar days in the semester.

   The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that a student was on an approved leave of absence. The unearned portion shall be refunded up to the point in time that the amount earned equals 60%.

   Students that withdraw from the institution when the calculated percentage of completion is greater than 60% are not entitled to a refund of any portion of institutional charges.
A refund of all semester non-resident fees, matriculation fees, and other mandatory fees shall be made in the event of the death of a student at any time during the academic semester (BOR Minutes, 1979-80, p. 61; 1986-87, pp. 24-25).

Refunds for reduction of hours will be granted only for courses dropped during the drop-add period.

2. **Elective Fees**

Students that move out of the residence halls before the end of their contracted terms are not eligible for room refunds. However, meal plan refunds will be prorated from the date of check out.

Meal plan changes to a lower rate must be requested prior to the start of each semester to be eligible for a partial refund.

3. **Financial Aid Refunds**

Financial Aid recipients who withdraw are subject to federal and state refund policies. See the Financial Aid area of this catalog for policies and an example.

All refunds will be processed either to a direct deposit account established by the student or a check processed by a third party vendor.

**Financial Obligations Owed to the College**

Payment of tuition, fees, room, and board may not be deferred. All fees are due and payable upon registration.

Students who are delinquent in payment because of a non-sufficient funds check, whether paper or web, to Gordon State College will be charged a NSF fee charge of $25. The student must bring cash, a cashier’s check, or a money order to the Business Office immediately to satisfy their outstanding financial obligation. Failure to do so may result in removal from school, holds on grades or transcripts, denial of permission to register for future semesters, collection agency involvement and possibly further disciplinary actions. In addition, personal checks, paper or web, will no longer be acceptable forms of payment for students who have presented a non-sufficient funds check to Gordon State College. Students, whose accounts are forwarded to a collection agency, will be responsible for paying any collection fees incurred. Holds will be placed on the student’s account. Online payment option to Gordon State will not be permitted for accounts forwarded to a college agency until the debt is satisfied.
Gordon State College utilizes third party vendors such as collection agencies, Nelnet, etc. to work on its behalf that may use automated dialing technology or manual dialing to the number provided by the student.

**General Financial Information**

Gordon State College reserves the right to alter fees and/or the schedule of refunds at the end of any semester without prior notice.

Fees are payable upon registration and payment is a required part of the College’s registration process. Personal checks must be written for the exact amount due the College. Checks should be payable to Gordon State College.

Payment may be made in person in the Business Office in the form of cash, check or money order. Payment cannot be accepted over the telephone.

Payment online may be made in the form of credit cards which is routed through a secure third party vendor, Touchnet PayPath. A processing fee will be assessed at the end of the transaction.

Payment online may be made in the form of a web check. No fee is assessed when this method is used. A web check does follow the same guidelines as a paper check.

Payment may be made using the Nelnet Payment Plan. The Nelnet Payment Plan will finance up to $5500 of the “Term Amount to Budget by Payment Plan” [total charges (tuition, fees, housing, and meal) less Financial Aid (grants, loans, and scholarships) and any cash payments]. The amount of the “Term Amount to Budget by Payment Plan” greater than $5500 will be required at the time of the down payment upon enrollment into the plan. The down payment, enrollment fee and monthly installments will be determined at the time of enrollment based on the date enrollment occurs. The Nelnet Payment Plan option is available until the official last day of the Drop/Add period for the term. If the student elects to use the Nelnet Payment Plan option and the student’s plan is terminated by Nelnet after the enrollment period due to insufficient funds or inaccessible bank account or credit card account, the student will no longer be able to enroll in a payment plan for future terms.

Accessibility Services

The Office of Accessibility Services at Gordon State College is committed to working with students with disabilities to assess their needs and to assist with academic accommodations that may be necessary and appropriate due to a disability. The primary goal is to ensure equal access to the college experience for students with disabilities through reasonable accommodation. The Office of Accessibility Services assists in the coordination of appropriate services, based on the student’s individual
needs. Accessibility Services is located in the Counseling Center (second floor of the Student Center). Students enrolled at any campus should contact (678) 359-5585 for additional information.

A student with a disability seeking academic accommodations should contact Accessibility Services as early as possible to schedule an appointment and register their disability with Accessibility Services. To be considered for academic accommodations the student must provide documentation of the disability from an appropriately licensed professional. Documentation must verify the disability and the functional limitations that substantially limit one or more major life functions. Documentation must meet the standards set by the Board of Regents of the University System of Georgia. The guidelines for disability documentation and specific documentation guidelines may be found at http://www.usg.edu/academic_affairs_handbook/section3/handbook.

The student will be interviewed by a member of the Accessibility Services staff and the documentation will be reviewed. A determination will be made if the student should be approved for academic accommodations based on the documentation provided.

The following are examples of some common disabilities that may qualify an individual for accommodations: learning disabilities, attention deficit/Hyperactivity disorder, blindness/low vision, hard of hearing/deafness, chronic medical conditions, psychological/psychiatric disabilities, motor/mobility impairment, brain injury and other conditions that substantially limit a major life function (seeing, hearing, walking, moving, breathing, learning, etc.).

Accommodations are based on the documentation provided and a student may be eligible for one or more accommodations. Residence Life

Gordon State College Freshmen Residency Requirement

National Research shows that freshmen who live in the residence halls tend to experience greater academic and personal success during their college career. For this reason, Gordon requires incoming freshmen with Learning Support requirements to live in the residence halls. These freshmen are able to live in any residence hall on campus and must remember that assignments are made on a first come, first served basis.

You are required to live on campus if all of the following apply:
- A first time, full-time freshman with Learning Support requirements (attending college for the first time and registered for 12 or more credit hours)
- Under the age of 21 (prior to July 1)
- Resides outside of the following contiguous counties
  - Butts
  - Lamar
  - Monroe
  - Pike
  - Spalding
  - Upson

Please visit www.gordonstate.edu/housing for more information on the application and/or exemption process. A student who is required to live on campus may apply for an exemption to this policy if the student provides documentation for one of the following conditions: (1) lives with parent/guardian, (2) married, (3) veteran or active duty military, or (4) parent with custody of child.

Living in the residence halls at Gordon State College is an integral part of the educational process. Therefore, all students enrolled in twelve (12) or more semester hours at the College are encouraged to live in the residence halls. Students are required to register for 12 or more credit hours when residing on campus. Students are encouraged to maintain 12 or more credit hours for financial aid, graduation, transfer and or insurance purposes.

Students who complete the application process as specified will have their residence hall applications reviewed and processed according to the date they complete all of the steps. All new students living in the residence halls are strongly encouraged to participate in Residence Life Orientation at the beginning of the Fall Semester. These sessions are designed to help students with transition issues regarding on-campus housing.
To apply for on-campus living, students should visit the housing webpage at www.gordonstate.edu/housing for the online application process.

**Student Government Association**

All students at Gordon State College can be members of the Student Government Association (SGA). The SGA Council consists of the three major officers of the SGA (i.e., the President, Vice-President, and Secretary-Treasurer), as well as the senators elected by the students. The SGA Constitution is available for review in the Student Activities Office.

**Highlander Hall**

Currently, Gordon State College offers three (19, 12 and 9) meal plans. Meal plan fees are available on the web at http://dining.gordonstate.edu/plans.

The **19 Meal Plan** includes three (3) meals per day on Monday through Friday and brunch and dinner on Saturday and Sunday. The 12 and 9 Meal Plans offer 12 and 9 meals each week to allow students to choose which meals to eat during the week. All meal plans offer Gordon Dollars redeemable for food in Café a la Cart (located in the lobby of the Instructional Complex), World of Wings (WOW - located on the first floor of Gordon Village), and Grounds (located next to the Bookstore). Resident students may choose from any of the three (3) meal plan options. Students must be properly dressed at all times when in the cafeteria. Shoes and shirts are required by law.

Students are required to carry their own tray, utensils, and all left-over food to the appropriate kitchen window at the conclusion of each meal. This courteous action, other common courtesies, and a moderate noise level are required at all times and will make the dining hall an enjoyable and relaxing place for all.

Each student who lives in campus residence halls is required to pay board for the campus dining hall. Students with special diets must ask a physician to provide complete dietary requirements to the College. Commuting and off-campus students who wish to dine in Highlander Hall may choose to purchase one of the three meal plans, purchase a block plan, or pay the daily rate at the door. Identification cards are checked at every meal, and each student must have the appropriate Gordon State College identification card available when entering the dining hall. Suggestions for improving the dining hall are encouraged. Please direct all suggestions to the appropriate
Food Service Committee or to the Dining General Manager at gretchen.favors@sodexo.com.

**Please Note:** All information as presented here was current at the time of printing. However, due to the many changes that often occur to the various financial aid programs, students are encouraged to visit the Gordon State College financial aid web page for the most current information. The web site can be accessed at http://www.gordonstate.edu/FinancialAid.

**The HOPE Scholarship**

Due to frequent changes to the HOPE Scholarship program, students are encouraged to visit the following website to obtain the most current information on HOPE policies and procedures: www.gacollege411.org

**Satisfactory Academic Progress**

Due to recent changes in federal legislation, please visit the following link for current information on Gordon State College’s Satisfactory Academic Progress Policy: http://www.gordonstate.edu/FinancialAid/policies.asp#SAP

**Repeated Coursework**

Circumstances where enrollment status is not affected by retaking a course:

1. A student may retake a course that he or she previously failed.
2. A student may only receive financial aid for a total of two attempts if he or she retakes a course for which a passing grade was received, even if the Institution requires a higher grade for the course. For
example, a student takes English 1101 twice and earns a D for both attempts. The student could no longer receive financial aid for English 1101 even though Gordon State College requires the student to earn a grade of C or better in English 1101.

(3) A student may retake a course multiple times if the Institution requires it be repeated more than once for degree purposes, with one exception: If a student is required to take the same class four times in order to earn a degree, the student could take that course a total of five times (assuming the student passed the course each of the previous four attempts and the course in question does not require a minimum grade). If a student chose to retake the course for a sixth time, it would not count in the student’s enrollment status.

Circumstances where enrollment status is affected by retaking a course:

(1) A student can only retake a course once if he or she earned a passing grade in a previous attempt. If a student chooses to take the course for a third time in order to try and improve his or her grade in that particular course, the third attempt will not be counted in his or her enrollment status for financial aid purposes. This could adversely affect the financial aid the student is eligible for during the term in which this occurs.

Selective Service Registration

A student must meet federal Selective Service registration requirements prior to the application deadline.

Default and Refund

A student must not be in default on a federal Title IV or State of Georgia educational loan, nor owe a refund on a Title IV or State of Georgia student financial aid program, nor in any other way be in violation of the federal Title IV or State of Georgia Student Aid Regulations. If the student has repaid the defaulted loan or refund in full, he or she is eligible to receive HOPE assistance beginning with the term in which repayment was made in full, but not for previous terms.

