THE MISSION OF GORDON COLLEGE

Gordon College joined the University System of Georgia in 1972 as an associate level institution with a distinctive legacy of excellence in scholarship and service. From its founding in 1852, Gordon has grown and changed, not only in response to, but also in anticipation of, the educational needs of its community. Gordon's scope of influence now extends beyond the surrounding areas to include the rapidly growing suburban areas south of Atlanta, east of Columbus, and north of Macon. A community in flux, this area of Georgia is rich in diversity and reflects extremes in economic and population growth which demand a mission that includes focused two-year professional offerings, the traditional pre-baccalaureate curricula, and baccalaureate offerings targeting needs of the area. Gordon College fully serves the community by providing educational and cultural opportunities both within and beyond this area. The mission of Gordon College, therefore, is to:

1. prepare students for transfer into and success in baccalaureate and professional degree programs through the college transfer program;

2. prepare students for entry into and success in specific occupations and careers especially demanded by the surrounding community through appropriate Associate and Baccalaureate programs;

3. strengthen the academic skills of students otherwise unprepared for entry-level college work through the Learning Support program; and

4. serve the community by providing opportunities for life-long learning and professional development through community service programs.

Gordon College is dedicated to providing a superior climate of learning through excellence in instruction, attention to students' needs, and cooperation with other agencies to enhance Gordon's own resources. The College further commits itself to assembling a faculty with excellent credentials that is dedicated to teaching, service and active in the pursuit of scholarship.

In addition, Gordon College offers student services and extracurricular activities which bolster the academic offerings of the College and extend the superior climate of learning from the classroom into every
Residence halls enable the College to attract talented students from the state, nation, and world, further diversifying and enhancing the student body.

The College aspires to reflect the complexity of its community by attracting and retaining a diverse student body, faculty, and staff; by offering classes at sites and at times to meet the needs of both traditional and non-traditional students; and by anticipating and offering programs and services which will prepare its students for a rapidly changing world. Gordon College distinguishes itself by offering strong programs in general education, the fine arts, and health care education, and by providing exciting cultural events for the area.

Gordon College shares with the other two-year colleges of the University System of Georgia the following core characteristics or purposes:

1. a supportive campus climate, necessary services, and leadership and development opportunities to educate the whole person and meet the needs of students, faculty, and staff;

2. cultural, ethnic, racial, and gender diversity in the faculty, staff, and student body, supported by practices and programs that embody the ideals of an open, democratic, and global society;

3. technology to advance educational purposes, including instructional technology, student support services, and distance education;

4. collaborative relationships with other System institutions, state agencies, local schools and technical institutes, and business and industry, sharing physical, human, informational, and other resources to expand and enhance programs and services available to the citizens of Georgia;

5. a commitment to excellence and responsiveness within a scope of influence defined by the needs of a local area and by particularly outstanding programs or distinctive characteristics that have a magnet effect throughout the region or state;

6. a commitment to a teaching/learning environment, both inside and outside the classroom, that sustains instructional excellence, functions to provide University System access for a diverse student body, and promotes high levels of student learning;
7. a high quality general education program that supports a variety of well-chosen associate programs and prepares students for transfer to baccalaureate programs, learning support programs designed to ensure access and opportunity for a diverse student body, and a limited number of certificate or other career programs to complement neighboring technical institute programs;

8. a commitment to public service, continuing education, technical assistance, and economic development activities that address the needs, improve the quality of life, and raise the educational level within the College's scope of influence; and

9. a commitment to scholarship and creative work to enhance instructional effectiveness and meet local needs

**The Gordon College Creed**

I believe in education centered on the principles of empowerment, excellence and personal growth.
I believe in intellectual and academic honesty and integrity without which I cannot earn the respect of those with whom I interact.
I believe in developing a sound mind, a sound body and a spirit that is not afraid.
I believe in serving my country and my community by seeking justice, respecting diversity and living courageously.
I believe that these goals can only be achieved through hard work, open-minded inquiry and responsible living.

--Written by Dr. Chad Davies and Dr. Marvin Thomas.
STATEMENT OF MUTUAL RESPONSIBILITY

There exists in the College community a reciprocal responsibility, which must be mutually acknowledged and respected. Individual behavior reflects upon fellow students and upon the institution; therefore, the general rules and regulations outlined in the Student Code of Conduct section of this catalog are required student stipulations.

The statements set forth in this catalog are for informational purposes only and should not be construed as the basis of a contract between a student and Gordon College. While every effort will be made to ensure the accuracy of the material stated herein, the College reserves the right to change any provision listed in this publication without actual notice to individual students. Every effort will be made to keep students advised of changes. Students should view the Gordon College website (www.gdn.edu) for the latest catalog updates.
GENERAL POLICIES

Definition - Student

A student is defined as anyone that has officially been accepted to Gordon College, registered properly for at least one course, and paid all required fees for the semester. Enrolling in non-credit courses does not satisfy the requirements for student status.

Institutional Responsibility

Admission, discipline, promotion, graduation, and formulation of all rules and regulations pertaining to students of institutions of the University System are matters to be handled by the institutions within the framework of regulations of the Board of Regents. Students violating rules and regulations of an institution may be punished, suspended, excluded, or expelled as may be determined by the institution.

Sexual Harassment Policy

Policy Statement on Sexual Harassment

Sexual harassment of employees or students of Gordon College is prohibited and shall subject the offender to dismissal or other sanctions after due process.

Sexual harassment most often occurs when a person with authority over another exploits that authority for sexual purposes. However, this policy also applies to sexual harassment directed against others of the same status in the College, i.e. student against student, faculty against faculty, staff against staff.

Consenting romantic or sexual relationships between faculty and students or between a supervisor and an employee may fall within this policy if a power differential exists in the relationship and a charge of sexual harassment is subsequently filed. Such romantic or sexual relationships are officially discouraged by Gordon College. Faculty, staff, and students who engage in such relationships are hereby notified that they
will not be able to have a charge of sexual harassment against them dismissed by pleading mutual consent.

**Definition of Sexual Harassment**

Unwelcome sexual advancements, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment or academic standing;

2. submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting the individual; or

3. such conduct unreasonably interferes with an individual's work or academic performance or creates an intimidating, hostile, or offensive working or academic environment.

**Examples of Sexual Harassment**

The following examples of sexual harassment are for illustrative purpose only. They are not intended to represent an exhaustive list.

1. Unwanted teasing, jokes, remarks, or questions of sexual nature.
2. Unwanted pressure for dates.
3. Unwanted letters or phone calls of a sexual nature.
4. Unwanted sexually suggestive looks or gestures.
5. Unwanted deliberate touching, leaning over, cornering, or pinching.
6. Unwanted pressure for sexual favors.
7. Actual or attempted rape or sexual assault.

**Academic Freedom**

Academic freedom is essential if the College is to achieve its purpose. However, academic freedom is not a license for sexual harassment. Sexual harassment destroys academic freedom. No person has the right to intimidate, exploit, or coerce another under the guise of academic freedom. This statement of policy is designed to preserve academic
freedom by protecting the College community against sexual harassment while preserving the rights of all members of that community.

Admission Requirements

Candidates seeking admission to the College are required to submit certain documents and/or information to the Office of Admissions before a final admissions decision can be made. The specific documents and/or information required by the College depend on the category of application being submitted. Presently, the College accepts applications for admission in the following categories: (1) beginning freshmen, (2) GED students, (3) home school students, (4) transfer students, (5) transient students, (6) auditors, (7) special students, (8) non-degree students, (9) joint enrollment and early admission, (10) non-traditional students, (11) former (re-admitted) students, and (12) international students.

The documents and/or information required for each of these application categories are specified below.

Most applications are evaluated on the basis of high school grade point average and evaluation of college preparatory curriculum (CPC) or Technical/Career Preparatory Program (TC or Tech/Prep) completion. For specific test score standards, or other requirements, call the Office of Admissions or refer to the Gordon College website www.gdn.edu.

National SAT Scores

All SAT score standards stated in this catalog are re-centered scores which came into existence in April 1995. Students with SAT scores prior to April 1995 should contact the Office of Admissions for equivalent score values.

COMPASS – Placement Testing

The college placement exam, COMPASS, is a computerized placement exam that tests Reading, Writing, and Math skills. The verbal section of COMPASS tests reading and writing skills and is required for students with a college preparatory or tech/prep curriculum deficiency in English and for students’ scores below 430 on the verbal section of the SAT or below 17 on the English section of the ACT.

The mathematics section of COMPASS tests algebra and geometry skills and is required for students with a college preparatory or tech/prep curriculum deficiency in mathematics and for students scoring below 400 on the mathematics section of the SAT or below 17 on the
mathematics section of the ACT. Calculators, provided by the college, may be used on the mathematics section of COMPASS.

Performance on the COMPASS determines placement into Learning Support and college-credit classes. See page 43 for more information.

The COMPASS exam is not timed. It is offered by appointment and at no cost to applicants. For more information, call the Office of Admissions at (678) 359-5021. A re-testing fee of $20 applies.

**Applicant Categories:**

**Beginning Freshmen**

Applicants are considered the *beginning (traditional) freshmen category* if they (1) have graduated from high school within five years of the beginning of the semester for which admission is sought and (2) have never enrolled in college (Gordon or any other college).

Beginning freshmen are required to submit the following documents/information to the Office of Admissions before a final admissions decision can be made:

1. Application for admission,
2. $20 application fee,
3. Official final high school transcript showing the date of graduation and type of diploma received,
4. Immunization record(s), and
5. Test scores – SAT, ACT or COMPASS placement exam may be required.

**Acceptance Consideration:**

It is a common practice for high school seniors to apply to Gordon College seeking acceptance prior to high school graduation. This acceptance is contingent upon receipt of satisfactory final high school transcript. This usually occurs the second semester (January – March) of the senior year. An official current high school transcript along with the other required documents listed above are submitted for review. Once received, an admissions officer will conduct a preliminary evaluation of the current high school transcript, and initial acceptance to the College
may be granted. However, final acceptance to the college will only be granted after a review of the official final high school transcript including graduation requirement completion.

Upon final acceptance to Gordon College, all students are required to attend a New Student Orientation prior to registration for classes. Refer to the Gordon College website, www.gdn.edu for more information about the New Student Orientation (NSO) schedule.

Addressing University System of Georgia College-Preparatory Curriculum (CPC) and Technology/Career Preparatory Program (Tech/Prep) policies as they pertain to Beginning Freshmen at Gordon College:

All beginning (traditional) freshmen are held to the following University System of Georgia Pilot Admissions Policy, which requires a high school diploma or GED of all students, with no exceptions. It also requires a 2.0 minimum academic grade point average for students who graduate from a high school college prep curriculum, and a 2.2 minimum academic grade point average for those graduating from a tech/prep curriculum. Academic grade point average is based on grades received only for the five (5) academic or core areas of Language Arts, Foreign Language, Mathematics, Science and Social Science. Completion of the 16-unit college preparatory curriculum or the 13 unit tech/prep curriculum will be required for students in programs leading to a baccalaureate degree.

The University System of Georgia’s CPC and Tech/Prep requirements apply to all students described in the categories listed below who enroll in any Associate Degree transfer program that leads to the baccalaureate degree:

1. Students graduating from Georgia or out-of-state public or private high schools within five (5) years of the beginning of the semester for which admission is sought. CPC and/or Tech/Prep requirements do not apply to students who graduated from a high school located outside of the jurisdiction of the United States educational system.

2. Students who passed the GED exam in lieu of high school graduation if their graduating class at the high school would have graduated within five (5) years of the beginning of the semester for which admission is sought. The GED exam does not indicate fulfillment of College Preparatory or Tech/Prep requirements.
3. Students enrolled in career associate degree programs are exempted from CPC requirements. However, students in these programs who transfer into programs leading to the baccalaureate degree will be required to meet CPC requirements if they have not earned a career associate degree before enrolling in the baccalaureate program.

See the separate listings below for required units/courses to be taken in high school to complete the College Preparatory Curriculum (CPC) and Technology/Career Preparatory Program (Tech/Prep):

Frequently Asked Questions:

**Can ESOL (English as a Second Language) classes be counted towards fulfilling the required CPC English requirement?**

If the high school identifies the ESOL course(s) as College Prep English, the course(s) can be used to satisfy part or the entire English CPC or Tech/Prep requirement. Verification will be made by Gordon College with the high school before a final decision is made.

**Why are CPC requirements so important, and how can any CPC deficiencies be made up at Gordon College?**

The 16 minimum CPC requirements compose the traditional freshman student’s GPA. The University System policy is very specific as to how CPC deficiencies are decided. Applicants who have not completed College Prep or Tech/Prep requirements will be required to take college-level course work to satisfy deficiencies in their high school work.
Although courses used to satisfy these CPC and TC deficiencies do not apply toward graduation, the grades earned in these courses are computed in the semester and cumulative grade point average. A grade of C or higher must be earned in courses used to satisfy deficiencies. Specifically, as it pertains to the 16 CPC or 13 Tech/Prep high school requirements, deficiencies are addressed as follows:

**English**

Student must take the verbal section of the COMPASS placement exam (free, un-timed). The verbal section includes English and Reading. Students scoring below 78 on the Reading segment must enroll in and successfully exit Learning Support Reading, while students scoring below 65 on the English segment must enroll in and successfully exit Learning Support English in order to make up any CPC or TC English deficiency, regardless of SAT or ACT scores.

**Foreign Language**

Student must complete one (1) foreign language course with a grade of C or higher to make up a CPC deficiency.

**Mathematics**

Student must take the mathematics section of the COMPASS placement exam (free, un-timed). The mathematics section includes basic Algebraic problems. Applicants who score below 42 on the mathematics exam must enroll in and successfully exit the Learning Support Mathematics, regardless of SAT or ACT scores, in order to make up any CPC or Tech/Prep mathematics deficiencies.

**Science**

Student must complete one (1) laboratory science course listed in Area D of the Gordon College Academic Catalog with a grade of C or higher.

**Social Science**

Student must complete one (1) course listed in Area E of the Gordon College Academic Catalog with a grade of C or higher.
How does having a CPC deficiency impact a student’s class registration?

Any Gordon College student who has a confirmed CPC or Tech/Prep deficiency upon final acceptance to the college must register for courses that satisfy CPC or Tech/Prep deficiencies during the first and each subsequent semester of enrollment until all deficiencies are satisfied. Students who earn 20 hours of college-level credit and have not satisfied all CPC or Tech/Prep deficiencies may not register for other courses (except required Learning Support courses) unless they also register for the appropriate deficiency course(s) as applicable. Every Gordon College student is assigned an academic adviser who assists the student in setting up a class schedule that fulfills completion of CPC or Tech/Prep deficiencies. The Adviser will be assigned at the beginning of the school term.

For more information about the COMPASS exam, please call the Office of Admissions at 678-359-5021.

I have a GED. Do I need to submit an official high school transcript?

Submission of an official, high school transcript will permit the Admissions Office to provide the student with credit for any coursework completed in high school.

GED Students

Applicants are considered GED students if they have passed the GED exam in lieu of high school graduation and if their high school class would have graduated within five years of the beginning of the semester for which admission is sought. A minimum score of 2250 is required for admittance. A student receiving a GED cannot be admitted to the College to any term before his or her high school class’ date of graduation. GED applicants are required to submit the following documents and/or information to the Office of Admissions before a final admissions decision can be made:

1. Official GED Scores,
2. Immunization Record(s),
3. COMPASS Scores, and
4. Official Transcripts showing all work completed in High School.
Home-Schooled Applicants

As of 2001, the Board of Regent’s policy regarding home-schooled applicants is as follows:

“To enhance access into the University System, home-schooled students or students graduating from non-accredited high schools now will be able to submit their SAT I test total score (math and verbal) and a portfolio of work demonstrating coverage of the CPC subjects. To determine eligibility for admission, admission representatives will assess whether the student’s SAT score is at or above the previous year’s fall semester SAT average score of the first-time freshmen admitted to that institution. The student’s portfolio will be assessed to determine whether or not the applicant has completed the equivalent of each area of the CPC (College Preparatory Curriculum). The University System of Georgia added an option for home-schooled students by providing University System institutions with additional flexibility in assessing the academic qualifications and potential of prospective students. These steps will help us expand access and move forward in creating a more educated Georgia.”

