**A Note About Email:
D2L vs Gordon Accounts**

The D2L email and the Gordon email are completely separate accounts. We ask that you consult your professors and syllabus to determine which is preferred. Do not try to intermix the two. You cannot access your Gordon email (Outlook) from anywhere within D2L. The email icons in D2L

text message by establishing the connection within their D2L account. [Click here for instructions.](#)

The Course Homepage

- After selecting the course, the course announcements will be listed first. The GALILEO Discover tool and calendar will be listed below.
- Choose the list icon in the upper left corner to see the course navigation bar.
- Choose the waffle icon in the upper right corner of the navigation bar to view your listing of courses.
- Choose the “content” link in the navigation bar to access the modules/files in the course.

- After entering the course, choose the list icon to open the navigation bar. Choose “Content” from the list to open the modules in the course.
- Select the module. The links/files within that module will appear. Select the links to open the files. Most files will open in a document viewer- making it easy to read online.