Drug-Free Act

A student is ineligible if, in accordance with the Drug-Free Postsecondary Education Act of 1990, he or she has been convicted for committing certain felony offenses involving marijuana, controlled substances, or dangerous drugs. A student is ineligible to receive a HOPE Scholarship
from the date of conviction to the completion of the next academic term. Institutions are not required to obtain criminal justice records of HOPE applicants.

**GED Voucher**

Georgia residents who have received a GED after June 30, 1993, may receive a $500 one-time voucher through the HOPE program. This voucher can be used for educational expenses at Gordon State College.

**Other Scholarships**

Many companies, foundations, religious organizations, and clubs offer scholarships to qualified students. Information on these scholarships can be obtained from these organizations as well as the Internet and most large bookstores.

**Gordon State College Foundation Scholarships**

A limited number of scholarships are awarded yearly by the Gordon State College Foundation. Applications are available online at the following link: [http://www.gordonstate.edu/fndscholarships/](http://www.gordonstate.edu/fndscholarships/)

**Federal Pell Grant**

The Federal Pell Grant is available to undergraduate U.S. citizens (or eligible non-citizens) who demonstrate financial need as determined by a Congressional formula. The total amount of the grant is determined by the cost of attendance, expected family contribution, and enrollment status.

**Federal Supplemental Educational Opportunity Grant**

The Federal Supplemental Opportunity Grant (FSEOG) is available to undergraduate students who show exceptional financial need. Federal funding for this grant is limited.

**Federal Direct Subsidized Loan**

The Federal Direct Subsidized Loan is a long-term, low interest loan that is available to undergraduate and graduate students. For new borrowers the loan is guaranteed at a fixed interest rate. The rates are fixed on July 1st of each year and are valid for loans disbursed between July 1st and June 30th of that calendar year. Eligibility for this loan is based on financial need, academic level, and prior indebtedness as determined by a Gordon State
College Financial Aid Counselor. The federal government subsidizes the interest before the loan repayment period.

**Federal Direct Unsubsidized Loan**

The Federal Direct Unsubsidized Loan is not based on financial need. For new borrowers the loan is guaranteed at a fixed interest rate. The rates are fixed on July 1st of each year and are valid for loans disbursed between July 1st and June 30th of that calendar year. The borrower is responsible for the interest for the life of the loan, as the federal government does not subsidize it.

**Federal Parent Loans for Undergraduate Students**

The federal government sponsors Federal Parent Loans for Undergraduate Students (FPLUS) for families needing additional loan assistance. FPLUS funding is limited to the parents of dependent students. Financial need is not required.

**Federal Work Study**

The Federal Work Study program is designed to provide employment opportunities for students with financial need. Employment opportunities are available both on-campus and off-campus with the pay not less than the federal minimum hourly wage. Students’ work schedules are coordinated by the student and supervisor to accommodate the student’s class schedule. The total amount of Federal Work Study awarded is based on the federal funding for the program, the student’s financial need, and the amount of aid the student receives from other programs.

*Please Note* - for information on other types of financial aid, please visit the financial aid web page on the Gordon State College website at [http://www.gordonstate.edu/FinancialAid](http://www.gordonstate.edu/FinancialAid).

**Financial Aid Application Procedure**

To apply for grants, loans, or part-time employment opportunities, students must complete the appropriate Free Application for Federal Student Aid (FAFSA). Students wishing to receive only a HOPE scholarship may complete the GSFAPPS at [www.gacollege411.org](http://www.gacollege411.org). The FAFSA may be completed online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) (FAFSA). The link for the FAFSA can also be found on the Gordon State College Financial Aid web page at: [http://www.gordonstate.edu/FinancialAid](http://www.gordonstate.edu/FinancialAid). Students must also complete
other forms or applications as required by the Gordon State College Financial Aid Office.

Financial Aid Application Deadlines

You may apply for financial aid for the following fall semester beginning in January of each year. It is extremely important that you begin the application process as early as possible to ensure that you meet applicable deadlines as established by the Financial Aid Office. In order to be guaranteed that a student’s financial aid is in place at the beginning of the appropriate semester, the Financial Aid Office must have a complete and accurate file on record by the following deadlines:

- Fall Semester – May 1
- Spring Semester – October 1
- Summer Semester – April 1

Financial Aid Policy

- For financial aid purposes, students enrolled in 12 or more semester hours are classified as enrolled *full-time*; students enrolled in 9-11 semester hours are classified as enrolled *three-quarter time*; students enrolled in 6-8 semester hours are classified as enrolled *half-time*; students enrolled in 1-5 semester hours are classified as enrolled *less than half time*. Some grant programs and all loans require a minimum of half-time enrollment.

- Financial aid is limited to coursework required for the declared major as stated in this catalog. Financial aid is not available for audit courses.

- Only the first 30 semester hours of Learning Support course work attempted will be considered in determining aid eligibility.

- Students cannot use one-credit applied music courses to meet full-time (12-hour) status to receive full financial aid.

- Provisionally admitted students are not eligible for financial assistance. Hope-eligible transient students should contact their home institution to coordinate their financial aid with Gordon State College. A student cannot receive federal financial aid at more than one school during the same enrollment period. Gordon State College does not accept or issue consortium agreements for federal financial aid.
• Any financial assistance a student expects to receive from any outside source must be reported to the Financial Aid Office. This includes scholarships, grants, loans, and veteran’s benefits. The receipt of additional aid may result in the reduction or cancellation of existing financial aid awards.

• The Financial Aid Office uses email as the primary means of communication with students.

• Students who pre-register for classes should note the payment deadline provided with their registration materials.

• To receive financial aid, a student must: (1) be enrolled at the College, (2) maintain satisfactory academic progress according to the standards of the College; (3) not owe a refund on any grant or be in default on any educational loan; (4) not have borrowed in excess of the loan limits under the Title IV programs at any institution.

• Students receiving financial aid who find it necessary to withdraw from the College or drop below 6 hours must notify the Financial Aid Office of this action. Refund and repayment policies for financial aid recipients established by the U.S. Department of Education, Georgia Student Finance Commission and Gordon State College will apply.

Policy for Reestablishing Financial Aid Eligibility

In order to regain eligibility for financial aid, a student must meet one of the following criteria:

1. A student may regain eligibility by attending school at his or her own expense until he or she meets the criteria as outlined in the Standards of Satisfactory Academic Progress for students receiving financial aid. The standards are reviewed at the end of each semester. A student cannot reestablish eligibility simply by being out of school for a set amount of time or by paying for a set number of classes out-of-pocket, as outlined in the Federal Student Aid Handbook. This also applies to students who have been suspended from Gordon State College, and are applying for readmission to the college. Students who have been academically suspended must pay all expenses with their own funds for the initial semester in which they return to Gordon State College if they are not making Satisfactory Academic Progress at the time
they are readmitted to Gordon State College.

2. A student may submit the “Satisfactory Academic Progress Evaluation” form if he or she is not making Satisfactory Academic Progress. This form is used to determine if a student is eligible to complete a financial aid appeal. If the student is notified that he or she is eligible to complete a financial aid appeal, then the student would complete item 3 listed below.

3. A student may appeal his or her SAP status by completing the appropriate financial aid appeal form, and submitting the completed form along with the appropriate documentation to the Gordon State College Financial Aid Office. In order to submit an appeal, a student must have circumstances that fall into the following categories:
   a. Death in the family
   b. Family or personal illness that resulted in the student having to withdraw from school.
   c. Loss of employment that resulted in the student having to withdraw from school.
   d. Loss of transportation that resulted in student having to withdraw from school.
   e. Other extenuating circumstances that can be documented. These appeals will be accepted at the discretion of the Financial Aid Appeals Committee.

   Appeals submitted without documentation will not be reviewed by the Financial Aid Appeals Committee. Such appeals will be returned to the student.

**Federal Refund Policy**

All students receiving financial assistance who formally withdraw or who stop attending classes and receive grades of W and/or WF are subject to regulations regarding the return of funds to the aid program.

The refund date is determined by the withdrawal date.

Federal refunds are made in the following order:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Parent Plus Loan
4. Pell Grant
5. Supplemental Educational Opportunity Grant (SEOG)
6. Other Title IV Programs
Note: Refunds for students receiving the HOPE scholarship with no federal aid are distributed to the HOPE scholarship program. Students receiving both the HOPE scholarship and federal aid may owe a refund of federal funds and HOPE scholarship funds.

The student must return unearned aid for which he/she is responsible by repaying funds to the applicable aid program(s).

The federal Return of Funds policy uses the following steps:

Step 1 – Determine the Student’s Title IV Aid for the term.
Step 2 – Determine the Percentage of the Title IV Aid earned.
Step 3 – Determine the Amount of Title IV Aid earned by the student.
Step 4 – Determine the Total Title IV Aid to be returned.
Step 5 – Determine the Amount of Unearned Title IV Aid Due from the School.
Step 6 – Determine the Amount of Unearned Title IV Aid Due from the Student.

Refund Example: The following example of a refund calculation is based on a commuting student paying $756 in tuition and fees.

The student received $887 in a Pell Grant (Title IV) for the term. The student received no other aid. The student withdrew on the 8th day of a 111-day term.

**Step 1** - Amount of Student’s Title IV Aid for the term=$887.00

**Step 2** - Percentage of Title IV Aid Earned/Unearned:
8 Days Completed/111 Days in Term = 7.2% Earned.

**Step 3** - Amount of Title IV Aid Earned by the Student:
$887 X 7.2% = $63.86

**Step 4** - Title IV Aid to be returned:
$887.00 - $63.86 = $823.14

**Step 5** - Return of Funds by the School:
$756.00 Tuition and Fees X 92.8% Unearned Funds = $701.57
The school returns this to the Pell Grant Program.
Step 6 - Return of Unearned Title IV Aid from the Student:
$823.14 Title IV Aid to be Returned - $701.57
Returned by the School = $121.57.

Amount to be returned to grants is reduced by 50%

$121.57 X 50% = $60.79 – Amount for Student to Return to the Pell Grant Program.

Other Financial Aid Information is available on the Gordon State College web site at http://www.gordonstate.edu/FinancialAid.

Veterans Benefits

The Registrar’s Office will assist veterans who are eligible for federal educational benefits by facilitating the process of applying for the federal educational benefits and by maintaining proper liaison with the Veterans Administration (VA).

Students who are eligible for Veterans Benefits are responsible for paying fees directly to the College and meeting payment deadlines applicable to all students. Payment of Veterans Benefits normally begins 30 to 45 days after the College certifies the student’s enrollment for the semester.

Attendance is strictly enforced for students receiving Veterans Benefits. Upon being absent from a class three consecutive weeks in a fall or spring semester, two consecutive weeks in a full session summer semester, or one week in a half session summer semester, the College is responsible for reporting the student to the VA. Failure to attend classes on a regular basis will result in reduction or loss of benefits for the semester.

Students receiving Veterans Benefits who withdraw from the College or reduce academic course loads are required by the Veterans Administration to report such action promptly to the Certifying Official in the Registrar’s Office.

All questions and concerns involving Veterans Benefits should be directed to the VA Certifying Official in the Registrar’s Office.