Fall Semester 2002 SAT I average for traditional beginning freshman: 885

In addition, the Board of Regents has established five paths to admission for a home-schooled student. They are:

1. Diploma from a regionally accredited home study program or Center of the Accrediting Commission for Independent Study (ACIS),

2. SAT scores in top 5% of national college-bound seniors,

3. GED test,

4. SAT II Subject Tests, and

5. Portfolio Assessment.

University System of Georgia currently recognizes the following agencies of accreditation:

- Regionally Accrediting Agencies
- Georgia Accrediting Commission
• Georgia Private School Accrediting Council
• Accrediting Commission for Independent Study
• Public school regulated by a school system and State Department of Education

The University System of Georgia is dedicated to providing access to college to the students of Georgia and offers its support to the students of school systems in jeopardy of losing SACS accreditation. Admission to any University System of Georgia college or university will not be negatively impacted should SACS determine that the accreditation of a school system must be revoked.

Students graduating from a high school regulated by a school system and state department of education, meeting all other Board of Regents and institutional admission requirements (including the 16 units required of the College Preparatory Curriculum (for those graduating prior to 2012) or the 17 units required for the Required High School Curriculum (for those graduating 2012 or later), will continue to be considered for admission in the same manner as students from SACS accredited schools in the state).

**SAT II Subject Tests as equivalent validation of College Preparatory Curriculum Completion:**

- **Mathematics:** 500 SAT II IC or 570 SAT II Math IIC
- **English:** 520 SAT II English Writing test and 530 on SAT II Literature test
- **Science:** 520 on SAT II Biology test and 540 on SAT Chemistry test or 590 on SAT II Physics test
- **Social Science:** 560 on SAT II American History and Social Studies test and 540 on SAT II World History.
- **Foreign Language:** To show equivalence with two years of high school study of a single foreign language, students will be required to demonstrate proficiency in both oral and written components.

**The GED Track for Home-Schooled Applicants:**

Applicants who graduated from a non-accredited home-school within the past five years fall into the traditional beginning freshman category and may also present the GED exam score sheet as an alternate means of entrance into a two-year unit of the University System. The minimum passing score for the GED, under current University System of Georgia policy, is a 2250. Home-school applicants who present GED scores will
be required to take the COMPASS placement exam. The GED applicant who enters the college under the traditional freshman category must complete the 16 CPC requirements that all traditional beginning freshman applicants are required to provide. In many cases, the applicant successfully exits out of learning support English, Reading, and Math, thereby making up 8 CPC deficiencies automatically. However, those applicants who do not test out of learning support classes must take extra courses that make-up/validate the 16 CPC requirements, and those make-up courses do not count toward degree requirements, thereby extending the time frame for completion of the two-year degree.

Portfolio Assessment for Home-Schooled Students

Student portfolios may be submitted to demonstrate completion of each area of the CPC (College Preparatory Curriculum). Portfolios may not be required for home-school students graduating from a nationally accredited agency. These portfolios should include the following information for each course taken.

- Course descriptions (usually provided by the publisher)
- List of assignments
- Work samples and grades
- List of educational resources (textbooks and other materials)

Transfer Students

Applicants are considered transfer students if they have enrolled in at least one other college or university prior to applying to Gordon College irrespective of the college credit received. Transfer students must submit the following documents/information before a final admissions decision can be made:

1. Application for Admission,
2. Final, Official Transcripts from all Colleges and Technical Schools/Colleges Attended,
3. Immunization Record(s), and
4. High School Transcript.

Although item (4) is required only for applicants with fewer than 30 transferable credit hours, all applicants are strongly encouraged to submit a high school transcript with their initial application. Submitting these documents with the initial application will reduce the potential for a delay in the acceptance/registration process.
Failure to list and submit an official transcript from any institution previously attended subjects the applicant to strict disciplinary action, including expulsion.

To qualify for admission to Gordon College, a transfer student with 30 or more transferable credit hours must be eligible to return to the most recent college or university attended or have approval from the Gordon College Admissions Committee. Applicants with fewer than 30 transferable credit hours from other institutions are required to meet the admissions requirements of beginning freshmen.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

**Limitations on Transfer Credit**

Students seeking to transfer course work to Gordon College must be aware that the transfer of credit is subject to the limitations listed below:

1. Only credit earned in regionally accredited collegiate institutions may be transferred to Gordon College.

2. Courses in which a grade of $D$ was earned will be transferred only if non-transfer Gordon College students are allowed to use a grade of $D$ toward degree credit for that course.

3. No more than 42 semester hours of combined transfer credit from all sources will be accepted toward an Associate Degree.

4. Credit is not awarded for passing the General Education Development Test (GED).

5. If approved by the Admissions Committee, students transferring to Gordon College after having been suspended or placed on probation by their former institution shall enter on academic probation and shall be subject to Gordon College’s academic standards.

6. Students transferring to Gordon College from other University System schools will be required to complete all Learning Support areas that they have not exited. Transferring to Gordon will not relieve students from Learning Support requirements placed on them by another University System institution.

7. Transfer students completing high school within five years of the beginning of the semester for which admission is sought will be
required to complete College Preparatory Curriculum (CPC) requirements not satisfied in high school or at the previous institution. *Transferring to Gordon will not relieve students from CPC requirements.* (See pages 17-20 for additional information regarding College Preparatory Curriculum.)

**Transient Students**

Applicants are considered transient students if they are currently enrolled in another college or university and wish to take courses temporarily at Gordon College. Transient students typically attend Gordon for one semester, take courses prescribed by their home institution, and then return to their home institution. Transient students must submit the following documents before a final admissions decision can be made:

1. Application for Admission,
2. Letter of Transient Permission, and
3. Immunization Record(s).

Item (2) must clearly indicate the applicant’s current academic status, the matriculation term of their home institution, and the course(s) the applicant is approved to take at Gordon College. The Dean or Registrar of the applicant’s home institution typically furnishes the Letter of Transient Permission.

The student, in accordance with established College policies, may request transcripts of course work attempted at Gordon College. *Transcripts will not be automatically forwarded to the student’s home institution.*

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

**Auditors**

Auditors are in an applicant category specifically designed for students who wish to enroll in a course or courses at Gordon College but not receive any college credit toward degree requirements for the work attempted. An applicant wishing to apply as an auditor must submit the following required documents/information before a final admissions decision can be made:

1. Application for Admission,
2. Official High School transcript and/or official college transcript or
3. Official GED score sheet, and
4. Immunization Record(s).

**Students enrolled as auditors must pay all regular fees for enrollment.** Students may not transfer from audit to credit-seeking status without satisfying the admissions requirements for credit status as either a beginning freshman or transfer student. Students who receive an audit grade may not convert it to a credit grade, and vice versa.

**Special Students**

Applicants are considered *special students* if they have received a baccalaureate degree from a regionally accredited institution and wish to enroll in undergraduate courses and receive college credit. There is no limit on the amount of undergraduate credit special students can earn. Special students must submit the following documents/information before a final admissions decision can be made:

1. Application for Admission,
2. Official Transcript from the Institution which Awarded the Highest Degree, and
3. Immunization Record(s).

Special students will be admitted as non-degree students without a limitation on the number of credit hours they can earn. Special students who decide to pursue a degree at Gordon College must satisfy the admissions requirements for transfer students.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

**Non-Degree Students**

Applicants without a baccalaureate degree may enroll as *non-degree students* for a maximum of ten (10) semester credit hours (including institutional credit).

Non-degree students may not enroll in any course for which there is a Learning Support prerequisite unless they have been screened for and exempted the relevant Learning Support course. Applicants seeking
admission as non-degree students must submit the following documents before a final admissions decision can be made:

1. Application for Admission,
2. Immunization Record(s), and
3. Official High School and/or College Transcripts.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

**Gordon College Accel Program for High School Students**

In accordance with the Board of Regents Academic Affairs handbook, section 3.01 (c)(6), the University System of Georgia recognizes the need to provide academically talented high school students with opportunities for acceleration of their formal academic programs. This recognition has led to the development of two organized programs: (1) a joint enrollment program in which the student, while continuing his/her enrollment in high school as a junior or senior, enrolls in courses for college credit; and (2) an early admission program in which the student enrolls as a full-time college student following completion of the junior year in high school. The minimum admission standards for both the joint enrollment and early admission programs have been developed to allow certain advanced students to receive both high school and college credit for some courses.

**Admission Standards**

1. Minimum SAT I score of 970, combined Verbal and Mathematics sections, or ACT Composite of 20. **In order to earn dual credit for Senior English, Math, and/or final high school unit of Social Studies, the minimum SAT score is a 530 Verbal; 530 Math or the ACT test score equivalent.**

2. Minimum cumulative high school grade point average of 3.00 or higher in courses taken from the required 16 CPC (College Preparatory Curriculum) units.

3. Exemption of all LS (Learning Support) requirements for early admission.

4. Written consent of parent or guardian (if the student is a minor).
5. Completion of the University System of Georgia CPC requirements with the following exceptions:

Students with SAT I Verbal scores of at least 530 Verbal or ACT English scores of 23 who have not completed the final unit of high school English and/or social studies may be permitted to fulfill these high school requirements with the appropriate college courses taken through the joint enrollment or early admissions program.

Students with SAT I Mathematics scores of at least 530 or ACT Mathematics scores of at least 22 who have not completed the final unit of mathematics may be permitted to fulfill those high school requirements with the appropriate college courses taken through the joint enrollment or early admissions program.

Generally, these students will have completed their CPC math requirement before their senior year and will be prepared to take pre-calculus or a higher-level math course. Students should be aware that, while College Algebra or Statistics may be taken through Joint Enrollment/Accel, these courses will not apply toward a college degree in science, engineering, computer science, and many other fields. High School advanced algebra/trig taken in high school should provide better preparation for majors requiring calculus and should be taken no later than the 11th grade.

With the exception of the final units of high school English, social studies and/or mathematics taken by students with qualifying SAT or ACT scores, a college course may not be used to fulfill the University System of Georgia’s CPC requirements. Students who have not completed the 13 CPC requirements beyond these three exceptions may be admitted through the joint enrollment program if they are enrolled in the necessary high school courses and are scheduled to complete the requirements by the end of the senior year.

Documentation required for the Accel Program includes:

1. Application to Gordon College ($20 application fee),
2. Official high school transcript with a College Preparatory GPA of 3.00 or higher,
3. SAT or ACT scores as specified above,
4. Completed/signed Accel Program application,
5. Completed Certificate of Immunization.

**Non-Traditional Students**

Applicants are considered *non-traditional students* if they meet **all** of the criteria listed below. Applicants must have:

1. Graduated from high school at least five years before the beginning of the semester for which admission is sought or have been part of a high school class that *would have graduated* at least five years before the beginning of the semester for which admission is sought,

2. A high school diploma from an accredited or approved high school or a GED,

3. Earned fewer than 30 transferable semester credit hours, and

4. Not attended college within five years of the beginning of the semester for which admission is sought or must be in good standing at the last college attended if admitted to that college as a non-traditional student.

Applicants applying as non-traditional students who have taken the SAT or ACT may submit their test scores to the College. Applicants scoring below 430 on the verbal section of the SAT or below 17 on the English section of the ACT are required to take the verbal section of the college placement exam, COMPASS. Students scoring below 400 on the mathematics section of the SAT or below 17 on the mathematics section of the ACT are required to take the mathematics section of COMPASS. Students who do not submit SAT or ACT scores will be required to take both the verbal and mathematics sections of COMPASS. COMPASS scores will be used to determine Learning Support requirements.

For more information or to request a packet of application materials, contact the Office of Admissions at (678) 359-5021.

Notification of Student Rights Under FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access.

A student should submit to the Registrar, Division Chair, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. *Advanced placement in Drawing 1, 2-D Design and 3-D Design may be obtained by portfolio submission of from 5 – 10 pieces of the student’s best quality work to the instructor of the class for which AP credit is desired. The portfolio will be scored from 1-5 in quality, comparable to a letter grading system of A, B, C, D, F, by the instructor of the course. A student with a score of 4 or 5 will be granted AP credit in the designated course.

**A score of 5 will place a student directly into MATH 2501.

***A score of 3 will place a student directly into MUSC 1202.

****A score of 3 will place a student directly into MUSC 1102.

**COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)**

Gordon College recognizes the College Level Examination Program (CLEP) of the College Board and awards credit for the examinations listed according to the following regulations.
1. Credit hours earned through CLEP will be recorded on a student’s permanent record and will count toward graduation.

2. CLEP credit will not be allowed for a course in which the student has received a grade.

3. CLEP credit will not be awarded for an examination taken more than twice.

The CLEP subject examinations recognized by Gordon College, the minimum scores required for credit and the amount of credit awarded for each examination are listed below. Contact the Registrar’s Office at 678-359-5022 if additional information is needed.

International Baccalaureate Diplomas and Certificates

Students who have participated in International Baccalaureate Programs in their high schools are welcomed at Gordon College. In many circumstances, the college is able to award college credit for exemplary performance in IB courses.

If the student did not earn an International Baccalaureate Diploma but did earn a certificate in one or more higher level International Baccalaureate (IB) courses with a score of 4 or better, course credit is awarded by the academic divisions when it is judged that the IB course is equivalent to a course at Gordon.

If the student completed the International Baccalaureate Diploma, the college will examine test results from both standard IB courses and higher level IB courses in all disciplines and award credit according to the following schedule.

<table>

Students who have completed International Baccalaureate diplomas and/or certificates should provide evidence to the Admissions Office of their success in their courses. The Admissions Office will then consult with academic officers and award credit as described above. There will be a maximum of 24 semester hours credit given on the basis of work completed in International Baccalaureate Programs. Students cannot earn credit for the same course on the basis of AP testing and IB course credit.

Readmission of Former Students

Students who have not attended Gordon College for one or more semesters (exclusive of Summer Semester) must file an application for readmission with the Registrar’s Office at least twenty (20) days prior to the beginning of the semester for which readmission is sought. Students applying for readmission who have attended other colleges and/or universities since their most recent enrollment at Gordon must submit an official transcript from each college or university attended to the Registrar’s Office before a readmission decision can be made. Applications for readmission are available in the Registrar’s Office.
To qualify for readmission to Gordon College, a former student must be eligible to return to the most recent college or university attended or have approval from the Gordon College Admissions Committee. If approved by the Admissions Committee, students readmitted to Gordon College after having been placed on academic suspension, probation, etc., by their former institution shall enter on academic probation and shall be subject to Gordon College's academic standards.

For more information or to request an application for readmission, contact the Registrar’s Office.

**Request for Transient Study**

Gordon College students who wish to attend another college on a temporary basis must request a Letter of Transient Permission by submitting a request form to the Gordon College Registrar’s Office (available in the Registrar’s Office or at [http://www.gdn.edu/forms/registrar/TransientPermission.pdf](http://www.gdn.edu/forms/registrar/TransientPermission.pdf)). Students who are eligible for the HOPE Scholarship must also complete the Transient Request for HOPE Scholarship form available at [http://www.gdn.edu/FinancialAid/finaidforms.asp](http://www.gdn.edu/FinancialAid/finaidforms.asp). Students are responsible for applying for admission to the school they wish to attend on a transient basis.

Students must be currently enrolled at Gordon College or be readmitted to Gordon for the term of transient study to receive transient permission. Students who are on Academic Suspension or Learning Support Suspension are not eligible for transient study. Currently enrolled students who receive transient permission before the end of the term will be reviewed after the term has ended for appropriate academic standing. Transient permission will be revoked for students placed on Academic Suspension or Learning Support Suspension at the end of the term.

Students who receive transient permission are allowed only one semester of transient study before returning to Gordon College. It is the student’s responsibility to have an official transcript of the transient courses sent to the Gordon College Registrar’s Office after the courses are completed.

