## NOTES

Only courses that offer a face-to-face final exam are listed in this final exam schedule. Instructors may elect to administer exams online or through a proctoring service. Students should refer to the syllabus or contact their instructor(s) with any questions.

### HYBRID COURSES

Hybrid classes that, by definition, meet at least half of the class sections in a designated classroom have finals as indicated in the final exam chart. Find the starting time of the class meeting sessions in the chart. The final exam will be given at the corresponding two-hour testing period indicated in the chart.

### RESCHEDULING AN EXAM

Students who have three or more finals on the same day may petition to take the third and/or fourth exam on another day or days. Students with multiple finals scheduled for the same time should also complete an Academic Request. Academic Request forms are available online ([here](#)), and students can file a request by submitting the form to the appropriate program assistant for the department/school of the course being petitioned. **Students must appeal within a reasonable amount of time to allow resolution before the originally scheduled date for the final exam.**