Library orientation and instruction are essential to effective library use. Therefore, faculty members are encouraged to schedule an orientation session to help their students use the library’s resources and services more successfully. Individual instruction and reference help, as well as research guides, are always available at the Reference Desk and the Circulation Desk.
As a member of multiple regional groups of cooperating libraries, Hightower Library makes its collection available to other institutions. In return, Gordon State College students have access to the resources of many other college, public, and special libraries, either through GIL Express (a resource-exchange service within the University System of Georgia) or Interlibrary Loan (a national lending system).

Students are encouraged to browse the library’s collection; to check out books with their valid Gordon State College I.D.; and to read, research, and study while in the library. Hightower Library promotes a positive learning environment by providing an assortment of work spaces: computer stations, individual study carrels, group study rooms, and an Assistive Technology lab. Faculty are likewise encouraged to survey the library’s holdings, recommend resources for acquisition, and utilize the facility for their classes and research. Hightower Library connects the Gordon State College community, both on campus and online, to the resources and services that support academic coursework, research, and lifelong learning.
COMMUNITY EDUCATION

Gordon State College is dedicated to serving the community needs of the middle Georgia area. Like other university System of Georgia institutions, Gordon State seeks to provide service beyond the academic offerings through continuing education and community outreach opportunities. High quality, affordable, and accessible learning experiences are provided through the Office of Community Education. These activities endeavor to enrich and improve the quality of life for area residents.

Community Education is housed on Spencer Street and the staff is eager to discuss ways the resources of Gordon State College can be utilized to meet the needs of community groups, cultural organizations, businesses, industries, and individuals. For information about courses and activities, please stop by the Office of Community Education or call 678-359-5123.

Fees

Continuing education courses and community outreach activities are offered each semester by the Office of Community Education. Academic credit is not awarded for continuing education courses. Fees associated with continuing education courses and community outreach activities should be paid at the Office of Community Education building on Spencer Street. Fees and refund policies may be found in brochures published by that office.
Each student who graduates with an Associate of Arts degree, an Associate of Science degree (other than nursing) or a baccalaureate degree from Gordon State College (or any other University System of Georgia institution) must complete the Core Curriculum. The benefit of the Core Curriculum is that completing the Core (or any part thereof) at Gordon State College guarantees that it will transfer to a sister institution in the System. The Core Curriculum at Gordon State College consists of seven parts:

- Core Area A: Essential Skills
- Core Area B: Critical Thinking (Institutional Options)
- Core Area C: Humanities/Fine Arts
- Core Area D: Science, Mathematics and Technology
- Core Area E: Social Science
- Core Area F: Courses related to the major
- Core Area G: Health and Physical Education

Each of these areas is described in detail in the pages that follow.

In addition, as students complete Areas A – E, they should also address three other learning goals: U.S. Perspectives, Global Perspectives, and Critical Thinking. At Gordon State College, students can address these goals in the following ways:

**U.S. Perspectives Learning Goal**

Students will automatically address this goal while completing the required course in United States history included in Area E.

**Global Perspectives Learning Goal**

Students will address this goal by completing two steps:

Step 1: Complete the required course in history of Western Civilization in Area E

Step 2: Complete at least one of the following courses in Areas A – F: ARTS 1101, ARTS 1102, COLQ 2995, ECON 2105, ENGL 2111, ENGL 2112, HUMN 1501, HUMN 1502, POLS 2301, POLS 2401, THEA 1100. (Note: If a student fails to take one of these courses as they complete Areas A-F, the student will need to take the course as an elective).
Critical Thinking Learning Goal

Students will automatically address this goal by completing the colloquium required in Area B.

Notes:
1. Please see page 159 for the core curriculum requirements of the Associate of Science in Nursing degree.
2. Equivalent courses with an honors (H) designate will also be accepted to fulfill Area A – F requirements.

Hours Applied to Area A ............................................... 9 HOURS

Notes:

1. Any one of the courses, MATH 1001, MATH 1111, MATH 1113, or 1501, will satisfy the Area A(2) mathematics requirement with the following exceptions:

   - Students who are science majors (as defined on page 111) must take MATH 1113 or MATH 1501 in Area A(2).
   - Students who are middle grades education majors with concentration in mathematics must take MATH 1113 or MATH 1501 in Area A(2).

2. Advising Notes:

   - In addition to science majors who must take MATH 1111 in preparation for taking MATH 1113, MATH 1111 is the course that is recommended for business majors. MATH 1111 is also a good course for students who are undeclared majors but are considering majoring in a quantitative area or students who wish to build on their high school algebra to enhance their abilities in mathematics.
   - MATH 1001, Quantitative Skills and Reasoning is less dependent on previous knowledge of algebra than MATH 1111 and is often the choice of students who desire a broad knowledge of mathematics rather than the specific knowledge of algebra and students with weaker algebra backgrounds.

3. As observed in Note (1) students who major in a science or in middle grades education with a mathematics concentration must take MATH 1113 (or MATH 1501) in Area A(2). If the student is required to take MATH 1111 to qualify for MATH 1113, MATH 1111 serves as an elective course in their program.

4. A course taken to satisfy Area A requirements cannot also be used to satisfy a course requirement in another Area, but if a student accumulates more than 9 semester hours taking courses that satisfy Area A requirements, the student can use 1 excess semester hour in Area B.
Students are required to complete Area A early in their college studies.

- If a student has completed 30 semester hours and has not yet completed Area A(1), the student must enroll in a course that makes progress toward completing A(1) in order to take other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: ENGL 1101, ENGL 1102 (or READ 99 and/or ENGL 99 if they still have learning support requirements)

- If a student has completed 30 semester hours and has not yet completed Area A(2), the student must enroll in a course that makes progress toward completing A(2) in order to take any other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: MATH 1001, MATH 1111, MATH 1113, or MATH 1501 (or MATH 0099 if the student still has a mathematics learning support requirement)

Notes:
¹ In general, students cannot use a course taken to satisfy requirements in one area to satisfy a requirement in a second area. **Notes:**

1 In general, students cannot use a course taken to satisfy requirements in one area to satisfy a requirement in a second area. However, students who take one of ARTS 1101, ARTS 1102, ENGL 2111, ENGL 2112, HUMN 1501, HUMN 1502, and THEA 1100 to satisfy the Area C requirement can also use this course as one of the two courses in the Global Perspectives Learning Goal requirement.
For the purpose of determining course requirements in Area D, the following transfer programs of study are considered science majors: Astronomy, Biological Sciences and Biology, Chemistry, Computer Science, Environmental Resource Science, Forestry, Mathematics, Physics, Pre-Engineering, Pre-Occupational Therapy, Pre-Pharmacy, Pre-Physical Therapy, Pre-Physician Assistant, and Pre-Respiratory Therapy. Hours Applied to Area E ..................................................... 12 HOURS

1 Constitution and history requirement: The State of Georgia requires that any person receiving a degree from a state-supported college must demonstrate knowledge of the history and Constitution of the United States and of Georgia. The history and Constitution requirement may be met by successfully completing HIST 2111 or HIST 2112. Students transferring from out-of-state or private institutions to Gordon State who have had American history must pass a special examination on the history and Constitution of Georgia.

2 In general, students cannot use a course taken to satisfy requirements in one area to satisfy a requirement in a second area. However, when students take one of HIST 2111 or 2112 to satisfy the Area E requirement, they are simultaneously satisfying the U.S. Perspectives Learning Goal. When students take one of HIST 1121 or 1122 they are simultaneously satisfying Step 1 of the Global Perspectives Learning Goal. Similarly, when they take POLS 2301, 2401 or ECON 2105 to satisfy the Area E requirement, they are simultaneously satisfying Step 2 of the Global Perspectives Learning Goal. (See page 103 for description of how one completes the Global Perspectives Learning Goal.)
A student has completed an associate (two-year) degree from Gordon State College when he or she has completed Core Areas A-E and Area G together with an Area F defined by the concentration that the student is seeking. Should the student desire to complete a baccalaureate (four-year) degree at Gordon State College or elsewhere in the University System of Georgia, the student is required to complete the Area F for the specific major the student seeks. Complete descriptions of Area F concentrations offered at Gordon State College are found beginning on page 170.

**Requirement** .................................................................0 - 4 HOURS

A course may not be used to satisfy requirements in more than one Area.

Notes:

1 A maximum of one credit hour of physical education may be waived for military experience documented by a DD214 form. PHED 1001 or PHED 1010 will be required for students who complete at least one semester of full-time enrollment at Gordon State College. *Courses that can be waived, or that are not required for graduation, will not be certified to the U.S. Department of Veterans Affairs for education benefits.*

2 Students completing the Bachelor of Science in Nursing Degree will satisfy Area G requirements by completing PHED 1010 or any PHED activity course (PHED 1101 – 1551). PHED 1001 and PHED 1040 do not satisfy Area G for the Bachelor of Science in Nursing degree.
The academic programming at Gordon State College is undergoing rapid growth. In academic year 2014-2015, we are offering four bachelor degrees with eight distinct majors, an associate of science degree in nursing, an associate of arts transfer degree with more than ten areas of concentration and an associate of science transfer degree with more than twenty areas of concentration. During your years of study at Gordon State, you may wish to check the current catalog to determine if other opportunities have become available.

Gordon State College requires students to complete a minimum of 25 percent of the credit hours required for a degree in residence at Gordon State College. Some programs may require a higher percentage for completion of the program as noted in program specific sections of this Catalog.

Baccalaureate Degrees

To qualify for a baccalaureate degree at Gordon State College, the student must satisfy the following requirements:

1. Satisfy the 60 hours of Core Curriculum requirements, Areas A – F, specified in the Academic Catalog, together with applicable Area G requirements.
2. Complete all courses required for the selected degree and major program. Requirements are specified in the Academic Catalog. Baccalaureate programs require a minimum of 120 earned semester hours (including the 60 hours from Core Areas A – F) together with applicable Area G requirements. More hours may be required for particular programs.
3. Fulfill all additional program requirements for the selected degree and major program. Additional requirements for each baccalaureate degree program are outlined in the Academic Catalog.
4. Earn at least 30 semester hours of credit applicable toward the degree at Gordon State College. BACHELOR OF SCIENCE IN BIOLOGY

Major in Biology

The Gordon State College major in biology combines a strong foundation in the physical sciences and a broad knowledge of the biological sciences to ensure that students have the knowledge and intellectual skills to pursue a number of different career and study paths. The major is defined by two tracks. In Track One, General Biology, the student will be prepared to seek employment in a wide range of jobs related to the biological sciences. Further, students completing Track One, who work with their advisors to wisely choose their electives, can pursue graduate studies in biology, or they can pursue professional studies at colleges of medicine, pharmacy, and veterinary sciences. In addition they will have the course work necessary to seek positions in the many graduate programs in allied health areas that prepare practitioners such as physical therapists and physician’s assistants.

Presently the state of Georgia is experiencing a shortage of highly qualified teachers to teach biology in high school classrooms. Track Two in the biology major is designed to address this crisis. Track Two of the biology major has been carefully crafted to ensure that Gordon State College graduates in biology will be the needed highly qualified teachers.