**Transcripts**

Gordon College will release an official College transcript to a specified third party upon written request from the student to the Registrar’s Office. All transcript requests must include the student’s signature and
should contain the student’s Gordon College identification number, most recent semester of attendance, other names used while in attendance at Gordon, and the name and address of the party to receive the transcript. There is no charge for transcripts. Transcripts will not be released for students who have any outstanding obligation to the College.

**Verification of Enrollment**

To obtain a written verification of enrollment at Gordon College, a student must submit a request for the verification to the Registrar’s Office. A student is defined as anyone who has officially been accepted to Gordon College, registered properly for at least one credit course, and paid all fees required for the semester.

**Veterans’ Benefits**

The Registrar’s Office will assist veterans who are eligible for federal educational benefits by facilitating the process of applying for the federal educational benefits and by maintaining proper liaison with the Veterans Administration (VA).

Students who are eligible for Veteran Benefits are responsible for paying fees directly to the College and meeting payment deadlines applicable to all students. Payment of Veteran Benefits normally begins 30 to 45 days after the College certifies the student’s enrollment for the semester. Attendance is strictly enforced for students receiving Veterans Benefits. Upon being absent from a class three consecutive weeks in a fall or spring semester, two consecutive weeks in a full session summer semester, or one week in a half session summer semester, the College is responsible for reporting the student to the VA. Failure to attend classes on a regular basis will result in reduction or loss of benefits for the semester.

Students receiving Veteran Benefits who withdraw from the College or reduce academic course loads are required by the Veterans Administration to report such action promptly to the Certifying Official in the Registrar’s Office.

All questions and concerns involving Veteran Benefits should be directed to the VA Certifying Official in the Registrar’s Office.
LEARNING SUPPORT PROGRAM
ENGLISH, READING, AND MATH

Mission Statement
The mission of the Learning Support program is to provide special assistance to students who have deficiencies in the areas of reading, mathematics, and/or English. The goal of Learning Support is to assist students in achieving entry-level college proficiencies.

A student’s Learning Support requirements are determined on the basis of SAT/ACT scores, college preparatory curriculum deficiencies, and/or college placement exams scores.

The college placement exam, COMPASS, is a computerized placement exam that tests reading, writing, and math skills.

Placement Exams
The verbal section of the COMPASS tests reading and writing skills and is required for students with college preparatory curriculum deficiency in English and for students who do not have a SAT verbal score of 430 or higher or an English ACT score of 17 or higher, depending on the test the student has chosen to determine COMPASS placement exam requirements.

The mathematics section of COMPASS tests algebra skills and is required for students with a college preparatory curriculum deficiency in mathematics and for students who do not have a SAT math score of 400 or higher or a Math ACT score of 17 or higher, depending on the test the student has chosen to determine COMPASS placement exam requirements.

Students scoring below 78 on the reading portion of the COMPASS must enroll in and successfully exit Learning Support Reading by passing the course(s) and scoring 78 or above on the reading portion of the COMPASS.

Students scoring below 65 on the English portion of the COMPASS must enroll in and successfully exit Learning Support English by passing the course(s) and scoring 65 or above on the English portion of the COMPASS.
Students scoring below 42 on the math portion of the COMPASS must enroll in and successfully exit Learning Support Math by passing the course(s) and scoring 42 or above on the math portion of the COMPASS.

Students who transfer with an ASSET reading score below 41, ASSET English score below 43 and ASSET math score below 45 must enroll in and successfully exit Learning Support by passing the course(s) and scoring 78 or above on the reading section of the COMPASS, 65 or above on the English section of the COMPASS and 42 or above on the math section of the COMPASS.

Students who transfer with a CPE reading score below 77, CPE English score below 76 and CPE math score below 81 must enroll in and successfully exit Learning Support by passing the course(s) and scoring 78 or above on the reading section of the COMPASS, 65 or above on the English section of the COMPASS and 42 or above on the math section of the COMPASS.

Students for whom English is a second language (ESL) may enroll in ESL English and reading. Students scoring below 92 on the reading portion of the COMPASS/ESL placement test must enroll in and successfully exit Learning Support ESL reading by passing the course and scoring 78 or above on the reading portion of the COMPASS. Students scoring below 88 on the English portion of the COMPASS/ESL placement test must enroll in and successfully exit Learning Support ESL English by passing the course and scoring 65 or above on the English portion of the COMPASS.

COMPASS Exit Test

Learning Support students who have met the class expectations will be eligible for the COMPASS exit tests, given at the end of each semester.

The Learning Support English student may exit the Learning Support program by earning a minimum grade of “C” in ENGL 0099. The student must also pass 3 in-class essay writings, must pass the writing sample exit test and score 65 or better on the exit COMPASS test. The student must receive 3 passing essay grades in order to be eligible for the writing sample exit (which, in turn, must be passed in order to be eligible for the COMPASS exit test). For the writing sample exit, the student must write a 4 or 5 paragraph essay, focusing on criteria such as addressing the topic and staying on the topic, proper development of introduction, body, and conclusion paragraphs, and correct grammar.
usage. Exit sample graders include the learning support faculty and the English department.

The Learning Support reading student may exit the Learning Support program by earning a minimum grade of “C” in READ 0099 and must score a minimum of 78 on the exit COMPASS test.

The Learning Support math student may exit the Learning Support program by earning a minimum grade of “C” in MATH 0098 or MATH 0099 and must score a minimum of 42 on the exit COMPASS test.

Credit

Credit earned in Learning Support courses is strictly institutional. While it is counted toward the number of credit hours for which a student is enrolled in any semester, it does not count in a student's grade point average and does not count toward graduation.

Note: A complete list of “COURSES APPROVED FOR STUDENTS IN LEARNING SUPPORT” may be found immediately after the “COURSE DESCRIPTIONS” section of this catalog.

Policies

The Learning Support program is governed by the policies listed below.

- **Required Enrollment:**
  - During each semester of enrollment, a student must first register for all required Learning Support courses before registering for other courses. This policy also applies to part-time students.
  - A student who is required to take Learning Support courses may not register as a non-degree student in an effort to defer taking required Learning Support courses.
  - Students with three Learning Support requirements must enroll in the Gordon College First Year Experience course.
  - Because all Learning Support courses are offered Fall and Spring semesters on the Barnesville campus in the daytime and evening, students who may prefer to take off-campus courses only are not exempt from taking required Learning Support courses, even if these courses are not available at an off-campus location.
  - A student who is required to take Learning Support courses in an area (English, reading or mathematics) may not register as an auditor in any such course in that area.
• **20-Hour Rule:** Students who accumulate 20 semester hours or more of college credit and have not successfully completed required Learning Support courses may enroll only in Learning Support courses until all requirements have been successfully completed. Students with transfer credit or credit earned in a certificate or prior degree program who are required to take Learning Support courses for their current degree objectives may earn up to 20 additional hours of college level credit.

• **Withdrawal:** Students with Learning Support requirements who are concurrently enrolled in Learning Support courses which meet their requirements and in college-level credit courses may not withdraw from a required Learning Support course unless they also withdraw from all college-level credit courses.

• **Overloads:** Learning Support students may not register for more than 18 semester hours in any given semester. Overloads will not be approved.

If you have questions concerning these policies, see your Academic Adviser.
ACADEMIC INFORMATION

College Year

The college year is comprised of three academic semesters, Fall Semester, Spring Semester, and Summer Semester. Each semester is approximately fifteen weeks in length. Students may enter at the beginning of any semester.

Unit of Credit

The unit of credit associated with all course work is the semester hour, representing the equivalent of 50 minutes of class time. Each credit course offered by Gordon College is designated in this catalog by a three digit code to indicate the number of semester hours associated with the course. For example, ENGL 1101 is designated with the code (3-0-3). The first digit (3-0-3) indicates the number of semester hours per week the course meets in a lecture; the second digit (3-0-3) indicates the number of semester hours per week the course meets in a laboratory or practicum setting; and the third digit (3-0-3) indicates the total number of semester hours the course receives. Laboratory science courses are designated in this catalog with the letter K (e.g., Principles of Biology I is designated BIOL 1107K).

Class Load

A student scheduling 12 or more semester hours of credit is classified by the College as a full-time student. This classification given by the College does not necessarily coincide with Selective Service, Veterans Administration, Financial Aid, or Gordon College Foundation Scholarship classifications.

The standard class load for full-time students is 16 hours per semester, which includes one course in physical education. Most transfer programs of study require students to complete 64 semester hours of course work. Therefore, students must complete an average of 16 semester hours of course work per semester to complete degree requirements in two years.
Students may not register for more than 18 semester hours in any given semester without written approval from the adviser and the Division Chair.

In general, a student must have been at Gordon for at least two semesters and have achieved a cumulative grade point average of 3.0 before requesting an overload of 19 or more semester hours. To request an overload, students must complete a Student Petition. Learning Support students may not register for more than 18 semester hours in any given semester. Overloads will not be approved.

**Academic Advisement**

Upon entering the College, each student is assigned a faculty adviser who will assist the student in selecting classes appropriate to that student’s program of study. **Students are responsible, however, for knowing and fulfilling the graduation requirements of the College and the requirements within their programs of study.**

**Class Schedule**

Gordon offers both daytime and evening classes. Daytime classes typically meet two days a week (Tuesday and Thursday) or three days a week (Monday, Wednesday, and Friday). Evening classes meet twice a week (Monday and Wednesday or Tuesday and Thursday) or once a week (Monday, Tuesday, Wednesday or Thursday). Prior to the beginning of each semester, a *Schedule of Classes* showing course offerings for that semester will be made available to students.

**Registration**

Registration procedures are published each semester in the *Schedule of Classes*. Students have the responsibility to see that they do not have conflicting classes and to report to the courses and sections indicated on their schedule forms.

**Late Registration**

Late registration procedures are published each semester in the *Schedule of Classes*. If a student cannot register during the official registration period, late registration will be permitted during the official late registration period published in the *Schedule of Classes*. Although students may be allowed to register for classes during late registration after classes have already begun, they should be aware that missing
classes may negatively impact their ability to complete all course requirements successfully.

**Change of Schedule -- Drop-Add**

After classes begin each semester, students may alter their schedules during the official drop-add period by dropping and adding courses. The procedures for drop-add and the dates for the official drop-add period are published each semester in the *Schedule of Classes*.

**Dropping Courses**

The student's class schedule which is in effect following the drop-add period in any semester becomes the student’s official class schedule. Any courses dropped prior to the end of the official drop-add period are removed from the student’s academic record and are not shown in the official student record.

Following the drop-add period, a student may drop a course or withdraw from all courses by the mid-term date published in the *Schedule of Classes* and receive a grade of *W* for the course(s). To drop courses, a student must submit an appropriately completed *Schedule Change Form* or an appropriately completed *Student Withdrawal Form* if the student is completely withdrawing from the College to the Registrar’s Office. The *W* is not computed in the student's grade point average, but it will appear on the official student record. A student may not exercise this right to drop a course or withdraw from all courses to avoid sanction for academic dishonesty (also see *Academic Dishonesty Policy*, p. 57, p. 231).

Courses dropped or withdrawal from all courses after the official mid-term date published in the *Schedule of Classes* will automatically be assigned a grade of *WF* unless the student files a *Student Petition Form* requesting special consideration for personal hardship. If the petition is successful, the student will be assigned a grade of *W* rather than a grade of *WF*. Such petitions for personal hardship should be filed before the end of the semester to be considered and, in no circumstances will be considered when filed past mid-term of the following semester. *Student Petition Forms* are available in the offices of the Registrar or the Vice President for Academic Affairs.

*Student Withdrawal Forms* and petitions to change grades for any semester will not be processed after the last day of classes for that semester.
A student who stops attending a course without appropriately processing a *Schedule Change Form* or a *Student Withdrawal Form* will receive a grade of *WF* in the course.

**Student Withdrawal**

Should it become necessary to withdraw from all classes for the semester, a student **must** obtain a *Student Withdrawal Form* from the Registrar’s Office and

1. obtain all required signatures,
2. obtain clearance from the Financial Aid Office,
3. obtain clearance from the Student Affairs Office (if the student lives in a campus residence hall),
4. obtain clearance from the Library, and
5. leave the completed *Student Withdrawal Form* in the Registrar’s Office.

Students must withdraw by the close of the official drop-add period to remove courses from the academic record and to receive a full refund of tuition and fees. Dates for the official drop-add period are published each semester in the *Schedule of Classes*. Students have the responsibility of completing the withdrawal process as stated above. Questions should be directed to the Registrar’s Office.

A student who stops attending all courses for the semester without appropriately processing a *Student Withdrawal Form* will receive grades of *WF* in all courses.

**Class Attendance**

Class attendance is expected of all students enrolled at Gordon College. Being prepared for class in advance and participating on a regular basis is a vitally important ingredient for academic success. Research continually shows that poor attendance and/or limited participation usually results in low grades. However, because the delivery mode, content, assignments, and other particulars for each class section vary so widely, Gordon College does not specify an official campus-wide attendance standard. At the beginning of each semester, every instructor will distribute a course syllabus and clearly state his or her attendance
policy. It is the student’s responsibility to inquire of the instructor if there are questions.

SEE ENROLLMENT VERIFICATION SECTION BELOW FOR ADDITIONAL INFORMATION.

A WF will be assigned as the final grade if the student stops attending class after mid-term.

The instructor will notify the Registrar’s Office in writing if a student receiving veteran’s benefits is absent from a class three consecutive weeks in a fall or spring semester, two consecutive weeks in a full session summer semester, or one week in a half session summer semester.

Field trips and extracurricular activities which require a student’s absence from class must be approved by the Vice President for Academic Affairs and Dean of the Faculty; however, final approval for class absences remains with the individual instructor.

Enrollment Verification

Every semester, faculty will provide electronic verification of class attendance for each student on each official class roll following procedures outlined by the Registrar. Class rolls become official at the close of the drop/add period each semester. Faculty enrollment verification is due on the ninth calendar day of each semester. Students reported as never attending a class by this date will be removed from the official class roll.

- For students who do not receive financial aid, loans or scholarships, tuition and fees will be recalculated after the class is removed from the schedule. If appropriate, a refund will be issued to the student.

- For students receiving financial aid, loans or scholarships, tuition and fees will be recalculated after the class is removed and financial aid, loans or scholarships will be adjusted accordingly. This adjustment could result in a reduction of aid awarded or loss of loan or scholarship funds.

- No student will be enrolled in a class after the close of the drop/add period.

Grading System and Grade Point Average
Every course listed on a student's official semester schedule will be listed on the student's permanent record and will include an appropriate grade or symbol designation (even if the student has not completed the semester's work). The following grades are used in the determination of the grade point average:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Numerical Grade Equivalent</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>Good</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
<td>Passing</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
<td>Failing</td>
</tr>
<tr>
<td>WF</td>
<td>0.0</td>
<td>Withdrawn Failing</td>
</tr>
</tbody>
</table>

A student's semester grade point average is computed by dividing the number of credit hours in the courses attempted for the semester in which a grade of A, B, C, D, F, or WF was received into the number of quality points earned on those hours. The number of quality points associated with each grade is determined by multiplying the numerical grade equivalent by the number of credit hour for the course. That is,

\[
\text{Quality Points} = (\text{Numerical Grade Equivalent}) \times (\text{Credit Hours}).
\]

For example, consider a student receiving an A in a three semester hour class, a B in a three semester hour class, and a C in a four semester hour class. The student’s grade point average is calculated as follows:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Numerical Credit</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade</td>
<td>Equivalent</td>
<td>Hours</td>
</tr>
<tr>
<td>A</td>
<td>4.0</td>
<td>3 (4.0) x (3)</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>3 (3.0) x (3)</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
<td>4 (2.0) x (4)</td>
</tr>
<tr>
<td>Total Credit Hours:</td>
<td>10</td>
<td>Total Quality Points =</td>
</tr>
</tbody>
</table>

**Grade Point Average = 29 ÷ 10 = 2.9**

The cumulative grade point average is computed by dividing the total number of credit hours in all courses attempted in which a grade of A, B,
C, D, F, or WF has been received into the number of quality points earned on those hours. Grades earned in courses numbered below 1000 or in courses transferred to Gordon are **not** included in the computation of a student's grade point average.

