

# Counseling and Accessibility Services

## Gordon State College

### *Georgia Vocational Rehabilitation Agency Vocational Rehabilitation Program*

Students with disabilities in Georgia are encouraged to contact the Georgia Vocational Rehabilitation Agency to see if they qualify for services. Applicants are assessed individually, so the resources available to students differs substantially based on the disability and the student's needs. Below is some information regarding the Vocational Rehabilitation Program in Georgia. A list of the units in the counties that most Gordon State Students come from is provided. If you are a student and do not see the county where your permanent home is located, it may be found on the website using the following link <https://gvra.georgia.gov/about-us>

### *The Basics*

*Who is eligible for Vocational Rehabilitation (VR) services?*

**Any citizen of Georgia who has a physical or mental disability that impacts his/her ability to go to work, and who can benefit from VR services to go to work.**

*How does the process work?*

**The individual meets with a VR Counselor to complete an application for services.**

**The counselor and the individual discuss how the disability affects his/her ability to work, and if he/she will benefit from VR services, and discuss the means to secure employment.**

**If the individual qualifies for VR services, choices will be discussed in order to reach the employment goal.**

**Assessments are used to determine the services necessary to reach the employment goal.**

**A Work Plan is created, outlining responsibilities and services needed to reach the work goal.**

**Financial eligibility requirements need to be met to receive some purchased services.**

*What services are available?*

**The services available are based on what is needed to go to work. They may include, but are not limited to:**

Vocational assessment	Rehabilitation technology
Vocational counseling and guidance	Supported employment
Physical and mental restoration services	Job search and job placement
Vocational training	Referral to other agencies for needed services
School-to-work transition