Teaching Certification Program

Students who desire to complete Track Two and earn teaching credentials in Georgia must apply for admission to the Teacher Education Program by the midpoint of their sophomore year. On page 138 of this catalog are found the requirements for admission to this program and the steps involved in applying for admission. In addition to reading carefully the materials on pages 137-140, the prospective teacher education candidate should contact the School of Education no later than the midpoint of his or her sophomore year. Whenever a semester schedule permits an elective, students seeking secondary certification should take one of EDUC 2110, 2120, and 2130.

In addition to the baccalaureate degree, Gordon State College also offers a minor in biology.

BACHELOR OF SCIENCE IN EARLY CHILDHOOD EDUCATION AND SECONDARY CERTIFICATION PROGRAMS

BSED in Early Childhood Education/Special Education

The B.S. in Education program includes upper division level courses in education, mathematics, science, and humanities. Gordon State College students are required to complete 137 semester credit hours to earn a B.S. degree in education - 60-64 hours of freshman/sophomore-level core courses (Areas A - G) plus 73 hours of junior/senior-level courses. The upper division courses are completed with full-time enrollment in two years with one required summer session. Students are required to complete general education core courses in Areas A through E plus the appropriate education program in Area F prior to admission to the B.S. in Education program. Students may take upper division level courses only after being admitted to the baccalaureate program. Through field experiences and teaching internships, Gordon State teacher candidates in the Associate of Arts and Bachelor of Science programs develop confidence in their chosen career path.

General Requirements and Procedures for Admission

Admission to the Bachelor of Science in Education Program is granted on a space available basis. Applicants who meet all admission requirements are ranked according to their qualifications and admitted in order of their rank until all available spaces are filled. As such, not all individuals who meet the admission requirements may be admitted. Since the program of study involves working in elementary schools, prospective candidates must also consent to a criminal background check. Once admitted to the program, fingerprinting is required prior to field placement. Disciplinary action at Gordon State College and any other institution that the student has attended, including the military, may prevent admission.

Applications to Gordon State College and to the B.S. in Education program are available online. Applications to the B.S. in Education program must be submitted to the School of Education. Prospective students may contact the School of Education for an application packet. Applications must be submitted with qualifying GPA and GACE Basic Skills Assessment (or SAT/ACT/GRE exemption documentation) to be considered. Application materials must be complete for full acceptance.
Admission Requirements

Admission to the B.S. in Education program is competitive and granted on a space available basis. In order to be considered for admission:

1. Applicants must be admitted to Gordon State College and in good standing with the College.

2. Applicants are projected to complete all of the lower level courses in an Associate of Arts program for Early Childhood Education, by the end of the summer semester prior to beginning fall semester, to include an overall last attempt GPA of 2.75 or better.

3. Applicants must have a grade of “C” or higher in all Area A and Area F courses.

4. Applicants must provide proof of a “passing” score on GACE (Basic Skills Assessment) OR provide proof of exemption.

5. Applicants must complete all portions of the “Application for Admission to the Bachelor of Science in Education Program.”

Students transferring to Gordon State College must meet all criteria for admission to the BSED as outlined above.

Students accepted for admission will be part of a cohort of students enrolled in the program of study throughout the early childhood education courses, field experiences, and internship. Upon acceptance, students are required to submit proof of professional liability insurance coverage. Currently, candidates are admitted only for full-time study.

Academic Progress and Policies

Teacher candidates must meet the following requirements to progress in the Education Program:
- maintain an overall GPA of 2.50 or higher,
- complete all professional education courses with at least a grade of “C” in each course, and proficiency on related assessments,
- complete one year of upper division coursework and student teaching internships in full-time residence at Gordon State College,
- have professional liability insurance throughout the duration of the program,
- provide evidence of having taken the appropriate GACE Content Assessment for Early Childhood Education prior to student teaching.
• adhere to all policies of Gordon State College, the Teacher Education Division, and associated Local Boards of Education,

Re-entry

A teacher candidate who voluntarily withdraws from the B.S. in Education program must submit a request in writing for readmission to the education program along with a completed education application form at least one semester prior to the semester in which the teacher candidate wishes to attend. A candidate must meet all of the admission/acceptance requirements, including an overall GPA of 2.75 or higher in order to be considered. Re-entry occurs on a space available basis.

Dismissal

Failure to meet progression requirement(s) will result in dismissal from Teacher Education. Unprofessional conduct, unsafe educational practices, or unethical professional practices will result in dismissal from Teacher Education. The Gordon State College teacher candidate is responsible for fulfilling academic responsibilities in an honest and forthright manner. The Gordon State College Catalog contains a full description of these rights and responsibilities and the disciplinary procedures that will guide the action of faculty and administration should a candidate commit prohibited behaviors. In addition, academic dishonesty or misconduct may result in dismissal from the education program.

**Portfolio**

Each teacher candidate develops an electronic portfolio of documents, artifacts, resources, evaluations, and instructional plans that counts as evidence for successfully meeting the ten conceptual framework standards.

**Field Experience and Internship**

School districts in this region serve as collaborative partners in providing access to programs, students, and mentor teachers. Gordon State College Teacher Candidates must comply with the same policies and procedures of local boards of education that apply to their own full-time teaching faculty. This will also include a current criminal background check and fingerprinting. Additionally, candidates shall comply with codes of dress, conduct, punctuality, and professionalism when they are present on school campuses. Field experiences are planned to enable candidates to participate in a wide variety of activities with all appropriate grade levels, educational settings, diversity of students and staff.

In the semester prior to graduation, candidates will complete full-time student teaching. Decisions regarding placement will be made so as to provide an opportunity for this internship with an age/grade level approximate to the candidate’s area of interest. However, no student teaching will be scheduled in a school that the candidates may have attended or where they have relatives.
Secondary Certification Programs

Gordon State College began offering a Bachelor of Science with a major in biology and a major in mathematics in Fall 2010. One track of each of these majors leads to a certificate for teaching in Georgia secondary schools. Gordon State College began offering a Bachelor of Arts degree with a major in English and a major in history in Fall 2011. One track of each of these majors leads to a certificate for teaching in Georgia secondary schools.

All Secondary Education programs at Gordon State are fully accredited by the Professional Standards Commission of Georgia and the National Council on Accreditation of Teacher Education (NCATE). Below you will find the policies that are currently in place for the programs in biology, mathematics, history and English.

Certification programs for those students who wish to be high school teachers are currently offered in Biology, Mathematics, English, and History. Students who wish to seek state teacher certification in any of these content areas should major in the appropriate area in order to attain a baccalaureate degree. Additional classes leading to teacher certification are listed below and may be begun as early as the student’s junior year of study.

Additional Course Requirements for Teacher Certification

BIOL 4800, MATH 4800, ENGL 4800, or HIST 4800: Content-Specific Pedagogy
EDUC 3005: Secondary Curriculum, Instruction, and Assessment
SPED 3105: Exceptional Learner in the Secondary Classroom
LART 3006: Reading in Content Areas
EDUC 3505: Secondary Practicum (fieldwork)
EDUC 4505: Secondary Internship (student teaching)

In addition, if EDUC 2110 (Educational Issues), EDUC 2120 (Diversity), and EDUC 2130 (Teaching and Learning) were not completed prior to their junior year, these courses must also be completed before higher-level coursework can be begun.

Field Experience and Internship

School districts in this region serve as collaborative partners in providing access to programs, students, and mentor teachers. Gordon State College Teacher Candidates must comply with the same policies and procedures of local boards of education that apply to their own full-time teaching faculty. This includes a current criminal background check and fingerprinting. Additionally, candidates shall comply with codes of dress, conduct, punctuality, and professionalism when they are present on school campuses. Field experiences are planned to enable candidates to participate in a wide variety of activities in different educational settings with diverse students and staff. Field placements in EDUC 3505 are made at either the middle school or high school level with EDUC 4505 placements being made in the opposite. Candidates are thus assured of field experience at all of the levels for which they will seek certification. Specific information regarding fieldwork requirements is in the Field Experience Handbook.

In the semester prior to graduation, candidates complete full-time student teaching in their area of expertise by registering for the appropriate course at Gordon State College. No student teaching will be scheduled in a school district that the candidates may have attended or where they have relatives.
Teacher Certification

Gordon State College will recommend candidates for certification and final candidates must complete all application requirements for initial certification through the Georgia Professional Standards Commission. This includes passing scores on appropriate GACE content assessments.

BACHELOR OF SCIENCE IN HUMAN SERVICES

Major in Human Services

Human Services is a multidisciplinary profession integrating the fields of psychology, sociology, government and administration. Persons who are motivated to work with individuals and families in direct efforts to improve service delivery and to assist members of society in functioning as effectively as possible will find the field of Human Services a rewarding experience. Human service professionals can expect to find employment in a wide variety of settings, including government and private social service agencies, vocational rehabilitation facilities, substance abuse rehabilitation centers, correctional facilities, community mental health centers, child and family services, and residential facilities treating the elderly and intellectually challenged.

Curriculum

Because of the wide diversity of opportunities in the human services field, human services professionals are best prepared by an interdisciplinary faculty delivering an interdisciplinary curriculum. The BS in Human Services curriculum at Gordon State College includes required courses in psychology and sociology and recommended courses in business and communication. Thus, this curriculum provides the breadth and depth of knowledge required to succeed in their future endeavors. While graduates of the program will receive excellent preparation for various masters and doctoral programs, the primary emphasis of the curriculum will be to provide practical, real-world training so that graduates can gain immediate employment.

Students may begin taking upper division courses as soon as the second semester of their sophomore year, providing they have completed the following courses: PSYC 1101, SOCI 1101, and HUSV 2101. As part of the curriculum, students will be required to complete a semester long internship with a human services agency that will require a minimum of 15 hours of work per week. Simultaneous to the internship, students will complete a capstone classroom seminar experience in order to discuss and process their work experience.

The course requirements of the Human Services major follow:

BACHELOR OF SCIENCE IN MATHEMATICS

Major in Mathematics

The Gordon State College major in mathematics ensures that students have the broad knowledge of mathematics and the intellectual skills necessary to pursue a number of different career and study paths. The major is defined by two tracks. In Track One, Mathematics, the student will be prepared to seek employment in a wide range of jobs that need to be filled with college graduates who have well-developed problem solving and analytical skills. Further, students completing Track One who work with their advisors to wisely choose their electives can pursue graduate studies in mathematics or cognate areas such as statistics, biostatistics, operations research, and actuarial science. In addition, high-performing mathematics majors with appropriate electives are very competitive for positions in law schools and professional schools in medicine and dentistry.

Presently, the state of Georgia is experiencing a shortage of highly qualified teachers to teach mathematics in high school classrooms. Track Two in the mathematics major is designed to address this crisis. Track Two of the mathematics major has been carefully crafted to ensure that Gordon State College graduates in mathematics will be the highly qualified teachers in Georgia’s future.