The symbols listed below are used in the cases indicated and are *not* included in the determination of the grade point average.

**I**
In courses numbered 1000 and above and only with the approval of the Vice President for Academic Affairs and Dean of the Faculty, this symbol indicates that a student was making satisfactory progress but, for non-academic reasons beyond the control of the student, was unable to meet the full requirements of the course. If an I is not satisfactorily removed after two semesters of enrollment at Gordon College, it will be changed to the grade of F.

**IP**
In courses numbered below 1000, the symbol IP may be used to indicate progress, but not completion. This symbol indicates that a student was permitted to withdraw without penalty. Withdrawals without penalty will not be permitted after the official mid-term date published in the Schedule of Classes except in approved cases of extenuating personal hardship (See Grade Appeal Process on page 50).

**V**
This symbol indicates that a student registered to audit the course.

**K**
This symbol indicates credit earned through an appropriate examination program.

**NR**
This symbol indicates that a grade was not reported by the instructor at the time grades were processed.

**WM**

Graduation Grade Point Average

To graduate from Gordon College, a student must complete the requirements of a degree program with a minimum cumulative grade point average of 2.0. For the purpose of graduation, however, only the courses required by the program of study are used to calculate the grade point average. (Students enrolled in the Associate of Science in Nursing Program should refer to page 153 for a description of the grade point average requirements pertaining to them.) Most institutions of the University System of Georgia include grades for all courses attempted when computing an acceptable grade point average for admitting transfer students.

Repeating Courses

Courses may be repeated; however, a record of all courses attempted will remain on a student's permanent record, and all grades received for repeated courses will be used in computing the grade point average.

Maintaining the Standard of Academic Performance

Students are responsible for maintaining the standard of academic performance established by the faculty for each course in which they are enrolled. Professors have a responsibility to (1) advise students of course expectations, (2) state criteria for grades clearly, and (3) make themselves available for conferences with individual students who seek counsel and advice regarding their progress in the course.

Double Credit

No course a student takes will provide credit for more than one academic requirement or elective. Courses may not be used to satisfy requirements in more than one Area. “Double credit” is not allowable.

Academic Renewal

The Academic Renewal Policy of the University System of Georgia allows degree-seeking students who have experienced academic difficulty to make a fresh start after an absence from Gordon College of at least five calendar years. Students who wish to seek Academic Renewal should submit a written request for Academic Renewal to the Registrar’s Office at least six weeks prior to the semester in which the student intends to begin taking classes under the Academic Renewal
Policy. Students who do not request Academic Renewal status prior to re-enrollment may do so within two academic semesters of re-enrollment or within one calendar year, whichever comes first. A student can be granted Academic Renewal status only one time. A detailed description of the requirements and provisions of the Academic Renewal Policy is available in the Registrar’s Office.

**Student Bill of Rights**

Students have the following rights:

1. to attend classes during their regularly scheduled time without deviation from such time and without penalty if the student cannot attend an instructional hour not institutionally scheduled;

2. to consult with an assigned adviser for a reasonable amount of time each semester;

3. to reasonable transfer of the core curriculum within the University System;

4. to consult with faculty outside of classroom time during regularly scheduled office hours or by appointment;

5. to reasonable access to campus facilities which are required to complete course assignments and objectives;

6. to receive at the beginning of each semester a syllabus for each course which outlines course objectives and requirements and to be informed of any changes in these syllabi;

7. to receive access to any of their records kept by the institution (may be waived by students in certain cases like placement office records); and

8. to be informed of the grade appeal process.

**Intellectual Diversity and Student Rights**

As stated in the Gordon College Creed, the Gordon College community desires that its students develop the capacity for open-minded inquiry and intellectual and academic honesty. To that end, the College protects these prerogatives for its students and student organizations:
1. Students have the right to learn and to inquire. They have the right to examine and discuss questions of interest by orderly means that do not impede the collegial process of learning.

2. Students have the right to take stands on issues and the right to support causes by orderly means that do not disrupt the regular and essential campus operation.

3. Students have the right to expect that their academic work will be evaluated on the basis of academic performance and not on the basis of irrelevant matters such as personality, personal characteristics, degree of political activism, or personal beliefs. At the same time, students are responsible for maintaining the standards of academic performance established by the faculty for each course in which they are enrolled.

4. Recognized student organizations are allowed to invite any person to address a meeting that the organization is sponsoring for the purpose of hearing that person’s ideas. However, the President of the College has final responsibility for campus events and activities and can either affirm or cancel a speaker’s invitation.

5. Individual students and recognized campus organizations have the right to publish and distribute written materials provided that the material is identified by the name of the student or organization and done in accordance with College regulations.

Students with concerns related to protection of these rights in a specific class should initiate conversation with the instructor of the class and, if the concern is not addressed, contact the appropriate Division Chair followed by the Vice President for Academic Affairs. If the student is uncomfortable going directly to these persons or if the concern is broader than classroom interactions, the student may contact the Alternative Dispute Resolution Committee or the Vice President for Student Affairs.

Rights and Grade Appeal Process

Any student who feels that his or her rights have been violated should schedule a conference with the instructor involved to discuss the situation. If satisfactory results cannot be obtained from such a conference, the student may file a written appeal by completing a Student Petition Form and submitting it to the Division Chair, who will review the appeal, consult the instructor on the matter, and forward the petition to the Vice President for Academic Affairs for a final decision. (If the Division Chair is the instructor, the Petition Form may be submitted directly to the Vice President for Academic Affairs.) Student Petition Forms are available in the Division offices. If the
instructor will be unavailable for an extended period (for example, during summer or winter break), assuming reasonable attempts have been made to contact that instructor, then the Division Chair will forward the petition to the Vice President for Academic Affairs with a copy of the petition to the instructor. A written copy of the decision will be made available in the office of the Vice President for Academic Affairs not later than 30 days after the filing of the appeal. All grade appeals must be initiated within one semester of the posting of the grade, except in extenuating cases of personal hardship that prevent the student from initiating the appeal within the one semester period. An appeal requesting a grade of “W” can only be initiated in relation to a grade of “WF.”

At the discretion of the Vice President for Academic Affairs, the petitioning student may, in addition to following the procedure outlined above, be granted a formal hearing before the Academic Judicial Committee.

**Academic Dishonesty Policy**

Any act of academic dishonesty by a student may result in a grade of $F$ or zero for the relevant assignment. An act of academic dishonesty may also result in one or more of the following consequences:

1. a failing grade for the course;
2. charges filed against a student for violation of the Student Code of Conduct as described in this catalog; and/or
3. other measures as deemed appropriate by the instructor.
ACADEMIC STANDARDS

Dean’s List

A student in good standing with a semester grade point average of 3.50 (or higher) for 12 or more semester hours of course work will be placed on the Dean’s List for that semester. Students enrolled for credit in courses numbered below 1000 are not eligible for the Dean’s List.

Dean’s Merit List

A student in good standing with a semester grade point average of 3.50 (or higher) for 10 or 11 semester hours of course work will be placed on the Dean’s Merit List for that semester. Students enrolled for credit in courses numbered below 1000 are not eligible for the Dean’s Merit List.

Graduation With Honors

To graduate with honors, students must meet all of the following requirements:

1. earn a minimum cumulative grade point average of 3.50 on all course work attempted at Gordon;

2. earn a minimum cumulative grade point average of 3.50 when all course work attempted at previous colleges attended and at Gordon is considered; and

3. earn a minimum of 18 semester hours of degree credit at Gordon.

If eligible for graduation with honors, a student’s particular honors category will be based on a grade point average calculated using credit hours earned at Gordon only. The honors categories are summarized as follows:

<table>
<thead>
<tr>
<th>Honors Category</th>
<th>Required Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cum Laude</td>
<td>3.50 - 3.79</td>

</tr>
<tr>
<td>Summa Cum Laude</td>
<td>3.90 - 4.00</td>
</tr>
</tbody>
</table>
Academic Standards of Progress

To remain in good academic standing, all students are required to maintain an acceptable cumulative grade point average. The minimum acceptable cumulative grade point average (GPA) is based on the number of college level semester hours attempted. Hours taken at Gordon College in courses numbered below 1000 (Institutional credits earned in Learning Support courses) are not included in the Total GPA Hours Attempted column of the table below, nor are grades in these courses included in the Minimum Cumulative GPA column. The table below summarizes the relevant information.

<table>
<thead>
<tr>
<th>Total GPA Hours Attempted</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 – 15</td>
<td>1.40</td>
</tr>
<tr>
<td>16 – 30</td>
<td>1.60</td>

</tr>
<tr>
<td>46 – 59</td>
<td>1.90</td>
</tr>
<tr>

</tr>
</tbody>
</table>

All students who do not earn an acceptable GPA will be placed on Academic Probation at the end of the first semester an unacceptable GPA is earned and on Academic Suspension at the end of the subsequent semester if an unacceptable GPA is earned. A student placed on Academic Probation who does not meet the minimum cumulative GPA requirement at the end of the subsequent term may continue on Academic Probation if his semester GPA for the subsequent term is 2.00 or higher.

However, a full-time student making all F’s or WF’s in any given semester will automatically be placed on Academic Suspension. All students, including students classified as Learning Support, who transfer to Gordon College will be governed by these same standards. For transfer students, the Total GPA Hours Attempted column of the table refers only to the sum of hours taken at Gordon College.

The Vice President for Academic Affairs and Dean of the Faculty has the discretionary power to suspend any student who is not making satisfactory progress toward graduation, regardless of the categories aforementioned.
The duration of an academic suspension is as follows:

First suspension ............One semester
Second suspension.........Two semesters
Third suspension..........Three semesters
Fourth suspension.........Permanent exclusion from the College

Students who wish to return to Gordon College after being placed on academic suspension must apply for readmission to the College. If granted, readmission will be on a probationary basis.

Students may appeal an academic suspension by completing a Student Petition and submitting it to the Registrar’s Office.

Learning Support Standards of Progress

In addition to the Academic Standards of Progress and in accordance with policies of the University System of Georgia, students enrolled in one or more Learning Support courses (see Learning Support Program in this catalog for more information) must comply with progression requirements of the Learning Support program.

- Learning Support attempts are cumulative within the University System of Georgia.
- Students who fail to exit the first level of the two-level Learning Support English, Reading or Math sequence after two attempts will be placed on Learning Support suspension for a period of three years without the right of appeal.
- Students who pass the first level of the two-level Learning Support English, Reading, or Math sequence but who fail to exit Learning Support English, Reading, or Math after three cumulative attempts may, if they are eligible, appeal for one additional attempt before being suspended.
- To be eligible to appeal, a student must have reached the limit of three attempts in only one Learning Support area. This appeal must be initiated by the end of the current semester by filing a Learning Support petition. If the petition is approved, the student will be given one additional semester.
- Failure to exit the Learning Support program after the fourth attempt will result in the student being placed on Learning Support suspension for a period of three years, and the student will not be allowed to take classes in any college or university in the University System of Georgia.
- Students who have accumulated 20 semester hours or more of college level credit will be allowed to take only the required Learning Support classes. No other classes may be taken.
Students who have been suspended from the University System and who wish to re-enter Learning Support programs to complete requirements may be retested with the COMPASS (in any unsatisfied area) after a period of three years, if they have not taken any college courses in the University System during that time. The student will be bound by the most current set of COMPASS scores.

Students readmitted under this provision will not be allowed any more than three additional attempts in any Learning Support area before they are initially suspended.

Students who have not been suspended and who wish to re-enter the Learning Support program to complete requirements may be retested with the COMPASS (in any unsatisfied area) if they have not taken any college courses in the University System for a period of three years. The student will be bound by the most current set of COMPASS scores. Students readmitted under this provision will not be allowed any more than three additional attempts in any Learning Support area before they are initially suspended.

Students who elect to retake COMPASS, will be bound by the most current set of COMPASS scores. Students readmitted under this provision will not be allowed more than three additional attempts in any Learning Support area before they are initially suspended.

**Changing Majors**

A student who wishes to change his or her program of study or major must notify the Registrar’s Office in writing. Students who make such changes may have to complete additional hours of course work beyond that required by their previous program of study. Failure to provide such notification may result in delayed graduation.

**Regents' Testing Program**

Gordon College requires that all students pass the Regents' Test before receiving a degree from the College. The test, which evaluates basic reading and writing skills, is administered each semester in a place and at a time announced in that semester's *Schedule of Classes* and on the college web site. Beginning fall term 2008, entering freshmen who do not have learning support requirements in Reading or English must take the Regents’ Test in their first semester of enrollment. Any student who
fails to take the Regents’ Test at the scheduled time may be administratively withdrawn from the College.

A student with an SAT-I Verbal score of at least 510 or ACT Reading score of at least 23 is considered to have passed the reading section when he/she enrolls to take the Regents’ Test; scores must be from a national (not institutional) administration from the SAT or ACT. The student will then take only the essay section. See the Chair of the Division of Humanities for more information.

Students with College Board Advanced Placement (AP) English scores of at least 3, SAT II English Writing scores of at least 650, or International Baccalaureate (IB) higher-level English scores of at least 4 are considered as having fulfilled the essay requirement of the Regents’ Test and do not need to take the essay portion of the Regents’ Test. These students will then take only the reading section. See the Chair of the Division of Humanities for more information.

Any student who has completed 45 credit hours or more and who has not taken and passed the Regents’ Test must enroll in RGTR 0198 and RGTE 0199 each semester until passing the test. Students who fail the Regents’ Test twice are required to complete the necessary Regents’ Test Skills class/es before retaking the test. Any student who fails the essay section may file an appeal with the Chair of Humanities if the essay received one passing score.

A student whose native language is not English should register for the section(s) of the Regents’ Test designated “for Non-Native Speakers of English” when registering for classes.

Any student requiring ADA accommodations for the Regents’ Test must bring a copy of the accommodations memo (see ADA Coordinator) to the Office of the Division of Humanities at least two weeks prior to the test. The memo must be submitted each semester that a student takes the test.

A student holding a baccalaureate degree (or a more advanced degree) from a regionally accredited institution of higher education will not be required to complete the Regents' Test in order to receive a degree from a University System institution.

The Regents' Test is a requirement for an Associate of Applied Science degree (AAS) and an Associate of Science degree (AS) in an allied health area.
Application for Graduation

Any student who plans to graduate from Gordon College is required to complete an application for graduation. Graduation applications are available in the Registrar’s Office and are reviewed by the Registrar to insure that all requirements for graduation are or will be satisfied at the anticipated date of graduation.

**Students must file graduation applications no later than the official mid-term date of the semester prior to the anticipated semester of graduation.** A student who plans to graduate at the end of Spring Semester, for example, is required to complete an application for graduation no later than the mid-term date of the previous Fall Semester.

Although students may graduate at the end of any semester in which all degree requirements are fulfilled, formal commencement exercises are held only at the end of Spring Semester. In the event that a student does not complete degree requirements by the end of the anticipated semester of graduation and therefore does not graduate, a new application for graduation must be completed.

To graduate a student must satisfy the requirements for a degree by meeting all of the requirements listed in any one of the catalogs in effect during the period of enrollment in the College.
FEES AND EXPENSES

The financial and physical functions of the College are administered by the office of the Vice President for Business Affairs. Delinquent student accounts may be forwarded to a collection agency in compliance with Board of Regents policies and procedures. Students whose accounts are forwarded to a collection agency will be responsible for paying any collection fees incurred.

A student who officially withdraws from the College after registration is entitled to a refund of matriculation and tuition fees as follows:

1. **Tuition and Mandatory Fees**

   **FORMAL WITHDRAWAL**

   The refund amount for students withdrawing from the institution shall be based on a pro rata percentage determined by dividing the number of calendar days in the semester that the student completed by the total calendar days in the semester.

   The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that a student was on an approved leave of absence. The unearned portion shall be refunded up to the point in time that the amount earned equals 60%.

   Students that withdraw from the institution when the calculated percentage of completion is greater than 60%, are not entitled to a refund of any portion of institutional charges.
A refund of all semester non-resident fees, matriculation fees, and other mandatory fees shall be made in the event of the death of a student at any time during the academic semester (BOR Minutes, 1979-80, p. 61; 1986-87, pp. 24-25).

Refunds for reduction of hours will be granted only for courses dropped during the drop-add period.

2. Elective Fees

Students that move out of the residence halls before the end of their contracted terms are not eligible for room refunds. However, meal plan refunds will be prorated from the date of check out.

Meal plan changes to a lower rate must be requested prior to the start of each semester to be eligible for a partial refund.

3. Financial Aid Refunds

Financial Aid recipients who withdraw are subject to federal and state refund policies. See the Financial Aid area of this catalog for policies and an example.

Financial Obligations Owed to the College

Payment of tuition, fees, room, and board may not be deferred. All fees are due and payable upon registration.

Students who are delinquent in payment because of a non-sufficient funds check to Gordon College must bring cash, credit card, or a cashier’s check to the Business Office immediately to satisfy their outstanding financial obligation. Failure to do so may result in removal from school, holds on grades or transcripts, denial of permission to register for future semesters, collection agency involvement and possibly further disciplinary actions. In addition, personal checks will no longer be acceptable forms of payment for students who have presented a non-sufficient funds check to Gordon College. Students whose accounts are forwarded to a collection agency will be responsible for paying any collection fees incurred.

Gordon Dollars may also be redeemed in the Café for extra meals. Only Gordon Commons residents are eligible for the 8 Meal Plan. Students must be properly dressed at all times when in the cafeteria. Shoes and shirts are required by law.

Students are required to carry their own tray, utensils, and all left-over food to the appropriate kitchen window at the conclusion of each meal. This courteous action, other common courtesies, and a moderate noise level are required at all times and will make the dining hall an enjoyable and relaxing place for all.

Each student who lives in campus residence halls is required to pay board for the campus dining hall. Students with special diets must ask a physician to provide complete dietary requirements to the College. Commuting and off-campus students may eat in the dining hall by paying prevailing rates. Identification cards are checked at every meal, and each student must have the appropriate Gordon College identification card available when entering the dining hall. Suggestions for improving the dining hall are encouraged. Please direct all suggestions to the appropriate Food Service Committee or to the Dining General Manager.

  Due to frequent changes to the HOPE Scholarship program, students are encouraged to visit the following website to obtain the most current information on HOPE policies and procedures:

  www.gacollege411.org

**Satisfactory Academic Progress**

A student must maintain satisfactory academic progress in a course of study in accordance with the standards and practices used for federal Title IV programs by the postsecondary institution at which the student is enrolled. To determine student eligibility, the institution must apply the same satisfactory progress policy as used for federal Title IV programs.

**Selective Service Registration**

A student must meet federal Selective Service registration requirements prior to the application deadline.
Default and Refund

A student must not be in default on a federal Title IV or State of Georgia educational loan, nor owe a refund on a Title IV or State of Georgia student financial aid program, nor in any other way be in violation of the federal Title IV or State of Georgia Student Aid Regulations. If the student has repaid the defaulted loan or refund in full, he or she is eligible to receive HOPE assistance beginning with the term in which repayment was made in full, but not for previous terms.

Drug-Free Act

A student is ineligible if, in accordance with the Drug-Free Postsecondary Education Act of 1990, he or she has been convicted for committing certain felony offenses involving marijuana, controlled substances, or dangerous drugs. A student is ineligible to receive a HOPE Scholarship from the date of conviction to the completion of the next academic term. Institutions are not required to obtain criminal justice records of HOPE applicants.

• GED Voucher

Georgia residents who have received a GED after June 30, 1993, may receive a $500 one-time voucher through the HOPE program. This voucher can be used for educational expenses at Gordon College.

• Other Scholarships

Many companies, foundations, religious organizations, and clubs offer scholarships to qualified students. Information on these scholarships can be obtained from these organizations as well as the Internet and most large bookstores.

• Gordon College Foundation Scholarships

A limited number of scholarships are awarded yearly by the Gordon College Foundation. Applications are available in the Admissions Office and the Office of the Vice President for Advancement.

• Federal Pell Grant

The Federal Pell Grant is available to undergraduate U.S. citizens (or eligible non-citizens) who demonstrate financial need as
determined by a Congressional formula. The total amount of the grant is determined by the cost of attendance, expected family contribution, and enrollment status.

- **Federal Supplemental Educational Opportunity Grant**

  The Federal Supplemental Opportunity Grant (FSEOG) is available to undergraduate students who show exceptional financial need. Federal funding for this grant is limited.

- **Federal Subsidized Stafford Loan**

  The Federal Subsidized Stafford Loan is a long-term, low interest loan that is available to undergraduate and graduate students. For new borrowers the loan is guaranteed at a fixed interest rate. The rates are fixed on July 1\(^{st}\) of each year and are valid for loans disbursed between July 1\(^{st}\) and June 30\(^{th}\) of that calendar year. Eligibility for this loan is based on financial need, academic level, and prior indebtedness as determined by a Gordon College Financial Aid Counselor. The federal government subsidizes the interest before the loan repayment period.

- **Federal Unsubsidized Stafford Loan**

  The Federal Unsubsidized Stafford Loan is not based on financial need. For new borrowers the loan is guaranteed at a fixed interest rate. The rates are fixed on July 1\(^{st}\) of each year and are valid for loans disbursed between July 1\(^{st}\) and June 30\(^{th}\) of that calendar year. The borrower is responsible for the interest for the life of the loan, as the federal government does not subsidize it.

- **Service Cancelable Loan**

  Nursing students may apply for a service cancelable loan. To apply, a student must (1) be a Georgia resident, (2) be enrolled in an applicable Nursing Program and (3) have an acceptable grade point average. A student who has received one (or more) of these loans may cancel the loan obligation by working as a full-time Registered Nurse for one year for each year funds were borrowed. Employment must be with a qualifying agency in the state of Georgia. Funding for this loan is limited.
• Federal Parent Loans for Undergraduate Students

The federal government sponsors Federal Parent Loans for Undergraduate Students (FPLUS) for families needing additional loan assistance. FPLUS funding is limited to the parents of dependent students. Financial need is not required.

• Federal Work Study

The Federal Work Study program is designed to provide employment opportunities for students with financial need. Employment opportunities are available both on-campus and off-campus with the pay not less than the federal minimum hourly wage. Students’ work schedules are coordinated by the student and supervisor to accommodate the student’s class schedule. The total amount of Federal Work Study awarded is based on the federal funding for the program, the student’s financial need, and the amount of aid the student receives from other programs.

*Please Note* - for information on other types of financial aid, please visit the financial aid web page on the Gordon College website.

Financial Aid Application Procedure

To apply for grants, loans, or part-time employment opportunities, students must complete the appropriate Free Application for Federal Student Aid (FAFSA). Students wishing to receive only a HOPE scholarship may apply for this by completing the GSFAPPS application. Both the FAFSA and GSFAPPS application may be completed online at www.fafsa.ed.gov (FAFSA) or www.gacollege411.org (GSFAPPS). If you fill out the FAFSA, you are not required to complete a separate HOPE application, as the FAFSA will fulfill this requirement. Students must also complete other forms or applications as required by the Gordon College Financial Aid Office.

Financial Aid Application Deadlines

You may apply for financial aid for the following fall semester beginning in January of each year. It is extremely important that you begin the application process as early as possible to ensure that you meet applicable deadlines as established by the Financial Aid Office. In order to be guaranteed that a student’s financial aid is in place at the beginning of the appropriate semester, the Financial Aid Office must have a complete and accurate file on record by the following deadlines:
Fall Semester – May 1
Spring Semester – October 1
Summer Semester – April 1

Nursing and Teacher Education students will be notified of applicable deadlines concerning the service-cancelable loan program.

Financial Aid Policy

- For financial aid purposes, students enrolled in 12 or more semester hours are classified as enrolled *full-time*; students enrolled in 9-11 semester hours are classified as enrolled *three-quarter time*; students enrolled in 6-8 semester hours are classified as enrolled *half-time*; students enrolled in 1-5 semester hours are classified as enrolled *less than half time*. Some grant programs and all loans require a minimum of half-time enrollment.

- Financial aid is limited to course work required for the declared major as stated in this catalog. Financial aid is not available for audit courses.

- Only the first 30 semester hours of Learning Support course work attempted will be considered in determining aid eligibility.

- Students cannot use one-credit applied music courses to meet full-time (12-hour) status to receive full financial aid.

- Provisionally admitted students are not eligible for financial assistance. Transient students should contact their home institution to coordinate their financial aid with Gordon College. A student cannot receive federal financial aid at more than one school during the same enrollment period. Gordon College does not accept or issue consortium agreements for federal financial aid.

- Any financial assistance a student expects to receive from any outside source must be reported to the Financial Aid Office. This includes scholarships, grants, loans, and veteran’s benefits. The receipt of additional aid may result in the reduction or cancellation of existing financial aid awards.
- The Financial Aid Office uses the student’s permanent home address that is on record with the Registrar’s Office for all correspondence.

- Students who pre-register for classes should note the payment deadline provided with their registration materials.

- To receive financial aid, a student must: (1) be enrolled at the College, (2) maintain satisfactory academic progress according to the standards of the College; (3) not owe a refund on any grant or be in default on any educational loan; (4) not have borrowed in excess of the loan limits under the Title IV programs at any institution.

- Students receiving financial aid who find it necessary to withdraw from the College or drop below 6 hours must notify the Financial Aid Office of this action. Refund and repayment policies for financial aid recipients established by the U.S. Department of Education, Georgia Student Finance Commission and Gordon College will apply.

Satisfactory Academic Progress

The Gordon College Satisfactory Academic Progress Policy is available on the Financial Aid web page at the following link: http://www.gdn.edu/FinancialAid/policies.asp.

Policy For Reestablishing Financial Aid Eligibility

In order to regain eligibility for financial aid, a student must meet one of the following criteria:

1. A student may regain eligibility by attending school at his or her own expense until he or she meets the criteria as outlined in the Standards of Satisfactory Academic Progress for students receiving financial aid. The standards are reviewed at the end of each summer semester. A student cannot reestablish eligibility simply by being out of school for a set amount of time or by paying for a set number of classes out-of-pocket, as outlined in the Federal Student Aid Handbook. This also applies to students who have been suspended from Gordon College, and are applying for readmission to the college.

2. A student may appeal his or her SAP status by completing the appropriate financial aid appeal form, and submitting the
completed form along with the appropriate documentation to the Gordon College Financial Aid Office. In order to submit an appeal, a student must have circumstances that fall into the following categories:

a. Death in the family
b. Family or personal illness that resulted in the student having to withdraw from school.
c. Loss of employment that resulted in the student having to withdraw from school.
d. Loss of transportation that resulted in student having to withdraw from school.
e. Other extenuating circumstances that can be documented. These appeals will be accepted at the discretion of the Financial Aid Appeals Committee.

Appeals submitted without documentation will not be reviewed by the Financial Aid Appeals Committee. Such appeals will be returned to the student.

Federal Refund Policy

*Please Note: This information is subject to change due to pending federal regulations.

All students receiving financial assistance who formally withdraw or who stop attending classes and receive grades of W and/or WF are subject to regulations regarding the return of funds to the aid program.

The refund date is determined by the withdrawal date.

Federal refunds are made in the following order:

1. Unsubsidized Stafford Loan
2. Subsidized Stafford Loan
3. Parent Plus Loan
4. Pell Grant
5. Academic Competitiveness Grant
6. Supplemental Educational Opportunity Grant (SEOG)
7. Other Title IV Programs

Note: Refunds for students receiving the HOPE scholarship with no federal aid are distributed to the HOPE scholarship program. Students receiving both the HOPE scholarship and federal aid may owe a refund of federal funds and HOPE scholarship funds.
The student must return unearned aid for which he/she is responsible by repaying funds to the applicable aid program(s).

The federal Return of Funds policy uses the following steps:
Step 1 – Determine the Student’s Title IV Aid for the term.
Step 2 – Determine the Percentage of the Title IV Aid earned.
Step 3 – Determine the Amount of Title IV Aid earned by the student.
Step 4 – Determine the Total Title IV Aid to be returned.
Step 5 – Determine the Amount of Unearned Title IV Aid Due from the School
Step 6 – Determine the Amount of Unearned Title IV Aid Due from the Student.

Refund Example: The following example of a refund calculation is based on a commuting student paying $756 in tuition and fees.

The student received $887 in a Pell Grant (Title IV) for the term. The student received no other aid. The student withdrew on the 8th day of a 111-day term.

**Step 1** - Amount of Student’s Title IV Aid for the term=$887.00

**Step 2** - Percentage of Title IV Aid Earned/Unearned:
8 Days Completed/111 Days in Term = 7.2% Earned.

**Step 3** - Amount of Title IV Aid Earned by the Student:
$887 X 7.2% = $63.86

**Step 4** - Title IV Aid to be returned:
$887.00 - $63.86 = $823.14

**Step 5** - Return of Funds by the School:
$756.00 Tuition and Fees X 92.8% Unearned Funds = $701.57
The school returns this to the Pell Grant Program.

**Step 6** - Return of Unearned Title IV Aid from the Student:
$823.14 Title IV Aid to be Returned - $701.57
Returned by the School = $121.57.

Amount to be returned to grants is reduced by 50%

$121.57 X 50% = $60.79 – Amount for Student to Return to the Pell Grant Program.
Other Financial Aid Information is available on the Gordon College website at www.gdn.edu.

**Veterans' Benefits**

The Registrar’s Office will assist veterans who are eligible for federal educational benefits by facilitating the process of applying for the federal educational benefits and by maintaining proper liaison with the Veterans Administration (VA).

Students who are eligible for Veteran Benefits are responsible for paying fees directly to the College and meeting payment deadlines applicable to all students. Payment of Veteran Benefits normally begins 30 to 45 days after the College certifies the student’s enrollment for the semester. Attendance is strictly enforced for students receiving Veterans Benefits. Upon being absent from a class three consecutive weeks in a fall or spring semester, two consecutive weeks in a full session summer semester, or one week in a half session summer semester, the College is responsible for reporting the student to the VA. Failure to attend classes on a regular basis will result in reduction or loss of benefits for the semester.

Students receiving Veteran Benefits who withdraw from the College or reduce academic course loads are required by the Veterans Administration to report such action promptly to the Certifying Official in the Registrar’s Office.

All questions and concerns involving Veteran Benefits should be directed to the VA Certifying Official in the Registrar’s Office.

The Gordon College Initiative for Academic Literacy in the First Year

In its general sense, “academic literacy” is defined as the necessary skills, practices, and attitudes for successfully engaging oneself within the academic community and ensuring continued academic progress within a college or university setting. At Gordon College, we identify the successful demonstration of academic skills, practices and attitudes as including:

- A working knowledge of the policies and procedures of the college
- An ability to locate and utilize Gordon College resources to their fullest extent
- An appreciation of the college’s history and continued mission
- A willingness to interact with a diverse faculty, staff, and student body
- An understanding of the interconnectedness of knowledge and learning
- A positive, engaged attitude towards active learning
- An awareness of the unique and specific expectations of college
- A mature and respectful classroom presence
- An overall sense of connectedness to the Gordon College community

The strengthening of academic literacy at Gordon College should enable students to better navigate their way through the complete college experience, providing them with knowledge of the culture of academia, an understanding of its behavioral and technical requirements, the skills for success within the academic environment, and a sense of belonging to a community of educated individuals capable of making the best decisions for themselves and the larger culture of our state and country.

As part of our commitment to strengthening the potential for students to succeed at this institution and beyond, Gordon College has developed a number of programs intended to enhance academic literacy skills. These include:

Learning Communities: This is a group of linked classes gathering a common group of students in order to facilitate cooperative learning and an appreciation of the interconnections among the assorted academic divisions comprising the core curriculum.
**A First-Year Experience Course:** This course is designed to acquaint first-year students with the Gordon College campus, its resources and procedures, and with the practices and expectations of the larger academic community in order to better prepare students for college success and passage into their professional lives.

**The Live and Learn Residential Community:** This is a Learning Community comprised of resident students living in close proximity to each other, designed to enhance the sharing of common experiences and fostering of lasting communal bonds.