Students who desire to complete Track Two and earn teaching credentials in Georgia must apply for admission to the Teacher Education Program by the midway point of their sophomore year. On page 138 of this catalog are found the requirements for admission to this program and the steps involved in applying for admission. In addition to reading carefully the materials on pages 137-140, the prospective teacher education candidate should contact the School of Education by the midway point of their sophomore year. Mathematics majors seeking teacher certification should take EDUC 2110, 2120, 2130 as early in their studies as possible.

Gordon State College also offers a minor in mathematics. The description of the minor is found immediately after the description of the major.
The course requirements of the two tracks of the mathematics major follow:

2. Be admitted to Gordon State College prior to the RN-BSN nursing application deadline
3. Have an overall GPA of 2.5
4. Completion of all prerequisite core curriculum course work with a grade of “C” or higher by the beginning of the RN-BSN program
5. Submit all required application materials as one packet including a signed and dated application and copies of all college transcripts or if currently enrolled, a copy of academic summary
6. If the student is an international student whose native language is not English and who did not receive a nursing degree from an accredited U. S. institution, the student must submit scores, not more than two years old, on the Test of English as a Foreign Language (TOEFL). Official TOEFL scores of 550 paper-based, 213 computer-based, or 79 internet-based are required.
Admitted Candidates

All candidates must participate in clinical experiences to meet specific course requirements in the RN-BSN Completion Program. Therefore, candidates will be required to verify that they are available for clinical experiences during the Fall and Spring semesters. Since the program of studies involves working in healthcare facilities, prospective candidates must also consent and obtain the following prior to enrolling in any clinical nursing courses:

1. A current Georgia Board of Nursing registered nurse license
2. Health requirements: (a) health history and physical examination; (b) immunization requirements including measles, rubella, and hepatitis B and as may be required by clinical facilities; (c) tuberculosis screening; (d) current American Heart Association CPR for Healthcare Providers' certification; (e) personal health insurance. Personal health insurance is a requirement of the Board of Regents in Georgia for students in healthcare professions. If a student does not have personal health insurance, they will be billed through Gordon State College; (f) health professions RN liability insurance. This is billed through Gordon State College.
3. A criminal background check and drug screen. The student will be responsible for the expense of the background check and drug screen. If a student is denied a clinical experience at any clinical agencies because of findings in the student’s criminal background check or drug screen, the clinical requirements for that course cannot be met. The student would then not be able to successfully complete the course; therefore, withdrawal from the program would be required. Gordon State College has no way of knowing or controlling who will be permitted to have clinical experiences in the agencies.

Progression Policy

1. If a student has not passed the NCLEX exam and received a Georgia Board of Nursing license by the start of classes each Fall semester, the student will not be allowed to enroll in any Fall semester RN-BSN classes under any circumstances. If the student does not present a valid Georgia Registered Nurse license, he/she must withdraw from the program. Once the student passes the NCLEX and obtains a valid Georgia Board of Nursing license, they may reapply for consideration to enter the following Fall semester. Prior to acceptance into any Fall semester clinical courses, the RN student must perform a detailed health assessment equal to that which they learned the previous summer in the Health Assessment and Promotion course. Following the successful completion of the health assessment in the laboratory
setting, the student will be allowed to register for the Fall semester course with a clinical component.

2. To progress through the RN-BSN completion program each student must attain a “C” (75%) or better to pass any nursing course and have satisfactory clinical performance. A student not obtaining a passing grade of a “C” (75%) in a course may repeat that course at the next available offering. Students may repeat one failed nursing course (less than 75%), but may repeat it only once. The student will be dismissed from the program if there is a second failure of this course or another future course.

For policies on dismissal from the program, re-entry into the program, and academic dishonesty, see the student handbook for the RN-BSN program.

Graduation Requirements

1. Completion of the University System of Georgia Core Curriculum (including history and constitution requirements)
2. Successful completion of all RN-BSN nursing courses including the Senior Capstone project with a minimum grade of 75%
3. Successful completion of 123 total semester hours which includes:
   - 61 semester hours USG core curriculum, including one hour from Area G
   - 31 hours of articulation credit from an accredited associate or diploma program in nursing (see RN-BSN Articulation Plan found below)
   - 31 hours specific hours of upper division nursing credit

Georgia RN-BSN Articulation Plan

Gordon State College supports the Georgia RN-BSN Articulation model for entry and progression through the program. The registered nurse articulating to the baccalaureate level will be awarded 31 semester hours accrued from their previous associate or diploma degree. These credits will be held in escrow until the baccalaureate candidate successfully completes 7 semester hours of RN-BSN nursing credit at Gordon State College. Credits held in escrow will then be added to the student’s transcript.

During the admission process, any RN student who has not graduated from a nursing program in the State of Georgia will have their transcripts reviewed. Nursing courses will be evaluated and must be comparable to the requirements set for students graduating from programs of nursing in the State of Georgia. Gordon State College reserves the right to ask an
applicant from an out of state nursing program to satisfy any curricular deficiency prior to acceptance into the RN-BSN program.

Admission Requirements

Applicants must have graduated from high school or received a GED. All students must have a completed admissions file in the Gordon State College Office of Admissions and have received an acceptance letter from Gordon State College by the deadline of the application period for which you are applying. **Students must also submit a separate application for the nursing program. Application periods and required paperwork is listed online at www.gordonstate.edu/nursing.**

To be considered for acceptance into the nursing program, students must have:

1. **Formal** acceptance to Gordon State College
2. Exemption from or completion of all Learning Support classes
3. Nursing core classes **MUST** be completed with a minimum GRADE of **C** or better. Grades of **D** are not accepted by the Nursing department
4. Minimum overall GPA of **2.5** to be eligible to apply
5. Completion of the Critical Thinking Entrance Assessment. Minimum score of 70% must be achieved. See Nursing website for detailed information.
6. **BIOL 2210, 2211, and 2250** must all be **LESS than 5 years old at the time of admission. NO EXCEPTIONS.**
7. Not failed two (2) or more nursing courses in any nursing program, including LPN. A grade of D is considered failing in a nursing program; and
8. Certified Nursing Assistant (CNA) training is strongly encouraged by the School of Nursing and Health Sciences. Extra consideration will be given to applicants with a CNA. Once admitted, those students who have completed a CNA or other health related certifications will be allowed to test out of selected skills via a skills validation check-off.
9. Ability to meet Technical Standards

**It is strongly suggested that 75% of the core course requirements be completed prior to applying to the nursing program.** Generally, the first year of study is spent on campus taking core course requirements for the nursing curriculum.

*Self-managed nursing applications are available ONLINE ONLY during selective periods from the School of Nursing and Health Sciences website at www.gordonstate.edu/nursing. Application deadlines are posted online.* Admission to the Nursing Program is selective and competitive.
Applicants are ranked from highest to lowest and the applicants with the strongest credentials will be accepted first. A student must receive a letter of acceptance from the Nursing Program to be admitted for classes. There is NO WAITING LIST for the Nursing Program. Applicants who are not accepted must reapply during the next application period. The Nursing Program reserves the right to end the application period once enough qualified applications have been received.

Re-Admit Policy

A Gordon student may attempt the Gordon State College Nursing Program no more than a total of two times if eligible. A pre-licensure student, other than those students in the first semester of the nursing program, who fails a nursing course may return one time after completing the readmission process as described in the Nursing Student Handbook. Readmission is not guaranteed. First semester nursing students who do not pass either or both of the nursing courses will not be allowed to return to the program. All Gordon State nursing students who withdraw passing from nursing courses may apply to return to the Nursing Program one time. Readmission is not guaranteed. First semester students must wait ONE ACADEMIC YEAR to apply to re-enter the program by completing an application to the nursing program during the application period for the semester they are seeking to be readmitted (i.e., if the student left the program in the Fall semester, an application must be submitted during the application period for the next Fall semester). These students must meet the admission criteria of the application period for which they are seeking admission.

General Degree Requirements

For graduation with an Associate of Science in Nursing (ASN) degree, these requirements must be completed in accordance with the academic regulations stated in this catalog and in the Gordon State College Nursing Student Handbook:

1. Complete the prescribed curriculum with a minimum 2.0 grade point average. A minimum grade of “C” (2.0) is required for each core course and for each nursing course in the curriculum.

2. Complete all nursing courses at Gordon State and be registered at the College during the semester that all graduation requirements are satisfied.

3. Complete the Constitution and history requirements described in Area E as required by the State of Georgia.

Clinical Assignments

All clinical agencies will require criminal background checks and drug screens. Students must comply to be eligible to attend clinical. See page 152, Admitted Candidates, for details.

If a student is denied a clinical experience at one clinical agency because of findings in the student’s criminal background check or drug screen, the clinical requirements for that course cannot be met. The student would then not be able to successfully complete the course; therefore, withdrawal from the program would be required. Gordon State College has no way of knowing or controlling who will be permitted to have clinical experiences in the agencies.

Licensing Examination

Admission to the nursing program and completion of course requirements do not guarantee students the right to take the licensing examination for registered nurses. In order to take the National Council Licensing Examination for Registered Nurses, graduation with an Associate of Science in Nursing degree is required. Students must submit an application for licensure to a state board of nursing.

An applicant who has been indicted or convicted of an offense other than a minor traffic violation, who is under investigation for possible violation of the Nurse Practice Act, or who has been issued a license which has been encumbered (denied, revoked, suspended, surrendered, restricted or placed on probation) by any state board may be permitted to take the licensing examination at the discretion of the Georgia Board of Nursing. The license may not be issued until the matter is resolved to the satisfaction of the Board. If charges are substantiated, the license may be denied or sanctioned despite the applicant’s meeting all other criteria for licensure.

GSCANS

Students are encouraged to join the Gordon State College Association of Nursing Students (GSCANS). Membership provides opportunities for interaction with peers, participation in community service activities, and transition to professional practice.

Student Representatives

Each nursing class will elect representatives who may attend the Student Focus Committee meetings, present the general concerns of their
classmates, and participate in discussion of non-confidential topics. Student representatives are not eligible to vote.

**LPN to RN Bridge Program**

This is a program for LPN’s who wish to further their education to become an RN. The classes will begin in the spring semester (January) each year and continue in Fall and the following Spring. No summer semester exists.

**Admission Requirements**

To be eligible for admission to the LPN Bridge Program, a student must meet the admission criteria for both Section A and Section B as listed below. **Application deadline for the January class occurs the summer prior to the January term start.** Check the nursing website for exact details: [www.gordonstate.edu/nursing](http://www.gordonstate.edu/nursing). Conditional acceptance will be granted before the ATI LPN STEP Test, Dosage Calculation Test, and Skills Test will be scheduled. **Final acceptance will occur after successful completion of all three tests.**

**Section A**

1. **Formal** acceptance letter from Gordon State College by July 30.
2. Exemption from or completion of all Learning Support classes.
3. Completion of Nursing Program application.
4. Nursing core classes **MUST** be completed with a minimum GRADE OF **C** or better. Grades of **D** are not accepted by the Nursing department. Prerequisites for NURS 1906, NURS 1911, and NURS 1912 must be completed with a grade of **C** or better. See nursing curriculum for details.
5. Minimum overall GPA of **2.5** to be eligible to apply.
6. Completion of the Critical Thinking Entrance Assessment. Minimum score of 70% must be achieved. See nursing website for detailed information.
7. **BIOL 2210, 2211, and 2250 must all be LESS than 5 years old at the time of admission to the program. NO EXCEPTIONS.**
8. Have a minimum of one year of practice as a Licensed Practical Nurse.
9. Hold a current valid Georgia license as a Licensed Practical Nurse.
10. Ability to meet Technical Standards.