Qualified students seeking a bachelor of engineering degree may begin their college studies at Gordon College through the Regents Engineering Transfer Program (RETP). Upon successful completion of the pre-engineering curriculum, students may transfer to the Georgia Institute of Technology to complete the degree requirements. It is expected that students in this program, like other Georgia Tech graduates, will normally require four to five and one-half years to complete the degree requirements, depending on their pre-college preparation, involvement in extracurricular activities, and engineering major.

There are three different methods for admission to the Regents Engineering Transfer Program at Gordon College.

1. Entering freshman students must have achieved at least:
   a. A combined SAT score of 1090;
   b. Minimum of 440 on the verbal portion of the SAT;
   c. Minimum of 560 on the math portion of the SAT; and
   d. 3.0 high school grade-point average in academic courses.

2. Entering freshman students who do not meet the requirements above may still be admitted to this program, if they have been accepted for admission to an Engineering Program at Georgia Tech (based on high school academic performance). Such students must provide proof of the acceptance to Georgia Tech.

3. Students who do not initially meet the requirements of either of the above methods may join the Regents Engineering Transfer Program at the end of their freshman year, if they meet the following requirements:
   a. Completion of Calculus I and Calculus II, with grades of at least “B”;
   b. Completion of Principles of Chemistry I and Calculus-Based Physics I, with grades of at least “B”; and
   c. A Gordon College grade-point average of at least 3.0.

Gordon College’s faculty members have worked closely with Georgia Tech’s faculty to assure a curriculum which is well-coordinated with
that of Georgia Tech. Specific times each year have been established for students to visit the Georgia Tech campus and meet with representatives of their anticipated major.

Regents Engineering Transfer Program students who satisfactorily complete the pre-engineering curriculum and apply for transfer will be accepted to Georgia Tech. However, admission to the most popular majors, as for the other Georgia Tech students, will be based upon overall grade-point average, performance in the required prerequisite courses, and availability of student spaces.

The student who completes the designated RETP program of study, as well as the core curriculum requirements of Gordon College, will have satisfied the requirements to graduate from Gordon College with an Associate of Science degree with an area of concentration in physics.

The programs of study for the Regents Engineering Transfer Program are listed on the following pages. Because these programs include a concentration of technical courses, as well as calculus and physics courses, the student may decide to devote one or two additional semesters to study at Gordon College before transferring to Georgia Tech.

Other Engineering Transfer Programs

Enrollment in the Regents Engineering Transfer Program is limited to those students who meet the qualifications listed above and desire to go to Georgia Institute of Technology. However, students who do not meet the specific qualifications for RETP may still enroll in the pre-engineering program and take the course that will prepare them to enter the junior year at Georgia Tech or any other university that offers baccalaureate programs in engineering. As with the RETP students, these students should complete the programs which are outlined below:

Engineering Technology Programs

Several institutions in the University System of Georgia offer strong majors in engineering technology. Completing the Gordon College Area F in pre-engineering will also prepare a student to transfer successfully to these programs.

Engineering Transfer Programs of Study

Students wishing to complete the RETP program (or generic pre-engineering) at Gordon College and graduate from Gordon College will
complete the following courses while completing the Gordon core curriculum.

The Honors Program of Gordon College is designed to provide opportunities for academically talented and intellectually curious students to obtain an enhanced collegiate educational experience. The program encourages a small group of highly engaged students from diverse academic disciplines to engage in an enriched learning environment. Students in the Honors Program take alternate versions of regular classes that not only fulfill core curriculum requirements, but also focus on critical thinking skills, discussion, and individual research. Honors courses are not necessarily “harder” classes, but they are classes that provide students the chance to explore topics in a way that standard courses do not allow. Honors courses allow students to work with the best faculty on campus and facilitate the development of a sense of community with other like-minded students. Outside of the classroom, the Honors Program also provides a broad array of cultural experiences, specialized academic advising and mentoring, and additional opportunities for service learning and self-discovery.

Students in the Honors Program enjoy a number of special privileges:
- Small class sizes in Honors sections and the chance to develop camaraderie with other prepared and motivated students.
- Priority registration with the first choice of classes each semester.
- Honors classes created to stimulate and challenge intellectual development.
- Honors housing opportunities for students who desire academically focused living arrangements on campus.
- Special event trips each year to museums, theatres, and festivals.
- Service learning opportunities on campus and in the surrounding community.
- Student conferences at colleges and universities in the region.
- Special recognition at graduation, with designation on diploma and regalia.

**Requirements for Admission into the Honors Program**

For entering Freshmen (full-time or part-time students):
- *Minimum 1100 SAT (verbal and math composite) or 24 ACT
- *Minimum 3.2 GPA in high school college preparatory curriculum, as calculated by the Georgia Student Finance
Commission. (Not required for home-schooled students, who will be admitted with a probationary period of one semester).

- Application with short essay (see application form for essay topic)

*Higher than the minimum is expected in at least one element: the SAT/ACT or the GPA. Home-schooled students must have an SAT/ACT score higher than the minimum to be considered.

For later admission of transfer, full-time, or part-time students:

- Minimum 3.5 GPA in 12 or more hours of college-level courses
- Letter of recommendation from a Gordon College full-time instructor (or other appropriate full-time instructor if a transfer student)
- Application with short essay (see application form for essay topic)

Gordon College offers Associate of Arts and Associate of Science degrees through the college transfer program. This program is designed to allow students to complete the first two years of course work leading to a baccalaureate degree. Following the completion of this course work at Gordon, students receive the Associate of Arts or Associate of Science degree. After graduation from Gordon, the program allows students to transfer their course work to another University System institution, continue their studies for an additional two years, and receive the baccalaureate degree.

Gordon transfer programs comply with the Core Curriculum of the University System of Georgia. Under the guidelines of the Core Curriculum, a student who completes the approved Core at Gordon College or any particular Area within the Core may transfer this course work to any other two-year college, senior college, or university within the University System without loss of credit.

Although transfer of credit within the University System is not problematic, students are advised to complete the Associate Degree before transferring. A grade of D in ENGL 1101 or ENGL 1102 may not be acceptable for transfer credit by all institutions.

The programs of study or majors available in the transfer program are listed in the section of this catalog entitled, Transfer Programs of Study, and the Core Curriculum requirements for these programs of study follow the Transfer Programs of Study section.

General Degree Requirements

For graduation with an Associate of Arts or Associate of Science degree, the requirements listed below must be completed in accordance with academic regulations stated in this catalog.

1. Satisfy the Core Curriculum course requirements specified in Areas A - G (below) with a minimum grade point average of 2.0 on these courses. These requirements consist of 60-64 semester hours of course work. A student who changes his or her major may have to complete additional hours of course work beyond 60-64 semester hours.
2. Complete a minimum of 18 hours of degree requirements at Gordon College.

3. Complete the Regents’ Testing Program.

4. Complete the Constitution and history requirements specified in Area E as required by the State of Georgia.

To determine specific degree requirements for any given major, refer to the course requirements specified in Areas A - G.

For the purpose of determining course requirements in Area D, the following transfer programs of study are considered science majors: Astronomy, Agricultural and Environmental Sciences, Biological Sciences and Biology, Chemistry, Computer Science, Forestry, Mathematics, Physical Science, Physics, Pre-Occupational Therapy, Pre-Pharmacy, Pre-Physical Therapy, and Pre-Respiratory Therapy. All other transfer programs of study are considered non-science majors.

**Courses may not be used to satisfy requirements in more than one Area.**

ASSOCIATE OF SCIENCE IN NURSING

Admission Requirements

Applicants must have graduated from high school or received a GED. All students must have a completed admissions file in the Gordon College Office of Admissions and have received a letter of final acceptance from Gordon College to be considered for admission to the nursing program. **Students must also submit a separate application for the nursing program.**

To be considered for acceptance into the nursing program, students must have:

1. a final acceptance to Gordon College;
2. an exemption from or completion of all Learning Support course work;
3. a completed Nursing Program application form;
4. a minimum grade of 2.00 (“C”) on each core course required for the nursing curriculum; and
5. a minimum overall grade point average of 2.00 on all course work attempted.
6. completed Test of Essential Academic Skills (TEAS).

It is strongly suggested that all core course requirements be completed prior to entering the nursing program. Generally the first year of study is spent on campus taking core course requirements for the nursing curriculum.

Self-managed nursing applications are available from the Division of Nursing and Health Sciences. Application deadline for the Generic Program is February 1, preceding the Fall term to which you are seeking admission and September 7, preceding the Spring term to which you are seeking admission.

Admission to the Nursing Program is selective and competitive. Applicants with the strongest credentials will be accepted first. Others will be accepted on a space available basis. A student must receive a letter of acceptance from the Nursing Program to be admitted for classes.
Applicants failing two (2) or more nursing courses in any nursing program will not be considered for the Generic Nursing Program or the LPN Accelerated Class.

A Gordon student may attempt the Gordon College Nursing Program no more than a total of two times if eligible. A generic student who fails a nursing course can return one time after completing the readmission process as described in the Nursing Student Handbook. Any student failing the last nursing course, NURS 2904, will be required to audit NURS 2903 and repeat NURS 2904. Any student who fails a nursing course and subsequently completes an LPN program is eligible to apply to the LPN accelerated program.

First time in the program nursing students who withdraw passing from nursing courses may apply to return to the Nursing Program one time.

**General Degree Requirements**

For graduation with an Associate of Science in Nursing (ASN) degree, these requirements must be completed in accordance with the academic regulations stated in this catalog and in the *Gordon College Nursing Student Handbook*:

1. Complete the prescribed curriculum with a minimum 2.0 grade point average. A minimum grade of “C” (2.0) is required for each core course and for each nursing course in the curriculum.

2. Complete all nursing courses at Gordon and be registered at the College during the semester that all graduation requirements are satisfied.

3. Complete the Constitution and history requirements described in Area E as required by the State of Georgia.

4. Complete the Regents’ Testing Program requirements described in this catalog. The Regents’ Testing requirements must be completed prior to entering the last semester of the nursing program.
Nursing Program Accreditation and Approval

The Gordon College Nursing Program has had full approval by the Georgia Board of Nursing since 1972. The program has had full, continuing accreditation by the National League of Nursing since 1976. Information about approval and/or accreditation may be obtained from the following:

Clinical Assignments

All clinical agencies will require criminal background checks and drug screens. Students must comply to be eligible to attend clinical.

If a student is denied a clinical experience at any clinical agencies because of findings in the student’s criminal background check or drug screen, the clinical requirements for that course cannot be met. The student would then not be able to successfully complete the course; therefore, withdrawal from the program would be required. Gordon College has no way of knowing or controlling who will be permitted to have clinical experiences in the agencies.

Licensing Examination

Admission to the nursing program and completion of course requirements do not guarantee students the right to take the licensing examination for registered nurses. In order to take the National Council Licensing Examination for Registered Nurses, graduation with an Associate of Science in Nursing degree is required. Students must submit an application for licensure to a state board of nursing.

An applicant who has been indicted or convicted of an offense other than a minor traffic violation, who is under investigation for possible violation of the Nurse Practice Act, or who has been issued a license which has been encumbered (denied, revoked, suspended, surrendered, restricted or placed on probation) by any state board may be permitted to take the licensing examination at the discretion of the Georgia Board of Nursing. The license may not be issued until the matter is resolved to the satisfaction of the Board. If charges are substantiated, the license may be denied or sanctioned despite the applicant’s meeting all other criteria for licensure.

Students are encouraged to join the Gordon College Association of Nursing Students (GCANS). Membership provides opportunities for interaction with peers, participation in community service activities, and transition to professional practice.

Student Representatives

Each nursing class will elect representatives who may attend the nursing faculty meetings, present the general concerns of their classmates, and
participate in discussion of non-confidential topics. Student representatives are not eligible to vote.

**LPN to RN Accelerated Class**

This is a fast paced class for LPN’s who wish to further their education to become an RN. The classes will begin in the spring semester (January) each year and continue for three consecutive semesters, completing at the end of fall semester (December).

To be eligible for admission to the LPN Accelerated Class, a student must meet the admission criteria for both Section A and Section B as listed below. Section B is required for final acceptance.

**Section A**
1. Final acceptance to Gordon College
2. Exemption from or completion of all Learning Support classes
3. Completion of Nursing Program application
4. Minimum grade of 2.0 (C) in each core course required in the nursing curriculum
5. Minimum overall GPA of 2.0 on all work attempted to be considered
6. Completion of all core curriculum required by the Nursing Program upon entry into nursing classes
7. Have a minimum of one year of practice as a Licensed Practical Nurse
8. Hold a current valid Georgia license as a Licensed Practical Nurse
9. Have completed Test of Essential Academic Skills (TEAS).

**Section B**
1. Successful completion of Admission Test
2. Successful completion of Dosage Calculation Test
3. Successful completion of Skills (lab) Test

Application deadline for the January class is September 7th. Conditional acceptance will be granted before the Admissions Tests, Dosage Calculation Test, and Skills Test will be scheduled. Final acceptance will occur after successful completion of all three tests.

Students who apply to both the Generic and LPN Accelerated Classes can only accept a seat in one of them. The other seat will be relinquished.
Any student who was previously in the Gordon College Nursing Program who was not successful in one nursing class after the first attempt but has subsequently become a LPN and meets the above criteria is eligible to apply for this class.

Students who successfully complete the Admissions Tests, Dosage Calculation Test, and Skills Test will have those scores leading to validation of Nursing 1901 and 1921 held in escrow until Nursing 1902 and 1922 have been successfully completed.

If the student withdraws passing from Nursing 1902 and 1922, the scores for the Admission Tests, Dosage Calculation Test and Skills Test are no longer valid.

No one is allowed to attempt the LPN Accelerated Class admission testing more than two times. Each take of the admission testing (dosage calculation, validation, and skills test) will count as one entry into the program. If the student withdraws from the program passing, that student may apply for re-entry one time. If a student has attempted the LPN Accelerated Program admission testing twice and has not been successful, that student is not eligible to apply to the regular program or reapply to the LPN Accelerated Class.

Any LPN who enters the program through Nursing 1901 and 1921 and is not successful in any nursing class will not be eligible to enter the LPN Accelerated Class.

Preparing the next generation of teachers is the mission of the new Division of Teacher Education. As the population in this region grows along with an increasing number of veteran teachers approaching retirement, there will be strong demand for qualified teacher candidates.

In 2006, Gordon College was approved by the Board of Regents of the University System of Georgia to expand its undergraduate Associate of Arts education major and offer a new Bachelor of Science in Early Childhood Education. This degree represents the first four-year degree offered under Gordon College's new status as a four-year state college. With the Fall 2007 semester, this first cohort of junior level students will begin their final two years of study, and will graduate with certification in early childhood and special education general curriculum (P-5).

Mentor teachers and administrators in neighboring school districts play important roles as partners in this preparation of the next generation of teachers. Through field experiences and teaching internships, Gordon teacher candidates in the Associate of Arts and Bachelor of Science programs develop confidence in their chosen career path. They also learn what it means to "touch the future" in the lives of these school children, and the satisfaction of making the kind of difference that could last a lifetime.

Gordon College’s BS in Early Childhood Education program meets all Developmental Approval Review Standards of the Georgia Professional Standards Commission and National Council for Accreditation of Teacher Education.

**GENERAL REQUIREMENTS AND PROCEDURES FOR ADMISSION TO THE BACHELOR OF SCIENCE IN EDUCATION PROGRAM**

Admission to the Bachelor of Science in Education Program is granted on a space available basis. Applications that meet all admission requirements will be ranked according to their qualifications and admitted in order of their rank, starting with the most qualified, until all available spaces are filled. As such, not all individuals who meet the admission requirements may be admitted. Since the program of studies involves working in elementary schools, prospective candidates must also consent to a criminal background check. Once admitted to the program, fingerprinting is required prior to field placement. Disciplinary
action at Gordon College and any other institution that the student has attended, including the military may prevent admission.