**Section B**

1. Successful completion of ATI LPN STEP test
2. Successful completion of Dosage Calculation Test
3. Successful completion of Skills (lab) Test

LPN-RN Program Policies

Students who apply to both the ASN and LPN Bridge Program can only accept a seat in one of them. The other seat will be relinquished.

Any student who was previously in the Gordon State College Nursing Program who was not successful after the first attempt but has subsequently become a LPN and meets the above criteria is eligible to apply for this program. A student who has failed no more than two nursing courses in any prelicensure RN program can apply (or reapply) to the associate degree nursing program if the student meets all admission criteria as well as the following: applicant has graduated from an LPN program with all nursing courses having a grade of “C” or better, has an active LPN license, has completed ALL core courses for the associate degree program, and will sign a detailed contract with the Dean of the School of Nursing if admitted to the program. The contract will include that the applicant is aware that he/she must have an overall and nursing program GPA of 2.0 by graduation and a statement indicating how he/she will be successful in the program.

Students who successfully complete the ATI LPN STEP Test, Dosage Calculation Test, and Skills Test will have those scores leading to validation of Nursing 1910 and 1905 held in escrow until Nursing 1906, 1911, and 1912 have been successfully completed.

If the student withdraws passing from Nursing 1906, 1911, and/or 1912 and remains out for one year or more, the scores for the ATI LPN STEP Test, Dosage Calculation Test, and Skills Test are no longer valid.

No one is allowed to attempt the LPN Bridge Program validation testing more than two times. If the student withdraws from the program passing, that student may apply for re-entry one time. If a student has attempted the LPN Bridge Program admission testing twice and has not been successful, that student is not eligible to apply to the regular program or reapply to the LPN Bridge Program.

Any LPN who enters the program through Nursing 1901 and 1921 or 1910 and 1905 and is not successful in any nursing class will not be eligible to enter the LPN Bridge Program.

SPECIAL ACADEMIC PROGRAMS

ENGINEERING STUDIES

Regents Engineering Transfer Program

Qualified students seeking a bachelor of engineering degree may begin their college studies at Gordon State College through the Regents Engineering Transfer Program (RETP). Upon successful completion of the pre-engineering curriculum, students may transfer to the Georgia Institute of Technology to complete the degree requirements. It is expected that students in this program, like other Georgia Tech graduates, will normally require four to five and one-half years to complete the degree requirements, depending on their pre-college preparation, involvement in extracurricular activities, and engineering major.

There are three different methods for admission to the Regents Engineering Transfer Program at Gordon State College.

1. Entering freshman students must have achieved at least:
   a. A combined SAT score of 1090;
   b. Minimum of 440 on the verbal portion of the SAT;
   c. Minimum of 560 on the math portion of the SAT; and
   d. 3.0 high school grade-point average in academic courses.

2. Entering freshman students who do not meet the requirements above may still be admitted to this program, if they have been accepted for admission to an Engineering Program at Georgia Tech (based on high school academic performance). Such students must provide proof of the acceptance to Georgia Tech.

3. Students who do not initially meet the requirements of either of the above methods may join the Regents Engineering Transfer Program at the end of their freshman year, if they meet the following requirements:
   a. Completion of Calculus I and Calculus II, with grades of at least “B”;
   b. Completion of Principles of Chemistry I and Calculus-Based Physics I, with grades of at least “B”; and
   c. A Gordon State College grade-point average of at least 3.0.

Gordon State College’s faculty members have worked closely with Georgia Tech’s faculty to assure a curriculum which is well-coordinated with that of Georgia Tech. Specific times each year have been established.
for students to visit the Georgia Tech campus and meet with representatives of their anticipated major.

Regents Engineering Transfer Program students who satisfactorily complete the pre-engineering curriculum and apply for transfer will be accepted to Georgia Tech. However, admission to the most popular majors, as for the other Georgia Tech students, will be based upon overall grade-point average, performance in the required prerequisite courses, and availability of student spaces.

The student who completes the designated RETP program of study, as well as the core curriculum requirements of Gordon State College, will have satisfied the requirements to graduate from Gordon State College with an Associate of Science degree with an area of concentration in physics.

The programs of study for the Regents Engineering Transfer Program are listed on the following pages. Because these programs include a concentration of technical courses, as well as calculus and physics courses, the student may decide to devote one or two additional semesters to study at Gordon State College before transferring to Georgia Tech.

**Other Engineering Transfer Programs**

Enrollment in the Regents Engineering Transfer Program is limited to those students who meet the qualifications listed above and desire to go to Georgia Institute of Technology. However, students who do not meet the specific qualifications for RETP may still enroll in the pre-engineering program and take the course that will prepare them to enter the junior year at Georgia Tech or any other university that offers baccalaureate programs in engineering. As with the RETP students, these students should complete the programs which are outlined below:

**Engineering Technology Programs**

Several institutions in the University System of Georgia offer strong majors in engineering technology. Completing the Gordon State College Area F in pre-engineering will also prepare a student to transfer successfully to these programs.
Engineering Transfer Programs of Study

Students wishing to complete the RETP program (or generic pre-engineering) at Gordon State College and graduate from Gordon State College will complete the following courses while completing the Gordon State core curriculum.

GORDON STATE COLLEGE HONORS PROGRAM

The Honors Program of Gordon State College provides opportunities for academically talented and intellectually curious students to obtain an enhanced collegiate educational experience. The program encourages a small group of highly engaged students from diverse academic disciplines to participate in an enriched learning environment. Students in the Honors Program take alternate versions of regular classes that not only fulfill core curriculum requirements, but also focus on critical thinking skills, discussion, and individual research. Honors courses are not necessarily “harder” classes, but they are classes that provide students the chance to explore topics in a way that standard courses do not allow. Honors courses allow students to work with the best faculty on campus and facilitate the development of a sense of community with other like-minded students. Outside of the classroom, the Honors Program also provides a broad array of cultural experiences, specialized academic advising and mentoring, and additional opportunities for service learning and self-discovery.

Students in the Honors Program enjoy a number of special privileges:

• Small class sizes in Honors sections and the chance to develop camaraderie with other highly prepared and motivated students.
• Priority registration with the first choice of classes each semester.
• Honors classes created to stimulate and challenge intellectual development.
• Honors housing opportunities for students who desire academically focused living arrangements on campus.
• Special event trips each year to museums, theatres, and festivals.
• Service learning opportunities on campus and in the surrounding community.
• Student honors conferences at colleges and universities in the region.
• Special recognition at graduation, with designation on diploma and regalia.

Requirements for Admission into the Honors Program

For entering Freshmen (full-time or part-time students):

• *Minimum 1100 SAT (verbal and math composite) or 24 ACT (composite)

INITIATIVE FOR ACADEMIC LITERACY IN THE FIRST YEAR

In its general sense, “academic literacy” is defined as the necessary skills, practices, and attitudes for successfully engaging oneself within the academic community and ensuring continued academic progress within a college or university setting. At Gordon State College, we identify the successful demonstration of academic skills, practices and attitudes as including:

- A working knowledge of the policies and procedures of the college
- An ability to locate and utilize Gordon State College resources to their fullest extent
- An appreciation of the college’s history and continued mission
- A willingness to interact with a diverse faculty, staff, and student body
- An understanding of the interconnectedness of knowledge and learning
- A positive, engaged attitude towards active learning
- An awareness of the unique and specific expectations of college
- A mature and respectful classroom presence
- An overall sense of connectedness to the Gordon State College community

The strengthening of academic literacy at Gordon State College should enable students to better navigate their way through the complete college experience, providing them with knowledge of the culture of academia, an understanding of its behavioral and technical requirements, the skills for success within the academic environment, and a sense of belonging to a community of educated individuals capable of making the best decisions for themselves and the larger culture of our state and country.

As part of our commitment to strengthening the potential for students to succeed at this institution and beyond, Gordon State College has developed a number of programs intended to enhance academic literacy skills. These include:

**Learning Communities**: This is a group of linked classes gathering a common group of students in order to facilitate cooperative learning and an appreciation of the interconnections among the assorted academic divisions comprising the core curriculum.

**A First-Year Experience Course**: This course is designed to acquaint first-year students with the Gordon State College campus, its
resources and procedures, and with the practices and expectations of the larger academic community in order to better prepare students for college success and passage into their professional lives.
The unit of credit associated with all course work is the semester hour, representing the equivalent of 50 minutes of class time. Each credit course offered by Gordon State College is designated in this catalog by a three digit code to indicate the number of semester hours associated with the course. For example, ENGL 1101 is designated with the code (3-0-3). The first digit (3-0-3) indicates the number of semester hours per week the course meets in a lecture; the second digit (3-0-3) indicates the number of semester hours per week the course meets in a laboratory or practicum setting; and the third digit (3-0-3) indicates the total number of semester hours the course receives.

Laboratory science courses, except biology, are designated in this catalog with the letter K (e.g., Principles of Chemistry I is designated CHEM 1211K). Laboratory sections for biology courses are designated in course schedules with the letter L (e.g., Principles of Biology I Lab is designated as BIOL 1107L in course schedules).

Each course description listed below includes a four letter course prefix, a four digit course number, the course title, course prerequisites, a credit hour designation, and a brief course description. The prerequisite listing is designed to make students aware of any restrictions that may prevent them from registering for that course.

**SPECIAL PREREQUISITE REQUIREMENTS FOR LEARNING SUPPORT STUDENTS**

The prerequisite listings given above apply only to students without Learning Support requirements. Students with Learning Support requirements have additional restrictions placed on them. For a complete listing of courses that may be taken concurrently with Learning Support courses, see page 315 of this catalog.

REV: 3/19/2014
Gordon State College believes in a positive approach to student life on campus. Gordon’s emphasis is on the idea that college students have the same rights and privileges that are available to all other citizens, that no special rights exist on the campus nor in the name of the College, and that the rights which all citizens enjoy can continue only so long as they do not interfere with the rights of others. Assurance of the continuation of these freedoms is dependent upon all college constituents abiding by the rules and laws, and upon lawfully and peacefully seeking changes in the rules and laws with which they may disagree.
Gordon State College recognizes and supports local, state, and federal laws and policies of the Board of Regents, with respect to the sale, use, distribution, and possession of alcoholic beverages and illegal drugs, as well as the Drug-Free Postsecondary Education Act of 1990 with respect to the manufacture, distribution, sale, possession, or use of marijuana, controlled substances, or dangerous drugs on college campuses and elsewhere.