The B.S. in Education program includes upper division level courses in education, mathematics, science, and humanities. Gordon College students are required to complete 134 semester credit hours to earn a B.S. degree in education - 64 hours of freshman/sophomore-level core courses plus 70 hours of junior/senior-level courses. The upper division courses can be completed with full-time enrollment in two years with one required summer session. Students are required to complete general education core courses in Areas A through E plus the appropriate education program in Area F prior to admission to the B.S. in Education program. Students may take upper division level courses after being admitted to the baccalaureate program.

Applications to Gordon College and to the B.S. in Education program are available online. Applications to the B.S. in Education program must be submitted to the Teacher Education Division. Prospective students may contact the Division for an application packet. Applications must be submitted with qualifying GPA and PRAXIS I/GACE Basic Skills Assessment (or SAT/ACT/GRE exemption documentation) to be considered. Application materials must be complete for full acceptance.

**Admission Requirements**

Admission to the B.S. in Education program is competitive and granted on a space available basis. In order to be considered for admission, applicants must:

1. The applicant must be admitted to Gordon College and in “good” standing with the College.

2. Applicants are projected to complete all of the lower level courses in an Associate of Arts program for Early Childhood Education, by the end of the spring semester prior to beginning fall semester, to include an overall last attempt GPA of 2.75 or better.

3. Applicants should have already successfully completed the Regents’ Test.

4. Applicants must have a grade of “C” or higher in all Area A and Area F courses aligned with or specified by University System of Georgia institutions. Non-Gordon Students must provide an official transcript. (Transfer students from non University System of Georgia schools will have one semester to provide proof of passing the Regents’ Test).
5. Applicants must provide proof of a “passing” score on PRAXIS I or GACE (Basic Skills Assessment) OR provide proof of exemption. This requirement may be met by one of the following:

- Pass Praxis I with a minimum composite score of 526.
- Pass GACE (Basic Skills Assessment).
- Exempt because SAT scores meet the minimum composite requirement of 1000 (Math and Verbal sections combined).
- Exempt because ACT scores meet the minimum composite requirement of 43 (English and Mathematics combined).
- Exempt because GRE scores meet the minimum composite requirement of 1030 (Verbal and Quantitative combined)

6. Applicants must complete the “Application for Admission to the Bachelor of Science in Education Program.”

7. Applicants must attach a signed and notarized consent form authorizing a criminal background check. Attach to this application a signed and notarized consent form authorizing a criminal background check and agree to fingerprinting. (Once admitted to the program, fingerprinting is required prior to field placement.)

8. Applicants must submit three (3) professional recommendations using provided forms. Applicants should complete their portion of the professional recommendation form and give to an employer, someone familiar with their academic ability, or someone familiar with their ability to work with children. Professional recommendations may not come from personal friends, relatives, or social acquaintances.

9. Qualified applicants may be asked to schedule an interview. Students transferring to Gordon College from other schools must meet all criteria for admission to the B.S. in Education program as outlined. Transfer students not meeting the criteria for admission may be advised to take additional courses to complete the core curriculum in education in order to qualify for admission. Since the curriculum in education is linked to state and national accreditation requirements and mandates, the curriculum is subject to change.
Acceptance
Applicants who meet all admission requirements will be reviewed and ranked according to their qualifications by the Teacher Education Division faculty. Applicants who meet all admission requirements will be ranked according to their qualifications and admitted in order of their rank, starting with the most qualified, until all available spaces are filled. Review of completed applications will begin on March 1. The Division reserves the right to ask for an interview with prospective candidates. The applicant must appear for the interview if requested.

Applicants selected for the B.S. in Education program will be notified in writing by the Teacher Education Division. Due to the number of applicants and the limited number of spaces, applicants must submit the "Intent to Enroll" in the B.S. in Education program form by the designated date to secure their placement.

Students accepted for admission will be part of a cohort of students enrolled in the program of study throughout the early childhood education courses, field experiences, and internship. Upon acceptance, students are referred to as "teacher candidates" and are required to submit proof of professional liability insurance coverage.

Admitted Candidates
Currently candidates are admitted only for full-time study. Teacher candidates are required to complete a minimum of 900 hours of field experience in a variety of school settings/placements in order to meet program requirements for graduation set forth by the USG Board of Regents' Teacher Preparation Principles. All candidates must participate in clinical experiences to meet specific course requirements, and all candidates must complete the internship of student teaching, which is available only on a full-time basis. Therefore, candidates will be required to verify that they are available for clinical experiences during the regular public school day.

Academic Progress and Policies
Teacher candidates must meet the following requirements to progress in the Education Program:

- maintain an overall GPA of 2.50 or higher,
- complete all professional education courses with at least a grade of "C" in each course, and proficiency on related assessments,
- students who have failed two education courses will not be admitted to or allowed to continue in the Education Program,
- have professional liability insurance throughout the duration of the program,
• provide evidence of having taken the appropriate GACE Content Assessment for Early Childhood Education prior to student teaching. A passing score is required to pass student teaching.
• adhere to all policies of Gordon College, the Teacher Education Division, and associated Local Boards of Education,
• adhere to Georgia Professional Standards Commission Policies on Ethics for Educators.

Re-entry
A teacher candidate who voluntarily withdraws from the B.S. in Education program must submit a request in writing for readmission to the education program along with a completed education application form at least one semester prior to the semester in which the teacher candidate wishes to attend. A candidate must meet all of the admission/acceptance requirements, including an overall GPA of 2.75 or higher in order to be considered. Re-entry occurs on a space available basis.

Note: Teacher Preparation programs must meet current federal and state accreditation requirements and the Georgia Professional Standards Commission licensure requirements. Teacher candidates who re-enter the program may be subject to curriculum changes.

Dismissal
Failure to meet progression requirement(s) will result in dismissal from Teacher Education. Unprofessional conduct, unsafe educational practices, or unethical professional practices will result in dismissal from Teacher Education. The Gordon College teacher candidate is responsible for fulfilling academic responsibilities in an honest and forthright manner. The Gordon College Student Handbook contains a full description of these rights and responsibilities and the disciplinary procedures that will guide the action of faculty and administration should a candidate commit prohibited behaviors. In addition, academic dishonesty or misconduct may result in dismissal from the education program.

### Portfolio

Each teacher candidate shall develop an electronic portfolio of documents, artifacts, resources, evaluations, and instructional plans that will count as evidence for successfully meeting the ten conceptual framework standards. These standards shall be aligned with the Georgia Professional Standards Commission’s *Georgia 2000 Standards* and the National Council for the Accreditation of Teacher Education. Each course of study and field experience will include opportunities for candidates to demonstrate understanding of learners, mastery of content, pedagogical processes, and dispositions of professionals who are accountable for their growth and development. Directions and criteria
for developing the portfolio will be provided through orientation at the beginning of the program.

Field Experience and Internship
School districts in this region serve as collaborative partners in providing access to programs, students, and mentor teachers. Gordon College Teacher Candidates must comply with the same policies and procedures of local boards of education that apply to their own full-time teaching faculty. This will also include a current criminal background check and fingerprinting. Additionally, candidates shall comply with codes of dress, conduct, punctuality and professionalism when they are present on school campuses. Field experiences will be planned to enable candidates to participate in a wide variety of activities with all appropriate grade levels, educational settings, diversity of students and staff. Gordon College faculty and field experience supervisors will work with school faculty to plan and schedule these opportunities. Candidates will be responsible for arranging their own transportation for these in-school visits, which will usually be scheduled in the mornings during the semesters prior to the teaching internship. Specific information regarding these tasks will be found in the Field Experience Handbook. Evaluation of tasks assigned to teacher candidates will include those from collaborating school partners.

In the semester prior to graduation, candidates will complete full-time student teaching. Decisions regarding placement will be made so as to provide an opportunity for this internship with an age/grade level approximate to the candidate’s area of interest. However, no student teaching will be scheduled in a school that the candidates may have attended or where they have relatives.

Teacher Certification
Gordon College will recommend candidates for certification and final candidates must complete all application requirements for initial certification through the Georgia Professional Standards Commission. This includes passing scores on appropriate GACE content assessments.
COURSE DESCRIPTIONS

The unit of credit associated with all course work is the semester hour, representing the equivalent of 50 minutes of class time. Each credit course offered by Gordon College is designated in this catalog by a three digit code to indicate the number of semester hours associated with the course. For example, ENGL 1101 is designated with the code (3-0-3). The first digit (3-0-3) indicates the number of semester hours per week the course meets in a lecture; the second digit (3-0-3) indicates the number of semester hours per week the course meets in a laboratory or practicum setting; and the third digit (3-0-3) indicates the total number of semester hours the course receives.

Laboratory science courses are designated in this catalog with the letter K (e.g., Principles of Biology I is designated BIOL 1107K).

Each course description listed below includes a four letter course prefix, a four digit course number, the course title, course prerequisites, a credit hour designation, and a brief course description. The prerequisite listing is designed to make students aware of any restrictions that may prevent them from registering for that course.

SPECIAL PREREQUISITE REQUIREMENTS FOR LEARNING SUPPORT STUDENTS

The prerequisite listings given above apply only to students without Learning Support requirements. Students with Learning Support requirements have additional restrictions placed on them. For a complete listing of courses that may be taken concurrently with Learning Support courses, see pages 228-229 of this catalog.

Gordon College believes in a positive approach to student life on campus. Gordon’s emphasis is on the idea that college students have the same rights and privileges that are available to all other citizens, that no special rights exist on the campus nor in the name of the College, and that the rights which all citizens enjoy can continue only so long as they do not interfere with the rights of others. Assurance of the continuation of these freedoms is dependent upon all college constituents abiding by the rules and laws, and upon lawfully and peacefully seeking changes in the rules and laws with which they may disagree.
STUDENT CODE OF CONDUCT

Students are admitted to Gordon College with the expectation that they have developed acceptable personal standards of conduct and ethics. Students are expected to have a responsible attitude toward and respect for the regulations and standards of the College, the laws of the community, state, and nation, and the standards of fellow students.

College regulations go into effect at the time a student matriculates and continue until the time of graduation or withdrawal. By the act of registration, the student assumes an acceptance of the standards and regulations which are stated in this handbook and in other publications of the College. Students should realize that they may be held accountable through the College’s disciplinary system when an on-campus or off-campus offense is committed, which by its nature, would present a clear and present danger of serious physical or mental harm to the students or to another member of the College community or to College property. In such case, the Vice President for Student Affairs or official designee may impose the necessary temporary sanctions, pending a hearing.

A. Classroom Behavior

Discipline in the classroom is vested in the authority of the instructor. Instructors are expected to establish guidelines for their classes and the college will support their enforcement.

B. Academic Dishonesty

Gordon College recognizes honesty and integrity as being necessary to the academic function of Gordon College. The following regulations are promulgated in the interest of protecting the equity and validity of Gordon College’s grades and degrees and to assist students in developing standards and attitudes appropriate to intellectual life.

1. No student shall receive or attempt to receive assistance not authorized in the preparation of any laboratory reports, examinations, essays, themes, term papers, computer software, or similar requirements to be submitted for credit as part of a course or in fulfillment of a College requirement.
2. No student shall knowingly give, or attempt to give, unauthorized assistance to another in the preparation of any laboratory reports, examinations, essays, themes, term papers, computer software, or similar requirements to be submitted for credit as part of a course or in fulfillment of a College requirement.

3. Plagiarism is prohibited. It is assumed that the written work submitted for evaluation and credit is the student's own unless appropriately acknowledged. Such acknowledgment should occur whenever one directly quotes another person's actual words, appropriates another's ideas, opinions, or theories even when they are paraphrased, and whenever one borrows facts, statistics, or other illustrative materials unless the information is common knowledge.

4. No student shall sell, give, lend, or otherwise furnish to any unauthorized person any material which can be shown to contain the questions or answers to any examination scheduled to be given at some subsequent date or time in any course of study offered by the College, excluding questions and answers from tests previously administered.

5. No student shall take or attempt to take, steal, or otherwise procure in an unauthorized manner any material pertaining to the conduct of a class, including tests, examinations, grade change forms, grade rolls, roll books, laboratory equipment, library materials, etc.

6. No student shall falsify any fact presented in any laboratory reports, research, examinations, essays, themes, term papers, or similar requirements to be submitted for credit as part of a course or in fulfillment of a College requirement.

C. Administrative Summons

Students are expected to respond immediately to an administrative summons.

D. Alcohol and Drug Policy

Georgia law prohibits possession or consumption of alcoholic beverages by those under the legal drinking age and prohibits making alcoholic beverages available to persons under the legal drinking age. Federal, state, and local laws pertaining to possession and use of alcoholic beverages and other drugs are enforced on the College campus and in residence halls.
1. The manufacture, distribution, sale, possession, or use of marijuana, narcotics, controlled substances, intoxicating substances or dangerous drugs on campus, or while participating in a College function, or at College approved events off campus is strictly prohibited.

2. Student(s) on or returning to campus who are unable to control himself or herself because of alcohol or drug consumption are in violation of the **Student Code of Conduct**.

3. No student shall furnish or cause to be furnished any alcoholic beverage to any person under the legal drinking age.

4. Consumption or possession of alcoholic beverages and/or drugs is not allowed in residents’ rooms.

5. Alcohol containers are not allowed (full, empty, decorative). The possession or presence of alcohol containers (full, empty, decorative, etc.) is prohibited in residence hall rooms and on campus and will be viewed as evidence of possession or consumption of alcoholic beverages regardless of student’s age.

**This policy applies to all drugs and their abuse (including alcohol).**

Disciplinary sanctions for students convicted of a felony offense involving the manufacture, distribution, sale, possession or use of marijuana, controlled substances or other illegal or dangerous drugs, shall include the forfeiture of academic credit and the temporary or permanent suspension or expulsion from the institution. (BOR Policies; Section 406.04).

**Withdrawal of Recognition of Student Organizations**

The Board of Regents has determined that the use of marijuana, controlled substances, or other illegal or dangerous drugs constitutes a serious threat to the public health, welfare, and academic achievement of students enrolled in the University System of Georgia. Therefore, all student organizations, including but not limited to societies, fraternities, sororities, clubs, and similar groups of students which are affiliated with,
recognized by, or which use the facilities under the jurisdiction of institutions of the University System, are hereby charged with the responsibility of enforcing compliance with local, state, and federal laws by all persons attending or participating in their respective functions and affairs, social or otherwise. (Section 406.01)

As provided by the Student Organization Responsibility for Drug Abuse Act, any such student organization which through its officers, agents, or responsible members knowingly permits, authorizes or condones the manufacture, sale, distribution, possession, serving, consumption or use of marijuana, controlled substances or other illegal or dangerous drugs at any affair, function, or activity of such student organization, social or otherwise, is hereby declared to be in violation of the laws of this state and shall have its recognition as a student organization withdrawn and, after complying with the constitutional requirements of due process, shall be expelled from the campus for a minimum of one calendar year from the date of determination of guilt. Such organization shall also be prohibited from using any property or facilities of the institution for a period of at least one year. Any lease, rental agreement or other document between the Board of Regents or the institution and the student organization which relates to the use of the property leased, rented or occupied shall be terminated for knowingly having permitted or authorized the unlawful actions described above. All sanctions imposed by this policy shall be subject to review procedures authorized by the Board of Regents (Article VII of the Bylaws).

An appeal to the Board of Regents shall not defer the effective date of the adverse action against the student organization pending the Board's review unless the Board so directs.

Any such stay or suspension by the Board shall expire as of the date of the Board's final decision on the matter.

E. Animals

Animals, except for those needed to assist disabled persons or those required for research or class experiments, are prohibited (unless written permission is obtained from the Vice President for Student Affairs or official designee). No animals of any kind (except fish) may be kept in or about the residence halls.

This may include suspension pending the final disposition of the case if the student’s presence or conduct disrupts the academic atmosphere of the school, endangers fellow students, teacher or school officials, or damages property.
H. Disorderly Assembly

1. No student shall assemble on campus for the purpose of creating a riot, or destruction, or disorderly diversion which interferes with the normal operation of the College. REGENTS’ STATEMENT ON DISRUPTIVE BEHAVIOR

The following is the policy of the Board of Regents regarding disruptive behavior in any institution of the University System. The rights, responsibilities, and prohibitions contained in this Statement are incorporated as part of these regulations.