**Standards of Conduct**

- State of Georgia Statutes declare that it is unlawful for any person less than 21 years of age to possess or consume alcoholic beverages.
- It is unlawful to sell, give, serve, or permit to be served alcoholic beverages to a person less than 21 years of age. Furthermore, servers can be held civilly liable for damage caused by underage drinkers to whom they provided alcoholic beverages.
- It is unlawful to be under the influence of, use, possess, distribute, sell, offer, or agree to sell, or represent to sell narcotics, hallucinogens, dangerous drugs, or controlled substances, except as where permitted by prescription or law.
- To receive federal student aid, a student must not have a drug conviction for an offense that occurred while they were receiving federal student aid (such as grants, loans, or work-study).

**Alcohol Policy**

Gordon State College expressly prohibits the unauthorized or illegal use, possession, sale or distribution of alcoholic beverages on campus. Student activity funds or state funds may not be used for the purchase of alcoholic beverages. Gordon State College is committed to recognizing, upholding and enforcing the laws of the State of Georgia. Violation of those state laws, incorporated into the Gordon State College Alcohol and Drug-Free Campus Policy, will not be condoned on the campus or at any activity held off campus by any constituency. Exceptions to the policy of no alcohol on campus may from time to time be permitted at the discretion of the President of Gordon State College.

**Drug Policy**

Gordon State College prohibits the possession, use, or distribution of drugs and alcohol by students and employees on the Gordon State College
campus or as any part of Gordon State College’s activities, whether on or off campus. Gordon State College is committed to recognizing, upholding and enforcing the laws of the State of Georgia. Violation of those state laws, incorporated into the Gordon State College Alcohol and Drug-Free Campus Policy, will not be condoned on the campus or at any activity held off campus by any constituency.

Student Organization Responsibility for Drug Abuse

Official Code of Georgia Annotated Section 20-3-90 et seq., provides that any student organization functioning at any university system institution which knowingly permits or authorizes the sale, distribution, serving, possession, consumption, or use of marijuana, a controlled substance, or a dangerous drug when such sale, distribution, serving, possession, consumption, or use is not in compliance with the laws of this state shall have its recognition as a student organization withdrawn, shall be expelled from campus for a minimum of a calendar year from the year of determination of guilt. The organization shall also be prohibited from the use of all property and facilities of the university system institution with which it is affiliated. These disciplinary actions are subject to administrative review and hearing procedures as are provided in the code.

Travel Policy

Students should be aware that they are responsible for abiding by the Drug-Free Campus Policy and that they may be held liable, both civilly and criminally, in the case that they are found in violation. When students travel, they should know that their point of destination is considered an extension of the campus. Violations occurring off campus will be treated the same as if the violations occurred on campus.

All students participating in extra-curricular travel are required to complete the necessary travel forms prior to departure and return them to the Student Activities Office. These forms can be obtained from the Director of Student Activities or online.

Risks Associated with the Alcohol Abuse and Illicit Drug Use

The inappropriate or excessive use of alcohol and other drugs are associated with a variety of personal health risks, and risks to others. Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Moderate doses of alcohol may increase the incidence of a variety of aggressive acts, including murder, rape, armed
robbery, vandalism, spouse and child abuse, and drunk driving. High doses of alcohol often cause marked impairment in higher mental function, severely altering a person’s ability to learn and remember information and make judgments. Heavy use may cause chronic depression and suicide and is also greatly associated with the abuse of other drugs. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects described. The use of even small amounts of alcohol by a pregnant woman can damage her fetus.

Long-term heavy alcohol use can cause digestive disorders, cirrhosis of the liver, circulatory system disorders, and impairment of the central nervous system, all of which can lead to dependence, particularly in persons with one or more parents or grandparents who were problem drinkers. At least 15-20 percent of heavy users will eventually become problem drinkers or alcoholics if they continue drinking. Sudden cessation of alcohol intake by alcoholics is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, or convulsions, which can be life threatening.

Use of Illicit Drugs interferes with the brain’s ability to take in, sort and synthesize information. They distort perception, which can lead users to harm themselves or others. Drug use also affects sensation and impairs memory. Illicit drugs all have some health-threatening qualities, some more than others. Examples are lung damage for marijuana, central nervous system disorders for cocaine, heroin, and hallucinogens, and liver damage from inhalants. Dependence and addiction are constant threats to users. HIV is widely spread among intravenous drug users. Regular abuse of these substances generally exposes users to criminal elements who may influence users to become involved in criminal activities in addition to their already illegal drug use.

**Information on Alcohol and Drugs and Treatment Referral**

Gordon State College has no drug and alcohol treatment or rehabilitation programs. A community resource list with options for addiction treatment is available on the Counseling Center webpage including resources in Barnesville and surrounding counties. Programs listed as referral sources should not be interpreted as an endorsement by the College.

**Suspension from Public Institution for Convicted Drug Offenders**

Georgia law (see O.C.G.A. §20-1-23) mandates that any student of a public educational institution who is convicted of any felony offense involving the manufacture, distribution, sale, possession, or use of marijuana, a
controlled substance, or a dangerous drug, shall, as of the date of conviction, be suspended from the public institution in which such person is enrolled. The suspension shall be effective as of the date of conviction for the remainder of the term. A convicted student would forfeit any right to any academic credit otherwise earned or earnable for such term. The only exception allowed is in cases where the institution has taken student conduct action for the same offense prior to conviction.

**Student Conduct Sanctions for Alcohol/Drug Offenses**

Sanctions that may be imposed by Gordon State College for violators of this Policy include the following or any combination thereof: Reprimand; Restrictions; Probation; Suspension; Forced withdrawal or expulsion; Referral; Monetary fine.

STUDENT CODE OF CONDUCT

Students are admitted to Gordon State College with the expectation that they have developed acceptable personal standards of conduct and ethics. Students are expected to have a responsible attitude toward and respect for the regulations and standards of the College, the laws of the community, state, and nation, and the standards of fellow students.

College regulations go into effect at the time a student matriculates and continue until the time of graduation or withdrawal. By the act of registration, the student assumes an acceptance of the standards and regulations which are stated in this handbook and in other publications of the College. Students should realize that they may be held accountable through the College’s disciplinary system when an on-campus or off-campus offense is committed, which by its nature, would present a clear and present danger of serious physical or mental harm to the students or to another member of the College community or to College property. In such case, the Vice President for Student Affairs or official designee may impose the necessary temporary sanctions, pending a hearing.

A. Classroom Behavior

Such acknowledgment should occur whenever one directly quotes another person's actual words, appropriates another's ideas, opinions, or theories even when they are paraphrased, and whenever one borrows facts, statistics, or other illustrative materials unless the information is common knowledge.

The following is the policy of the Board of Regents regarding disruptive behavior in any institution of the University System. The rights, responsibilities, and prohibitions contained in this Statement are incorporated as part of these regulations.

“The Board of Regents of the University System of Georgia reaffirms its policies to support fully freedom of expression by each member of the academic community and to preserve and protect the rights of freedom of its faculty members and students to engage in debate, discussion, peaceful and non-disruptive protest and dissent. The following statement relates specifically to the problem described below. It does not change or in any way infringe upon the Board’s existing policies and practices in support of freedom of expression and action. Rather, it is considered necessary to combat the ultimate effect of irresponsible, disruptive and obstructive actions by students and faculty which tend to destroy academic freedom and the institutional structures through which it operates.

“In recent years a new serious problem has appeared on many college and university campuses in the nation. Some students, faculty members, and others have on occasion engaged in demonstrations, sit-ins, and other activities that have clearly and deliberately interfered with the regular and orderly operation of the institution concerned. Typically, these actions have been the physical occupation of a building or campus area for a protracted period of time or the use of display or verbal or written obscenities involving indecent or disorderly conduct.

“These actions have gone beyond all heretofore recognized bounds of meetings for discussion, persuasion, or even protest in that: (1) acquiescence to demands of the demonstrators is the condition for dispersal, and (2) the reasonable and written directions of institutional officials to disperse have been ignored. Such activities thus have become clearly recognizable as an action of force, operating outside all established channels on the campus, including that for intellectual debate and persuasion which are at the very heart of education.

“The Board of Regents is deeply concerned by this new problem. Under the Constitution of the State of Georgia, under all applicable court rulings, and in keeping with the tradition of higher education in the United States, the Board is ultimately responsible for the orderly operation of the several institutions of the University System and the preservation of academic freedom in these institutions. The Board cannot and will not divest itself of this responsibility.
“Of equal or even greater importance, such action of force as has been described above destroys the very essence of higher education. The essence is found in the unhampered freedom to study, investigate, write, speak, and debate on any aspect or issue of life. This freedom, which reaches its full flowering on college and university campuses, is an essential part of American democracy, comparable to the jury system or electoral process.

“For these reasons and in order to respond directly and specifically to this new problem the Board of Regents stipulates that any student, faculty member, administrator, or employee, acting individually or in concert with others, who clearly obstructs or disrupts, or attempts to obstruct or disrupt any teaching, research, administrative, disciplinary or public service activity, or any other activity authorized to be discharged or help on any campus of the University System of Georgia is considered by the Board to have committed an act of gross irresponsibility and shall be subject to disciplinary procedures, possibly resulting in dismissal or termination of employment.

“The Board reaffirms its belief that all segments of the academic community are under a strong obligation and have a mutual responsibility to protect the campus community from disorderly, disruptive, or obstructive actions which interfere with academic pursuits of teaching, learning, and other campus activities.

“The Board of Regents understands that this policy is consistent with resolutions adopted by the American Association of American Colleges in January, 1968, and by the Executive Committees of the Association for Higher Education in March, 1968, condemning actions taken to disrupt the operations of institutions of higher education” (Minutes, 1968-69, pp. 166, 169).
DISCIPLINARY PROCEDURES

Campus Wide

When a student is charged with violation of conduct regulations, the disposition of the student’s case shall be conducted according to the College’s due process requirements, in keeping with the procedures outlined below.

1. All complaints of alleged violation by students shall be made in writing to the Student Affairs Office. Each complaint shall contain a statement of facts outlining each alleged act of misconduct and the individual(s) known to be involved.

2. The student shall be notified by the Student Affairs Office of the accusation of a violation and will be asked to come to the Student Affairs Office for a conference to discuss the complaint.

3. At the above mentioned conference, the student shall be advised of the following options and asked to indicate a preference.
   a. The student may, in writing, admit or deny the alleged violation, waive all further hearings, and request that the College take appropriate action. In which case, the Vice President for Student Affairs or official designee will take appropriate action.
   b. The student may, in writing, appeal the disciplinary sanctions within 5 days to the Vice President for Student Affairs Office. The appeal shall state the nature of the appeal and the grounds for appeal. The information should be relevant to the case.
   c. A formal hearing before the Judicial Committee, in which case the Judicial Committee will make a recommendation to the Vice President for Student Affairs. The Vice President for Student Affairs will consider the Judicial Committee’s recommendation and take appropriate action. The Vice President for Student Affairs or official designee may, for good cause, refer any case to the Judicial Committee.

4. Students shall be notified in writing of final decision.
Residential Students

When an on-campus residential student is charged with a violation of the Student Conduct Code which involves breach of residence hall regulations in or around the residence halls (refer to *The Guide to Highlander Living*), the case shall be referred to the Office of Residence Life/Student Housing for appropriate action. The case will be investigated, processed, and a final disposition given by the appropriate official within the Office of Residence Life/Student Housing. In cases where breach of residence hall rules and regulations are involved, the disposition of the student’s case shall be conducted according to the College’s due process requirements, in keeping with the procedures outlined below.

1. All complaints of alleged violation(s) by resident students shall be made to the Office of Residence Life/Student Housing. Each complaint shall contain a statement of facts outlining each alleged act of misconduct and the individual(s) known to be involved.

2. The resident student shall be notified by the Office of Residence Life of the accusation of a violation and will be asked to come to the Office of Residence Life for a conference to discuss the complaint.

3. At the above mentioned conference, the student shall be advised of the following options and asked to indicate a preference:

   a. An **Informal Hearing** before the Director of Residence Life or official designee in which case the Director of Residence Life or official designee will take the appropriate action. If the resident student chooses an Informal Hearing, they assume responsibility for the alleged violation(s) and waive their right to appeal. The Director of Residence Life or official designee may, for good cause, refer any case to the Vice President for Student Affairs for campus wide disciplinary procedures.

   b. A **Formal Hearing** before the Residence Hall Council, in which case the Residence Hall Council will take appropriate action. The purpose of the Residence Hall Council of Gordon State College shall be to determine whether a student has violated Residence Hall policies, and to recommend appropriate sanctions to the Director of Residence Life or official designee.

4. Students shall be notified in writing of final decisions.
Students have the right to appeal the decision of the Residence Hall Council. Appeals must be submitted within three (3) days of receiving the decision of the Residence Hall Council to the Vice President for Student Affairs or official designee. A student may appeal on grounds that evidence was not sufficient to find him/her guilty, new evidence, committee bias, or disproportionate sanctions for the offense. The Vice President for Student Affairs or official designee shall review the case, and all related documents, and shall render a decision to the student within three (3) working days.

The Vice President for Student Affairs or official designee’s decision in residence life disciplinary matters is final.

**Disciplinary Procedures**

Disciplinary Procedures at Gordon State College are local administrative hearings and will not be bound by strict rules and legal evidence. It may receive any evidence deemed by the Chair of the Judicial Committee or the Vice President for Student Affairs or official designee to be of probative value in determining the issues involved. Every effort shall be made to obtain the most reliable evidence available. All questions as to the admissibility of evidence or other legal matters shall be decided by the Chair of the Judicial Committee or the Vice President for Student Affairs or official designee. This is a local administrative hearing and the College official(s) may exclude any person who may be reasonably expected to or actually does interfere materially with the hearing.

While firmly committed to the concept of due process, the College recognizes the fact that the student may be accused of on-campus or off-campus offenses which, by their nature, would present a clear and present danger of serious physical or mental harm to the students or to another member of the College community or to College property. In such cases, the Vice President for Student Affairs or official designee may impose the necessary temporary sanctions, pending a hearing if requested by the student.

Further, the Vice President for Student Affairs or official designee shall have power to impose such temporary sanctions, pending a hearing, when a student or student group engages in conduct which presents a clear and present danger to the freedoms and rights of other members of the College community in any manner whatsoever, or which may otherwise materially and substantially interfere with the requirements of appropriate discipline in the operation of the College.

5. Decisions of the Academic Judicial Committee shall be by majority vote.

6. Any member of the Academic Judicial Committee shall disqualify himself/herself if his/her personal involvement in the case is of such a nature as to be detrimental to the interest of the accused or the institution. Any member of the Academic Judicial Committee may be removed for challenge by cause by a vote of the remaining members of the committee present. In the event of a challenge to the Chair, the Faculty Senate Chair shall rule on the challenge.

7. All hearings of the Academic Judicial Committee will be closed. Only committee members, representatives from the Academic Affairs Office, the accused student(s), and the advisor to the accused may attend. Attorneys are not allowed.
8. The Academic Judicial Committee shall make a tape recording and/or summary record of the proceedings.

9. The Academic Judicial Committee shall provide a brief written summary of each case to the Provost and to the student involved.

Students have the right to appeal the decision of the Academic Judicial Committee. Appeals must be submitted within three (3) days of receiving the decision of the Committee to the Provost or official designee. A student may appeal on grounds that evidence was not sufficient to find him/her guilty, new evidence, committee bias, or disproportionate sanctions for the offense. The Provost or official designee shall review the case, and all related documents, and shall render a decision to the student within three (3) working days.

**Student Judicial Committee**

The purpose of the Student Judicial Committee shall be to hear all disciplinary appeals and recommend disciplinary sanctions to the Vice President for Student Affairs in cases of non-academic violations of College policies or regulations.

6. Any member of the Student Judicial Committee shall disqualify himself/herself if his/her personal involvement in the case is of such a nature as to be detrimental to the interest of the accused or the institution. Any member of the Student Judicial Committee may be removed for challenge by cause by a vote of the remaining members of the committee present. If anyone is removed for cause, Student Government Association will select another member from the pool.

7. All hearings of the Student Judicial Committee will be closed. Only committee members, representatives from the Student Affairs Office, the accused student(s), and the advisor to the accused may attend. Attorneys and/or family members are not allowed.

8. The Student Judicial Committee shall make a recording and/or summary record of the proceedings.

9. A recorded summary will be kept in the office of the Vice President for Student Affairs.

10. Within three (3) days of receiving the recommendation of the Committee, the Vice President for Student Affairs or official designee will notify the student of the final decision. The student can appeal in writing to the President within five (5) days of the notification of the decision of the Vice President for Student Affairs. The appeal must be based on substantial new evidence or sufficient grounds for good cause.

**Due Process**

Students have the right of due process when accused of any violation of College regulations or rules of conduct. This right includes the following:

1. The right to a hearing within a reasonable amount of time.

2. The right to adequate notification of the time and place scheduled for a hearing.

3. The right to adequate notification of the specific alleged violation(s).

4. The right to be present at the hearing without academic action resulting from class absence.
5. The right to have a currently enrolled student or a non-participating faculty advisor present. Attorneys and family members are not allowed.

6. The right to produce evidence, call and cross-examine witnesses, raise questions as to the procedure, or to remain silent.

7. The right of access to a recording of the Judicial Committee proceedings which will be made available at the student's request.

8. The right to attend classes and to have access to College facilities until the hearing process is completed. Exceptions are made when the student's presence or conduct disrupts the academic atmosphere of the school, endangers fellow students, teachers, or school officials, or damages property. In such cases, the Vice President for Student Affairs or official designee may impose protective measures including suspension pending a hearing at the earliest possible time.

**Disciplinary Measures**

The following are possible disciplinary measures which may be imposed upon a student for an infraction of the Student Code of Conduct. This list shall not be taken to be exhaustive and may be enlarged or modified to meet particular circumstances in any given case.

1. **Expulsion** - Permanent, forced withdrawal from the College constitutes the maximum disciplinary penalty. Although expulsion may be imposed on the first offense, it is usually administered after other methods of discipline have been exhausted. Expulsion from the College is indicated on the student's transcript, and he/she may not re-enter or visit the College.

2. **Disciplinary Suspension** - Forced withdrawal from the College for a specified time. Suspension is for a period of not less than one full semester. During any period of suspension or withdrawal associated with disciplinary reasons, a student may not visit the campus for reasons other than clarification of academic or behavior record. No transfer credit from another institution which is earned, while the student is under suspension from Gordon State College, will be accepted for credit toward a degree at Gordon State College.

3. **Disciplinary Probation** - Notice to the student that any further disciplinary violation may result in suspension or expulsion without appeal. Disciplinary probation might also include one or more of the
following: the setting of restriction, the issuing of a reprimand, or restitution.

4. **Restrictions** - Exclusion from participating in:
   a. Social activities
   b. Identification card privileges (cafeteria, library, etc.)
   c. Parking areas

5. **Reprimand**
   a. **Oral Reprimand** - an oral disapproval issued to the student.
   b. **Letter Reprimand** - a written statement of disapproval to the student.

6. **Restitution** - Reimbursement for damages to or misappropriation of property, this may take the form of appropriate service or other compensation.

7. **Discretionary Sanctions** - Work assignments, service to the College, counseling, alcohol evaluation, or other related discretionary assignments.

8. **Forced Withdrawal** - From the academic course within which the offense occurred without credit for the course.

9. **Change in Grade** - Initiated by the instructor for the course in which an academic irregularity occurred.

10. **Housing Penalties** - (a) Expulsion from Gordon State College housing; (b) Suspension from housing; (c) Housing relocation; (d) Residence Hall restrictions; (e) Other.

**Interim Suspension**

1. The Vice President for Student Affairs or official designee may suspend a student for an interim period pending a judicial hearing or psychiatric evaluation. The student has the right to appeal this suspension within 5 days of receiving notice of suspension.

2. The interim suspension may become immediately effective without prior notice whenever there is evidence that the continued presence of the respondent student on the College campus poses a substantial threat to themselves or to others or to the stability and continuance of normal College functions.

3. A student suspended on an interim basis shall be given an opportunity to admit in writing and request Gordon State College take action or request a formal hearing.
**Appeals**

With such exceptions as outlined in “Residential Students” a student shall have the right to appeal to the President of the College.

1. The appeal must be based on substantial new evidence or sufficient grounds for good cause. Substantial new evidence constitutes that which was not available at the original hearing and which has a direct bearing on the verdict.

2. The person aggrieved must appeal in writing to the President of the College within five days after notification of the decision of the Vice President for Student Affairs. The President will determine the merit of the appeal. If the appeal is determined to have merit, the President shall within five days appoint a committee composed of three members of the faculty of the College or shall utilize the services of an appropriate existing committee. The committee shall review all facts and make its findings and report thereon to the President.

3. The President shall also be given a record of the proceedings that occurred in the original hearing.

4. After consideration of the committee's report, the President shall within five days make a decision which shall be final so far as the institution is concerned.

5. When the President of the College has rendered a decision in writing on any appeal, the student will be considered to have exhausted remedies on the local level.

Should the aggrieved person be dissatisfied with the decision of the President, the student shall have the right to appeal to the Board of Regents except in cases regarding student residency, student grades, and traffic citations. An appeal shall be submitted in writing to the Board's Senior Vice Chancellor or designee within a period of twenty days following the decision of the President. It shall state the decision complained of and the redress desired. A hearing before the Board (or a Committee of or appointed by the Board) is not a matter of right but is within the sound discretion of the Board. The decision of the Board shall be final and binding for all purposes.
ALMA MATER

Remember him, our namesake strong
Who braved the fight at Gettysburg
Remember too the many sons
Who studied here our nation’s work
Our history runs deep and long
Three centuries we’ve served the young

Sing praise to Gordon College
Our gateway into knowledge
Our path from base uncertainty
To honor, courage, loyalty

Remember now our own desires
That brought us to these humble halls
Remember always we aspire
To answer truth and beauty’s calls
We’ve seen one hundred fifty years
Of triumph over ignorant fears

Sing praise to Gordon College
Our gateway into knowledge
Our path from base uncertainty
To honor, courage, loyalty