"The Board of Regents of the University System of Georgia reaffirms its policies to support fully freedom of expression by each member of the academic community and to preserve and protect the rights of freedom of its faculty members and students to engage in debate, discussion, peaceful and non-disruptive protest and dissent. The following statement relates specifically to the problem described below. It does not change or in any way infringe upon the Board's existing policies and practices in support of freedom of expression and action. Rather, it is considered necessary to combat the ultimate effect of irresponsible, disruptive and obstructive actions by students and faculty which tend to destroy academic freedom and the institutional structures through which it operates.

"In recent years a new serious problem has appeared on many college and university campuses in the nation. Some students, faculty members, and others have on occasion engaged in demonstrations, sit-ins, and other activities that have clearly and deliberately interfered with the regular and orderly operation of the institution concerned. Typically, these actions have been the physical occupation of a building or campus area for a protracted period of time or the use of display or verbal or written obscenities involving indecent or disorderly conduct.

"These actions have gone beyond all heretofore recognized bounds of meetings for discussion, persuasion, or even protest in that: (1) acquiescence to demands of the demonstrators is the condition for dispersal, and (2) the reasonable and written directions of institutional officials to disperse have been ignored. Such activities thus have become clearly recognizable as an action of force, operating outside all established channels on the campus, including that for intellectual debate and persuasion which are at the very heart of education.

"The Board of Regents is deeply concerned by this new problem. Under the Constitution of the State of Georgia, under all applicable court rulings, and in keeping with the tradition of higher education in the
United States, the Board is ultimately responsible for the orderly operation of the several institutions of the University System and the preservation of academic freedom in these institutions. The Board cannot and will not divest itself of this responsibility.

"Of equal or even greater importance, such action of force as has been described above destroys the very essence of higher education. The essence is found in the unhampered freedom to study, investigate, write, speak, and debate on any aspect or issue of life. This freedom, which reaches its full flowering on college and university campuses, is an essential part of American democracy, comparable to the jury system or electoral process.

"For these reasons and in order to respond directly and specifically to this new problem the Board of Regents stipulates that any student, faculty member, administrator, or employee, acting individually or in concert with others, who clearly obstructs or disrupts, or attempts to obstruct or disrupt any teaching, research, administrative, disciplinary or public service activity, or any other activity authorized to be discharged or help on any campus of the University System of Georgia is considered by the Board to have committed an act of gross irresponsibility and shall be subject to disciplinary procedures, possibly resulting in dismissal or termination of employment.

"The Board reaffirms its belief that all segments of the academic community are under a strong obligation and have a mutual responsibility to protect the campus community from disorderly, disruptive, or obstructive actions which interfere with academic pursuits of teaching, learning, and other campus activities.

"The Board of Regents understands that this policy is consistent with resolutions adopted by the American Association of American Colleges in January, 1968, and by the Executive Committees of the Association for Higher Education in March, 1968, condemning actions taken to disrupt the operations of institutions of higher education." (Minutes, 1968-69, pp. 166, 169).
DISCIPLINARY PROCEDURES

When a student is charged with violation of conduct regulations, the disposition of the student's case shall be conducted according to the College's due process requirements, in keeping with the procedures outlined below.

1. All complaints of alleged violation by students shall be made in writing to the Student Affairs Office. Each complaint shall contain a statement of facts outlining each alleged act of misconduct and the individual(s) known to be involved.

2. The student shall be notified by the Student Affairs Office of the accusation of a violation and will be asked to come to the Student Affairs Office for a conference to discuss the complaint.

3. At the above mentioned conference, the student shall be advised of the following options and asked to indicate a preference.

   a. The student may, in writing, admit or deny the alleged violation, waive all further hearings, and request that the College take appropriate action. In which case, the Vice President for Student Affairs or official designee will take appropriate action.

   b. A formal hearing before the Judicial Committee, in which case the Judicial Committee will make a recommendation to the Vice President for Student Affairs. The Vice President for Student Affairs will consider the Judicial Committee’s recommendation and take appropriate action. The Vice President for Student Affairs or official designee may, for good cause, refer any case to the Judicial Committee.

4. Students shall be notified in writing of final decision.

Residential Students

When an on-campus residential student is charged with a violation of the Student Conduct Code which involves breach of residence hall
regulations in or around the residence halls (refer to *The Guide to Residence Hall Living*), the case shall be referred to the Office of Residence Life for appropriate action. The case will be investigated, processed, and a final disposition given by the appropriate official within the Office of Residence Life. In cases where breach of residence hall rules and regulations are involved, the disposition of the student’s case shall be conducted according to the College’s due process requirements, in keeping with the procedures outlined below.

1. All complaints of alleged violation(s) by resident students shall be made to the Office of Residence Life. Each complaint shall contain a statement of facts outlining each alleged act of misconduct and the individual(s) known to be involved.

2. The resident student shall be notified by the Office of Residence Life of the accusation of a violation and will be asked to come to the Office of Residence Life for a conference to discuss the complaint.

3. At the above mentioned conference, the student shall be advised of the following options and asked to indicate a preference:
   a. An **Informal Hearing** before the Director of Residence Life or official designee in which case the Director of Residence Life or official designee will take the appropriate action. If the resident student chooses an Informal Hearing, they assume responsibility for the alleged violation(s) and waive their right to appeal. The Director of Residence Life or official designee may, for good cause, refer any case to the Vice President for Student Affairs for campus wide disciplinary procedures.
   b. A **Formal Hearing** before the Residence Hall Council, in which case the Residence Hall Council will take appropriate action. The purpose of the Residence Hall Council of Gordon College shall be to determine whether a student has violated Residence Hall policies, and to recommend appropriate sanctions to the Director of Residence Life or official designee.

4. Students shall be notified in writing of final decisions. Students have the right to appeal the decision of the Residence Hall Council. Appeals must be submitted within three (3) days of receiving the decision of the Residence Hall Council to the Vice President for Student Affairs or official designee. A student may appeal on grounds that evidence was not sufficient to find him/her guilty, new evidence, committee bias, or disproportionate sanctions for the offense. The Vice President for Student Affairs or official designee shall review the case, and all related documents, and shall render a decision to the student within three (3) working days.
The Vice President for Student Affairs or official designee’s decision in residence life disciplinary matters is final.

**Disciplinary Procedures**

Disciplinary Procedures at Gordon College are local administrative hearings and will not be bound by strict rules and legal evidence. It may receive any evidence deemed by the Chair of the Judicial Committee or the Vice President for Student Affairs or official designee to be of probative value in determining the issues involved. Every effort shall be made to obtain the most reliable evidence available. All questions as to the admissibility of evidence or other legal matters shall be decided by the Chair of the Judicial Committee or the Vice President for Student Affairs or official designee. This is a local administrative hearing and the College official(s) may exclude any person who may be reasonably expected to or actually does interfere materially with the hearing.

While firmly committed to the concept of due process, the College recognizes the fact that the student may be accused of on-campus or off-campus offenses which, by their nature, would present a clear and present danger of serious physical or mental harm to the students or to another member of the College community or to College property. In such cases, the Vice President for Student Affairs or official designee may impose the necessary temporary sanctions, pending a hearing if requested by the student.

Further, the Vice President for Student Affairs or official designee shall have power to impose such temporary sanctions, pending a hearing, when a student or student group engages in conduct which presents a clear and present danger to the freedoms and rights of other members of the College community in any manner whatsoever, or which may otherwise materially and substantially interfere with the requirements of appropriate discipline in the operation of the College.
Academic Judicial Committee: The purpose of the Academic Judicial Committee shall be to determine whether a student has violated academic College policies or regulations and to recommend appropriate discipline when deemed necessary.

1. The Academic Judicial Committee shall consist of four faculty members and three regularly enrolled students chosen from a pool of students selected by the Student Government Association to represent a cross section of the student body.

2. The members of the Academic Judicial Committee shall select one of the faculty members to act as Chair. The Office of the Vice President of Academic Affairs shall be responsible for providing to the Academic Judicial Committee a member of its staff to perform recording functions.

5. Decisions of the Academic Judicial Committee shall be by majority vote.

6. Any member of the Academic Judicial Committee shall disqualify himself/herself if his/her personal involvement in the case is of such a nature as to be detrimental to the interest of the accused or the institution. Any member of the Academic Judicial Committee may be removed for challenge by cause by a vote of the remaining members of the committee present. In the event of a challenge to the Chair, the Faculty Senate Chair shall rule on the challenge.
7. All hearings of the Academic Judicial Committee will be closed. Only committee members, representatives from the Academic Affairs Office, the accused student(s), and the advisor to the accused may attend. Attorneys are not allowed.

8. The Academic Judicial Committee shall make a tape recording and/or summary record of the proceedings.

9. The Academic Judicial Committee shall provide a brief written summary of each case to the Vice President of Academic Affairs and to the student involved.

Students have the right to appeal the decision of the Academic Judicial Committee. Appeals must be submitted within three (3) days of receiving the decision of the Committee to the Vice President for Academic Affairs or official designee. A student may appeal on grounds that evidence was not sufficient to find him/her guilty, new evidence, committee bias, or disproportionate sanctions for the offense. The Vice President for Academic Affairs or official designee shall review the case, and all related documents, and shall render a decision to the student within three (3) working days.

4. Preliminary investigations of charges against a student shall be made by the Vice President for Student Affairs or by the official designee. Cases are referred to the Student Judicial Committee through its chairperson. The chairperson shall set the time and place for a hearing and shall notify other members and from that point all summoning of defendant(s) and witnesses shall be done by the office of the Vice President for Student Affairs.

5. Decisions of the Student Judicial Committee shall be by majority vote.

6. Any member of the Student Judicial Committee shall disqualify himself/herself if his/her personal involvement in the case is of such a nature as to be detrimental to the interest of the accused or the institution. Any member of the Student Judicial Committee may be removed for challenge by cause by a vote of the remaining members of the committee present. If anyone is removed for cause, Student Government Association will select another member from the pool.

7. All hearings of the Student Judicial Committee will be closed. Only committee members, representatives from the Student Affairs Office, the accused student(s), and the advisor to the accused may attend. Attorneys are not allowed.

8. The Student Judicial Committee shall make a tape recording and/or summary record of the proceedings.

9. The Student Judicial Committee shall provide a brief written summary of each case to the Vice President for Student Affairs and to the student involved.

Within three (3) days of receiving the recommendation of the Committee, the Vice President for Student Affairs or official designee will notify the student of the final decision. The student can appeal in writing to the President within five (5) days of the notification of the decision of the Vice President for Student Affairs. The appeal must be based on substantial new evidence or sufficient grounds for good cause.

**Due Process**

Students have the right of due process when accused of any violation of College regulations or rules of conduct. This right includes the following:
1. The right to a hearing within a reasonable amount of time.

2. The right to adequate notification of the time and place scheduled for a hearing.

3. The right to adequate notification of the specific alleged violation(s).

4. The right to be present at the hearing without academic action resulting from class absence.

5. The right to have a currently enrolled student or a non-participating faculty advisor present. Attorneys are not allowed.

6. The right to produce evidence, call and cross-examine witnesses, raise questions as to the procedure, or to remain silent.

7. The right of access to a written summary or tape-recording of the Judicial Committee proceedings which will be made available at the student's request.

8. The right to attend classes and to have access to College facilities until the hearing process is completed. Exceptions are made when the student's presence or conduct disrupts the academic atmosphere of the school, endangers fellow students, teachers, or school officials, or damages property. In such cases, the Vice President for Student Affairs or official designee may impose protective measures including suspension pending a hearing at the earliest possible time.

**Disciplinary Measures**

The following are possible disciplinary measures which may be imposed upon a student for an infraction of the Student Code of Conduct. This list shall not be taken to be exhaustive and may be enlarged or modified to meet particular circumstances in any given case.

1. **Expulsion**-Permanent, forced withdrawal from the College constitutes the maximum disciplinary penalty. Although expulsion may be imposed on the first offense, it is usually administered after other methods of discipline have been exhausted. Expulsion from the College is indicated on the student's transcript, and he/she may not re-enter or visit the College.
2. **Disciplinary Suspension**-Forced withdrawal from the College for a specified time. Suspension is for a period of not less than one full semester. During any period of suspension or withdrawal associated with disciplinary reasons, a student may not visit the campus for reasons other than clarification of academic or behavior record. No transfer credit from another institution which is earned, while the student is under suspension from Gordon College, will be accepted for credit toward a degree at Gordon College.

3. **Disciplinary Probation**-Notice to the student that any further disciplinary violation may result in suspension or expulsion. Disciplinary probation might also include one or more of the following: the setting of restriction, the issuing of a reprimand, or restitution.

4. **Restrictions**-Exclusion from participating in:
   a. Social activities
   b. Identification card privileges (cafeteria, library, etc.)
   c. Parking areas

5. **Reprimand**
   a. **Oral Reprimand**-an oral disapproval issued to the student.
   b. **Letter Reprimand** - a written statement of disapproval to the student.

6. **Restitution**-Reimbursement for damages to or misappropriation of property, this may take the form of appropriate service or other compensation.

7. **Discretionary Sanctions**-Work assignments, service to the College, counseling, alcohol evaluation, or other related discretionary assignments.

8. **Forced Withdrawal**-From the academic course within which the offense occurred without credit for the course.

9. **Change in Grade**-Initiated by the instructor for the course in which an academic irregularity occurred.

10. **Housing Penalties**-(a) Expulsion from Gordon College housing; (b) Suspension from housing; (c) Housing relocation; (d) Residence Hall restrictions; (e) Other.
Interim Suspension

1. The Vice President for Student Affairs or official designee may suspend a student for an interim period pending a judicial hearing or psychiatric evaluation.

2. The interim suspension may become immediately effective without prior notice whenever there is evidence that the continued presence of the respondent student on the College campus poses a substantial threat to themselves or to others or to the stability and continuance of normal College functions.

3. A student suspended on an interim basis shall be given an opportunity to admit in writing and request Gordon College take action or request a formal hearing.

4. In cases where there is an appeal following a hearing concerning interim suspension, the respondent student's appeal shall be directed to the President.

5. A student suspended on an interim basis may not withdraw from the College before the conclusion of his/her judicial case without clearance from the Student Affairs Office.

Appeals

With such exceptions as outlined in “Residential Students” a student shall have the right to appeal to the President of the College.

1. The appeal must be based on substantial new evidence or sufficient grounds for good cause. Substantial new evidence constitutes that which was not available at the original hearing and which has a direct bearing on the verdict.

2. The person aggrieved must appeal in writing to the President of the College within five days after notification of the decision of the Vice President for Student Affairs. The President shall within five days appoint a committee composed of three members of the faculty of the College or shall utilize the services of an appropriate existing committee. The committee shall review all facts and make its findings and report thereon to the President.

3. The President shall also be given a record of the proceedings that occurred in the original hearing.
4. After consideration of the committee's report, the President shall within five days make a decision which shall be final so far as the institution is concerned.

5. When the President of the College has rendered a decision in writing on any appeal, the student will be considered to have exhausted remedies on the local level.

6. Should the aggrieved person be dissatisfied with the decision of the President, the student shall have the right to appeal to the Board of Regents except in cases regarding student residency, student grades, and traffic citations. An appeal shall be submitted in writing to the Board's Senior Vice Chancellor or designee within a period of twenty days following the decision of the President. It shall state the decision complained of and the redress desired. A hearing before the Board (or a Committee of or appointed by the Board) is not a matter of right but is within the sound discretion of the Board. The decision of the Board shall be final and binding for all purposes.
ALMA MATER

Remember him, our namesake strong
Who braved the fight at Gettysburg
Remember too the many sons
Who studied here our nation’s work
Our history runs deep and long
Three centuries we’ve served the young

Sing praise to Gordon College
Our gateway into knowledge
Our path from base uncertainty
To honor, courage, loyalty

Remember now our own desires
That brought us to these humble halls
Remember always we aspire
To answer truth and beauty’s calls
We’ve seen one hundred fifty years
Of triumph over ignorant fears

Sing praise to Gordon College
Our gateway into knowledge
Our path from base uncertainty
To honor, courage, loyalty
